

Chicago R. R. Men Defy Union Officers and Join in Strike-- Thousands Idle-Traffic Tied Up

DEFY OFFICERS, VOTE TO STRIKE

Chicago Firemen and Engi-
men to Join Unauthorized
Strike of Switchmen

Freight Traffic Already Re-
stricted Faces Complete
Tieup if Strike Spreads

CHICAGO, April 7.—Representatives of 500 members of the Brotherhood of Locomotive Firemen and Engi-
men employed in the Chicago switch-
ing district today had defied their union officials and voted to join the un-
authorized switchmen's strike called
nearly a week ago.

Freight traffic in the Chicago dis-
trict already was restricted seriously
and strike leaders and railroad offi-
cials were agreed that if the force of
strikers was augmented such traffic
would be brought virtually to a stand-
still.

The vote of the engineers and fire-
men came in the face of predictions
of grand officers of the Brotherhood
of Railway Trainmen and the Switch-
men's union of North America, with
which the striking switchmen are af-
filiated that by Saturday the strike
would be broken by loyal union men
brought here from other cities.

Engineers and firemen declared that
they would not work with "scabs" as
they term the loyal union men and
also demanded an increased wage. En-
gineers are paid \$5.76 a day and they
demand \$13.50 an hour; the firemen,
paid from \$4.16 to \$4.28 a day, de-
manded \$1 an hour.

Meanwhile it is reported supplies of
certain foods and fuel were beginning
to run low in Chicago and nearly 20,
000 employees had been thrown out of
work at the stockyards by the stop-
page of receipts of cattle. The pens at
the stockyards were virtually empty
yesterday.

DISCUSS CAUSE OF UNREST HERE

First National Immigration
Conference Ever Held in
America Opens

Naturalization, Immigration
Laws, Big Labor Shortage,
Etc., Discussed

NEW YORK, April 7.—The first na-
tional immigration conference ever
held in America began here today to
discuss naturalization and immigra-
tion laws, the shortage of labor, the
exodus of immigrants from America
and the cause of unrest among the
foreign born, with a view to formu-
lating recommendations to congress. The
meeting was under the auspices of
the Inter-racial council of New York
and delegates include representatives
of 20 racial groups and spokesmen for
industry, agriculture, capital and la-
bor.

William H. Barr, president of the
Inter-racial council and spokesman for
industry and General Coleman Du
Pont, chairman of the board of di-
rectors of the inter-racial council, opened
the meeting. A statement prepared
by E. T. Meredith, secretary of ag-
riculture, was read in which he ap-
proved of any "legitimate effort to ap-
point the way in which the immigrant
may be helped to become a thorough-
going American."

Shortage of 4,000,000 Men
"America is four million men short
as a result of the dwindling of im-
migration since the war," General Du
Pont said. "Thousands of immigrants
are going back; other thousands are
migrating to Canada, South America
and Australia and other countries are
making organized efforts to attract
immigration. The United States is
not."

"There are certain fundamental
changes in international conditions
that call for a careful consideration
of immigration policies and laws in
America."

"There are over 200 bills pending in
Washington which, if passed, will
shut out the future supply of im-
migrant workmen and will demoralize
industrial and credit conditions in
America. They will also have the ef-
fect of excluding immigrants who left
this country following the armistice
to attend to affairs in the home lands
and who may want to return to Amer-
ica."

NEW YORK CLEARINGS
NEW YORK, April 7.—Exchanges,

BRITAIN NOT TO JOIN IN ADVANCE

British Government Feels It-
self Placed in Awkward
Position

Report Great Britain and
Italy Opposed Move at
Conference

LONDON, April 7.—There is a little

cupation of German cities.

When such a move was discussed re-
cently at the meeting of the ambas-
sadors' council, it is said Great Britain
and Italy dissented, or at any rate
Continued to Page 6

BETTER TRAFFIC RULES

Conference Called to Con-
sider Making Prescott Street
One-Way Thoroughfare

The first steps toward a betterment
of traffic conditions in and about
Merrimack Square, particularly as re-
lated to the congestion in Prescott
street, have been taken by the Lowell
chamber of commerce, through its
president, W. N. Goodell, who has ar-
ranged a conference between Prescott
street shutters and the chamber com-
mittee on streets and highways for
Friday afternoon at 4 o'clock.

The special committee on streets
submitted a report to the board of di-
rectors late yesterday on the Prescott
street proposition, particularly on the
advantages to be gained by making it
a one-way thoroughfare and the di-
rectors, after accepting it, authorized
Pres. Goodell to take whatever steps
he deemed necessary.

As a result letters were mailed last
night to every known Prescott street
property owner and abutter, asking
their attendance at the conference on
Friday.

It is anticipated that extensive and
exhaustive arguments against the
proposition will be advanced at the
meeting, but the committee invites
those in an effort to obtain all possible
data and viewpoints. The chamber of
commerce is not attempting to force
the issue in any way, but seeks some
remedy for the traffic congestion
which have developed into a serious
menace during the past few years and
which, naturally, will continue and in-
crease this summer.

If Prescott street eventually be-
comes a one-way thoroughfare, it is
fair to presume that traffic will flow
in the same direction electric cars now
travel, from Merrimack square to
Central street.

DANCE TO MUSIC FROM THE AIR

Music for Dance in Associ-
ate Hall Furnished by
Wireless

History Making Event Under
Auspices of the Lowell
Radio Club

Lowell stands today preeminent
over every other municipality in the
United States, possibly in the world,
distinguished by the privilege of hav-
ing the first public demonstration of
the practicability of the wireless tele-
phone which was given last evening
as a novel and unique feature of the
dancing party under the auspices of

EVERETT R. TAYLOR, President

the Lowell Radio club in Associate
hall. During the evening selections
of music were reproduced by wireless
telephone and at 11:30 Mayor Thomp-
son delivered an impromptu speech in
the Dartmouth building which was re-
produced with such naturalness and
so clearly in the dance hall, that the
listeners were astounded.

"The people who attended throughout

WEDDING THIS EVENING

Miss Dorothy Hurd to Wed
Mr. Frederick Vanderbilt
Carmen of Boston

At 6:30 o'clock this evening, at the
family home at 19 Harrison street,
Miss Dorothy Pinkham Hurd, daugh-
ter of Mr. and Mrs. Frank W. Hurd,
will become the bride of Mr. Freder-
ick Vanderbilt Carmen of Boston, vice
president of the Eastern Paper com-
pany. The ceremony will be performed
in an alcove of the living room,
banked with palms and Easter lilies,
Rev. A. H. Hussey, pastor of All
Souls' church, officiating. Attending
the ceremony will be relatives and a
few close friends, but for the recep-
tion at 8 o'clock 150 invitations have
been issued. The floral decorations by
McManon are delightfully appropri-
ate and beautiful, not only in de-
sign but in the rarity of exotics used.

The bride will be attended by Miss
Mary Estelle Drury as maid of honor
and Miss Gladys Adele Jewett and
Miss Anne Tolan Lovell of Coast-
cooke, P. Q., as bridesmaids. Miss Bet-
ty Brown, a niece of the bride, will
be the flower girl. Mr. Carmen will
have Mr. Charles Campbell of Boston
as his best man. The ushers will be
Dr. Louis R. Brown of Danvers, Mr.
Paul Polner of Winchester and Mr.
Carl P. Hurd.

The wedding party will enter the
living room while Hibbard's orchestra
plays the Lohengrin music while for
the recessional the Mendelssohn
march will be played.

The bride's gown is of white Duch-
ess satin and charmingly lace. She will
wear a veil caught up with lilies of
the valley and will carry a shower
bouquet of lilies of the valley and
roses. Miss Drury will wear blue tulle
over silver cloth, with silver trim-
ming. She will carry pink roses. Miss
Jewett's dress is of orchid tulle with
silver trimmings and she will carry
pink sweet peas. Niece Gladys will
wear a gown of silver with white
trimmings of silver will be worn by
Miss Lovell, while little Miss Brown
will wear white organdy over pink
and carry a basket of Sweetheart
roses.

Mr. and Mrs. Carmen will go to At-
lantic City and Florida on their wed-
ding trip and after two weeks will be
at home at 270 Bay State road, Bos-
ton.

OVERCOME BY SMOKE

Eric Deroehn Battled Blaze
With Hand Extinguisher—
Fire in Elevator

Water leaking through the roof of
the four-story brick building at 13
Shattuck street shortly before noon
today caused a short circuit in the
electrical apparatus of the elevator and
a blaze followed, but fortunately no
serious damage was caused. Eric
Deroehn of 79 Chestnut street, an em-
ployee of the Thompson Hardware Co.,
who attempted to put out the fire with
a hand extinguisher, was partly over-
come by the dense smoke and after
being helped into the street by a
couple of firemen was sent to his home
in an automobile.

The blaze was discovered at 11:13
o'clock and an alarm was sent in from
Box 72. When the firemen reached the
premises they found the top story of
the building filled with smoke and it

KID WINTER HAS YOUNG SPRING "GROGGY"

Spring is here!

Or rather, it was until very early
this morning, when Kid Winter stag-
gered from his corner and met Young
Spring in the middle of the ring in
one of the most sensational rallies this
part of the world has ever seen. At
the present hour of writing, Young
Spring is flat on his back, but not
out, we hope, while the Kid, ap-
parently as fresh as he was in Febru-
ary, again wears the championship
crown.

Despite all bias and prejudice, this
section of the country admits today
that Kid Winter is an iron-fisted ruler.
He entered last night's scrap with
Young Spring without encouragement
or friends and his comeback is all the
more remarkable, with public opinion
so strongly allied against him. He's a
tough nut and no mistake.

Just the minute the Kid got the
upper hand this morning he began to
show down the snow and although
he showed signs of weakness during
the forenoon hours, he still hung on,
loathe to relinquish his grip.

No 1916 shot of "hoohoo" ever carried
so many guns as has Kid Winter this
year and even those frost-rimmed
glasses filled with "authority" from
the cupped bottom to the finely etched
top had no "kick" at all compared to
the Kid.

It is said that this is the last blast
and that from now on New England
will blossom into the full glory of
the springtime, but place only limited
belief in such a prognostication, for as
the majority of people see it, the old
Gulf Stream has got to move several
hundred miles more out of its present
tract to cause any appreciable change
in seasons locally. One bird chirped
today as to how he thought the Gulf
Stream had moved right up to the North
pole this winter and that any change
in the seasons here had been for the
worse.

He sounds like a wise cracker, with
a keen mind for geography, and what's
more, he isn't more than four miles
wrong.

It's 1:16 and although the sun came
out for 24 seconds at 12:35, it has gone
again. So's spring.

Discover Big Military Plot to Make Ludendorff Dictator of Bavaria

BERLIN, April 7.—(By Associated Press)—A great military con-
spiracy which was to have been a Bavarian parallel to the recent
Berlin revolution, has been discovered in Munich, it was announced to-
day. Part of the plan was that General Ludendorff be made dictator
over Bavaria and Dr. Heim of the Bavarian separatists, a sort of civil
and economic dictator.

Germany Protests France's Action

BERLIN, April 7.—Germany has protested to France against the
occupation of Frankfurt and the other territory on the right bank of the
Rhine into which French troops have just moved. The note points out
that alleged violations of the treaty must under the terms of that instru-
ment, be redressed by all the signatories on the allied side, and not by a
single one, acting independently.

Coolidge to Sign Daylight Saving Bill

BOSTON, April 7.—Governor Coolidge indicated today that he would
sign the daylight saving bill today or tomorrow. The governor said that
although he disliked the bill, it had been so fully discussed he felt that
he ought to follow the will of the legislature.

Greek Troops Ordered to Advance

ATHENS, April 7.—Greek troops have been authorized by the
supreme military council of the allies to advance in Asia Minor in
anticipation of an eventual attack by Mustafa Kemal. They have
occupied a strategic position east of the sector they have held around
Smyrna, according to a despatch to the newspaper Ethnos.

YESTERDAY ANNIVERSARY OF HISTORICAL EVENTS

Yesterday was the anniversary of great events in history.

One hundred and thirty-one years ago George Washington was elected first president of the United States by the first session of congress, which convened in New York.

Fifty-eight years ago the Union and Confederate armies grappled in the great battle of Shiloh.

Eleven years ago the late Bear Admiral Peary "natted" the Stars and Stripes to the North Pole.

Three years ago the United States declared war on Germany.

MILES AWAY BUT NEAR BROADWAY

BY PAUL M. SARAZAN

NEW YORK, April 7.—Anita Stewart in "The Fighting Shepherdess," almost brought her sheepfold light into the Strand theatre lobby this week when an army of New Yorkers tried to see Anita's latest at the same time. This is probably the best picture Anita ever made.

George Price is the 18-year-old sensation of New York this week. At the Riverdale and Royal he is doing his impersonations of Al Jolson, Eddie Cantor, Eddie Foy, Pat Rooney and a score of others in a way that makes sophists sneer. New Yorkers gasp. George's brain on the stage for 13 years.

Priscilla Dean's "The Virgin of Stamboul" is now showing at the Broadway. This story of Turkish harems,

wild knights and fights, with a touch of paprika thrown in, is a thriller. Conrado Talmadge has completed an original picture by John Emerson and Anita Loos. This is entitled "The Love Expert" and Conrado takes the part of a girl who knows so much about love she thinks it, eats it, drinks it, and loves it. It's the funniest picture Emerson and Loos ever turned out.

"The Outlaw Board," a milder dramatic thriller by Crane Wilbur, is on at

ANITA STEWART
The Bijou theatre. It tells of a grifter who sets himself up in business as one who can receive messages from the other world. One of the messages he receives from this world causes the trouble.

Arthur Guy Empey of "Over the Top"

fame, is now an honest-to-goodness motion picture star. His latest comedy-drama entitled "Oil," was screened privately recently, and it is a dandy production.

Two-act year productions hit Broadway this week. One was the stage show, "Mrs. Jimmie Thompson," which opened Monday night at the Princess and the other is "April Folly," being shown at the Capitol.

Itated as a milestone in film history is "Dr. Jekyll and Mr. Hyde." In film form and in which John Barrymore is starred at the Rivoli. The way the movies have construed Robert Louis Stevenson's work would even delight that great author and give him thrills besides.

Another movie that's hitting well with New Yorkers is Ivan Abraham's latest, "A Child for Sale." In this picture the producer takes a rap at pointing hardships in a way that almost makes the audience forget the sad tale and shout with glee.

LOCKS GROCER IN ICE CHEST

BOSTON, April 7.—While Samuel Charles, proprietor of a meat market at 55 Main street, Charlestown, was in his refrigerator looking for boiled ham last night, a young man who pretended to be a customer locked the door and then rifled the cash register of \$40.

Charles broke the glass and gave chase, but the man got away.

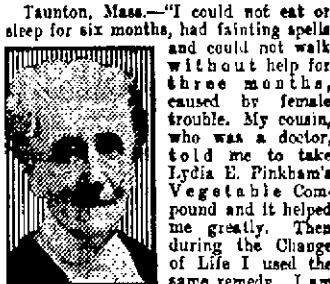

He was described as 29 years old, 5 feet 9, 160 pounds, medium complexion, blue suit, army shirt and gray cap.

Charles said he believed there was a confederate on guard outside the shop.

"Columbia Six"—A Real Good Car.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am

seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 187 D School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Once burdened with pain and illness, it has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

DANCING PARTY AT THE HIGHLAND CLUB

For the third time this year, Highland club members entertained nearly 200 of their friends at a dancing party given at the club house in Princeton street last evening and simply to accentuate its extreme sociability, rather than to make a comparison to the detriment of the two previous parties. It is safe to say that it took a place in the very forefront of social functions fostered by the club.

It is truly said that music guides a dance to its measure of success and if it be good, tuneful, colorful and in the present day, "jazzy," then very swiftly does a dance become a period of unrestrained pleasure. So it was last evening when the music was furnished by Hicks orchestra of Boston, a team of colored boys, reared in the land of harmony and syncopation and who could get more and go farther on one saxophone note or one drum roll than any similar band of musicians Lowell folks have had the pleasure of hearing for some time.

Except for a short intermission period at 11:30 o'clock, dancing was continuous from 9 until 2 and it is needless to say that only a very few left for home before the last orchestra notes died away. A delicious buffet luncheon was served in the gymnasium and throughout the evening punch and sandwiches were served from a table in one corner of the hall.

"Columbia Six"—A Real Good Car.

AMERICA FACES OIL SHORTAGE

America, with only four months' supply of oil in storage faces the prospect of having to seek oil from foreign sources which are now showing a tendency to exclude the United States from purchasing from their fields," according to Van H. Manning, United States director of mines, in a paper read before the 121st annual meeting of the American Institute of Mining and Metallurgical Engineers at New York recently.

George Otis Smith, director of the United States Geological Survey, at the same meeting, confirmed the statement of the director of mines, and declared that the position of the United States in regard to its oil supply at the present time is "precarious." Mr. Smith estimated the supply still undeveloped, however, at enough for about 20 years. There are enormous quantities of oil in the shale beds in Colorado, Wyoming and Utah, it was explained, but Director Manning was doubtful whether economic production of this oil is at present possible.

Latin-America, Great Britain, France and the Netherlands, it was said, control the main potential sources and all of these countries have adopted policies tending to shut out those of other nationalities. Director Smith declared that American concerns should enter foreign fields not only with American methods, machinery and brains but also with money and financial and operating control. A "wide open oil policy for all the world" was advocated by Director Manning who urged the active projection of such a policy by citizens and legislators.

Director Smith in his address on "A Foreign Oil Supply for the United States," urged a nation-wide thrift campaign in the conservation of fuel oil, gasoline and lubricating oil all along the line of production and con-

NAME "BAYER" ON GENUINE ASPIRIN

Get relief without fear as told in "Bayer package"

"Bayer Tablets of Aspirin," to be genuine, must be marked with the safety "Bayer Cross." Then you are getting the true, world-famous Aspirin, prescribed by physicians for over 13 years.

Always buy an unbroken package of "Bayer Tablets of Aspirin," which contains proper directions to safely relieve Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monacofacilester of Salicylicacid.—Adv.

1800 MASS. DOCTORS GET LIQUOR PERMITS

BOSTON, April 7.—Permits to prescribe intoxicating liquor have been issued to 1800 physicians in Massachusetts by the Internal Revenue office, according to Prohibition Director Daniel P. O'Connell, who yesterday assumed charge of the distilled spirits division. Fully 7000 permits of various kinds have been issued in the state since the 18th amendment became operative.

Mr. O'Connell announced that 1700 druggists have permits to use intoxicating liquors for manufacturing and in compounding medicinal preparations until for beverage purposes. About 600 of this group have qualified as retail dealers, which allows them to sell intoxicating liquors upon a physician's prescription.

MAKING BOLSHEVISTS IN MASSACHUSETTS

(Special to The Sun.)
STATE HOUSE, Boston, April 7.—The bureau of immigration, in a statement given out today, declares that a considerable number of aliens in this state are turned into Bolshevists because of the dishonest treatment they receive by those who take advantage of their inability to read and write.

"The immigrants are defrauded of their meagre savings in a surprisingly large number of ways," the statement says. "These include the issuance of insurance policies covering only limited liabilities, the purchase of stock in speculative concerns, entirely visionary if not dishonest, stamp books allowing purchasers to 'select' not 'secure' furniture on the purchase of a given number of stamps, misleading deeds of land, and bills of sale specifying conditions unknown to the buyer."

"Together with this sort of experience in this country," the statement continues, "the immigrant frequently comes from a homeland where injustice and oppression was the rule. Harsh treatment there and here has created a background of distrust and suspicion, and inevitable disillusion and mishaps are magnified into grievous wrongs."

"Hostile agitators are ever active in fanning the flame of dissatisfaction among the foreign born by magnifying real or fancied wrongs. This vicious propaganda is carried on more actively in papers printed in the English language than in the foreign language press. This latter, however, reaches the less controllable, more inflammable element, and also, more importantly, reaches the persons who are never reached by any effective American argument."

"This Bolshevistic attack on the immigrant residents of the commonwealth, wherein 'freedom of speech' becomes 'license of treason' is a form of exploitation even more dangerous to the alien than the activities of individual swindlers. Economic facilities go unchallenged mainly because of the language barrier. They should be constantly subjected to the sunlight of truth and common sense." HOYT.

A SURE SIGN THAT MOTHER HAS LEFT FATHER AT HOME FOR A FEW DAYS TO KEEP HOUSE:

Gifts to Children

Teach them to make their own Jiffy-Jell desserts and serve in dainty ways. See offers below

Made with Style—E Mold

To Every Child

Serve this week a real-fruit dessert

Jiffy-Jell, above all else, is the dessert for children.

They revel in it. Five times the cost can serve them nothing half-way so appealing.

It means real fruit—a wealth of it; the fruit that children need. Accept these offers this week—let them know Jiffy-Jell.

Crushed fruit in it

Jiffy-Jell is the new-style quick gelatine dessert which millions have adopted.

The fruit is not a mere flavor. Each package contains a bottle of liquid fruit-juice essence.

We crush the fruit, condense the juice and seal it. It makes Jiffy-Jell a real-fruit dainty, rich in fruit.

We crush half a pineapple in Hawaii—fruit too ripe to ship—to make the flavor for one Jiffy-Jell dessert. So with all fruits—the fruit essence is abundant.

Less than apples cost

Yet Jiffy-Jell, with its rich, rare fruits, costs less than apples cost.

It comes ready-sweetened. It comes acidulated with lemon or grape acid. The fruit essence comes in a vial. Simply add water and a package will serve six in mold form, or twelve if you whip the jell.

No other fruit-made dainty costs so little or is so inviting.

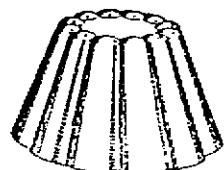

Try pineapple flavor and loganberry. Try lime-fruit flavor for a tart, green salad jell. Try mint for a mint jell to serve with meats.

Let the girl make it—teach her housekeeping. Then use the trade-marks to get molds, cups, spoons, etc. Teach them dainty ways of serving.

Buy enough Jiffy-Jell to get the molds you want. Then watch how the children enjoy it. See how it changes your dinners. Don't let your children longer miss what millions of children get.

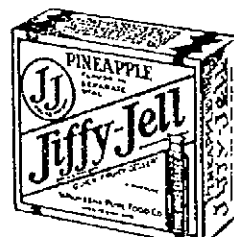

Ten Flavors in Glass Vials
Bottle in Each Package

Mint Raspberry Loganberry
Strawberry Pineapple
Orange Lemon Coffee

Individual dessert molds
Style G—The same in pint size Style-G

In assorted styles of aluminum, six to the set. The six will serve a full package of Jiffy-Jell. Send 2 for the Jiffy-Cup, or 2 and 10¢ for the Spoon.

Russian Reds Accept Lithuania's Proposal

CHRISTIANA, April 6.—Lithuania's proposal to open peace negotiations at Moscow on April 15, on a basis of the recognition of the independence of that country has been accepted by the Russian soviet government according to a Moscow despatch to the Social Demokrat.

LOWELL GUILD HAS MONTHLY MEETING

The monthly meeting of the Lowell Guild was held at the Guild headquarters Monday morning, the president, Mrs. Burke, presiding. Mrs. Kohlman, the superintendent reported the work for the month of March as follows:

Regular patients 114
Regular calls 73
Metropolitan patients 59
Metropolitan calls 336
Babies under care 406
Baby calls 159

Total calls for month 1297

Co-operating agencies, Social Service League, police women, school nurses, anti-tuberculosis council, International Institute, Massachusetts General Hospital.

The assistant treasurer, Mrs. Murkland, reported that subscriptions had been received from about two-thirds of the people who have usually subscribed to the funds of the guild; it is hoped that this number will be increased in order that the work may not be hampered for lack of funds. In this connection all friends of the guild are reminded that the annual waste collection will be made sometime next month and in cleaning house to please save rubbish and rags for the Guild campaign.

The guild house is a very busy place these days as there are clinics for babies every day but Monday and Saturday. The work which is being done by the Red Cross among the children is under the direction of the guild with its clinics held there; the anti-tuberculosis council also has its headquarters there, and once a week the infantile paralysis nurse gives treatment to the patients needing her care.

Scotland Yard claims to have made 129,000 identifications by finger prints without a single mistake.

LOWELL EAGLES HEAR GOOD SPEAKERS

Judge A. B. Duncan of St. Louis, a past grand worthy president of the Fraternal order of Eagles; Charles T. Laird of Brockton, a past grand guard, and Mayor Perry D. Thompson were the speakers at the quarterly meeting of the members of the Lowell acle of Eagles, which was held last evening in Eagles' hall, Harrington building, Central street. Judge Duncan spoke on "Liberty and Justice," the motto of the organization, while Mr. Laird spoke along the line of organization. The mayor welcomed the distinguished visitors and complimented the organization for the progress made during the past few years.

At the close of the speech-making a brief business session was held with Worthy President David J. Hackett in the chair and quarterly reports showing the acle to be the tenth largest in the country were received. Ten new members were initiated and eight applications for membership were received.

Delegates to the state convention of Eagles, to be held in New Bedford on May 31 and June 1, have been appointed as follows: John M. Hogan, George W. Carey, Peter F. Brady and John J. Driscoll. David J. Hackett, president of Aerie 223, will also be present, for he is state chaplain as well as local president. Another Lowell man, Edward F. Flanagan, past state president, will attend the convention.

Mention last night was made of the minstrel show and dance which the acle will conduct May 6 in Assiniboia hall. President Hackett is chairman of the committee in charge and the other members are: Financial secretary, John M. Hogan; recording secretary, Martin J. Crowe; Daniel W. Harkins, Thomas Golding, George W. Carey, Peter F. Brady, James J. Bowen, Worthy Vice President Richard J.

**AMUSEMENT NOTES**

(By Theatres' Own Press Agents)

H. F. KEITH'S THEATRE
The story of Mark Twain will live forever in the hearts of the American people. Millions of readers of all classes have laughed over his great novels, "Tom Sawyer" and "Huckleberry Finn" and the sales of these books are today greater than ever. Fortunately for the motion picture public no works of literature have themselves more readily to adaptation on the screen than these and on Thursday, Friday and Saturday of this week the famous Squam Theatre will present "Huckleberry Finn" in all its romance, humor and interest.

Not only has the delightful story of Huck and his adventures been portrayed in pictures sympathetically and with appropriate atmosphere, but the very spirit of the narrative and its gifted author lives upon the screen. To the director, William D. Taylor, who has done similar good work in "Tom Sawyer" and "Huck and Tom," and to the large cast of players, credit is due for the excellent play of the most enjoyable photoplays of the year.

The exploits of Huck are too well known to relate here. Suffice it to say that the film takes up the story where Huck and Tom are made rich by the discovery of the treasure in the cave. Follows the kidnapping of Huck by his rascally father, his adventures on the raft on the river, his meeting with the "King" and the "Duke" and the slave, Jim, and subsequent return to the village where he had been mourned as dead.

Young Lewis Sargent, who plays the leading role of Huck, is more than "a boy"; he is a natural born actor. The same goes for Gordon Griffith, who plays the part of Tom Sawyer.

Other features for the latter half of the week are "A Roaring Love Affair," a brand new comedy; Burton Holmes Travel pictures and the International News.

B. F. KEITH'S THEATRES

"When Caesar's Her," the travesty on Bernard Shaw's "Caesar and Cleopatra" holds the front line position at the B. F. Keith theatre this week, with James and Sadie Leonard and Richard Anderson playing the big parts. It is a screaming burlesque on a well known subject. Jimmy Duffy and Mr. Swenson, "Russian Entertainers" are among the very funniest men of the current theatre season, while Larry Crane, Lowell's own illusionist, does one of his very best turns, assisted by Grace Anderson. Another excellent turn is that by Elida Morris, a singing comedienne, who was with the Winter Garden forces a short time ago. The remainder of the show consists of: Rome & Cullen, dancers; Marco Twins, acrobatic funny men and Three Bilkley Girls, Scottish entertainers.

THE OWL THEATRE

Norma Talmadge in "A Daughter of Two Worlds" closes her record-breaking engagement with today's performances at the Owl theatre. The same is true also of a very remarkable comedy starring Larry Sargent in the "Gypsy Clerk" and Tom M. Flynn in the "Texas Ryan." To miss these three features is to miss the biggest and best show of the season. Another big feature of four headliners is scheduled Thursday. The first of the William J. Flynn series of detective stories is "The Mystery of the Mystery." Flynn will be remembered as the former chief of the United States secret service and he has written a series which are to be put on the screen under his direction. Herbert Haydelman is the star in the first, "The Sixless Banknote." In three parts. Six reels are to be put on the screen in order to get the action which Mr. Flynn says his stories must have. The second, is "The Lost City," the million dollar production, in which the Lowell movie audience will see the most wonderful of the fans will remember the wonderful animal in the "Jungle Gentleman." A News with world events worth while completely an all-star bill for which the performances are continuous daily starting at 1 p. m. and night patrons arriving not later than 7:15 see the main features.

OPERA HOUSE

Miss Betty Wilkes, the talented young woman member of the Lowell Players at the Opera House, is enjoying the big of her biggest hits of the season this week in her clever portrayal of the young wife in Mark Swan's extremely amusing farce comedy, "Parlor Bedroom and Bath." Miss Wilkes has greater opportunity to reflect her accomplishments this week than ever before and she is making the most of her opportunities. Her work will add to her already large circle of admirers here. Miss Fields and the others of the cast are also worthy of special mention. Don't miss this piece if you like a laugh.

THE STRAND

The big triple bill at The Strand is the last of the town. It will be the last time for the last time and those who have not seen should most certainly avail themselves of today's opportunity. Eric Ströheim in "Blind Husbands,"

HIGH CLASS OPERA AT POPULAR PRICES

First class opera at popular prices. That is the slogan of the Boston English Opera company which is to appear at the Opera House next Monday night, Tuesday afternoon and Tuesday night. This organization, under the direction of Edward M. Beck, was founded to popularize the singing of the classic operas in English, and success has attended its efforts everywhere. It is one of the largest operatic organizations ever heard of in this city and with its double cast of principals, its large chorus and orchestra will give a series of notable performances. Monday night "Il Trovatore" will be sung; Tuesday afternoon, the ever popular "Robin Hood"; and Tuesday night, "The Bohemian Girl." Tickets are going fast, so that it is advisable to make application as early as possible. The night prices are \$2, \$1.50, \$1 and 75 cents, and matinee \$1.50, \$1 and 50 cents. Ticket office open daily 10 a. m. to 9 p. m. Mail orders accompanied by cheque or cash, will be honored in the order received.

WASHINGTON CLUB

At a meeting of the executive committee of the Washington club held last evening the following officers were elected for the ensuing term: President, Daniel B. McQuade; first vice president, Dr. Joseph P. Kearney; second vice president, J. Henry Gilbride; treasurer, William Purcell; secretary, Charles T. McKenzie.

Ovation for Americans of Great Importance to Future of Japan

Gen. Groves Decorated With Czechoslovak Cross Before Leaving Vladivostok

VLADIVOSTOK, April 1.—(By the Associated Press)—Brigadier General William S. Groves and the last contingent of American troops to leave Siberia, were given a remarkable ovation when the transport Great Northern sailed for Manila at noon today. Before the vessel left her dock, General Groves was decorated with the Czechoslovak military cross, and was presented with a sword by the Russian provisional government's military staff.

(Since this despatch was filed, the Russian provisional government at Vladivostok has been ousted by the Japanese.)

Cheering crowds lined the docks as the big ship turned her prow to the channel leading out to the Pacific, and flags bearing Czechoslovak hands accompanied the transport out to sea.

The Americans were intensely popular throughout Siberia after the fall of Admiral Kolchak's government as they adhered strictly to the principle of not interfering in politics or internal affairs. During the last days of General Groves' stay here he was paid many tributes by Russians.

The United States cruiser Albany is still in the harbor here. Czechoslovak troops are departing as fast as transports are provided for them.

White, who crawled through a coal hole and got into a pharmacy at Reaver, Pa., did not rob either the money drawer of the cigar counter, but he got away with a pint of alcohol.

TOKIO, March 17.—Japan's general election to be held in May, will be of profound importance to the future of the nation, said Premier Hara today in addressing a meeting of leading members of the Seiyukai, or pro-government party.

"On the issue of the forthcoming general election depends the fate of the nation," the premier declared. "Universal suffrage, advocated by the opposition, aims at the destruction of social class distinctions and even proposes to tamper with the conscription system which is the very basis of the country's defense, if speeches in the house serve as an index."

"A ridiculous rumor is in circulation that the Seiyukai will purchase votes and that the party abusing government authority will contrive to so manage matters as to score over the opposition. It need hardly be stated that we will fight always on the basis of fairness, principle and policy."

The premier then criticized the unfavorable attitude of the opposition party towards the dissolution of the diet in March.

"In the house of representatives," he said, "the sponsors of the suffrage bill declared that universal suffrage was what the people wanted and that they were merely voicing the people's wish. If that were so, the opposition ought to welcome the dissolution of the diet as thereby the issue is going before the public itself."

"The government did not resort to dissolution as a way out of the political deadlock. There has been no such deadlock. We feel we must remain in power and will redouble our efforts to keep it for the sake of the state."

GALA DAY

San Diego Greets Prince of Wales

SAN DIEGO, Cal., April 7.—San Diego is in gala attire today to greet the Prince of Wales on his second visit to the United States, on a brief stop en route to the Far East on the British battle cruiser Bonown.

FARMERS' INSTITUTE IN BILLERICA

About 100 people from various parts of the county attended the fifth and last in a series of farmers' institutes conducted in this vicinity during the winter season, which was held yesterday at the Billerica Centre Congregational church under the auspices of the Middlesex North Agricultural society.

Edward F. Dickinson acted as chairman and he introduced as the first speaker, C. B. Tillson, county agent for the Middlesex County Farm Bureau, who spoke interestingly upon reports of surveys of business on the farms of the Marlboro district and in the course of his remarks he pointed out the defects in the income of Massachusetts farms, telling how farmers should conduct the business and of their farming so as to get the best financial returns, diversity being absolutely essential. He said the dairy farmer while raising crops for his stock should also raise good cash crops such as cabbage, potatoes, etc. He said this rule should apply to the fruit growers as well.

John H. Hardy of Littleton, assisted by Albert R. Jenks of the County Farm Bureau gave a clever demonstration of bridge-grafting, explaining the great damage caused to fruit trees by mice during the winter and which will exceed a half million dollars. Mr. Hardy said this fact should be brought to the public so that they may realize what the fruit growers are up against and why fruit is not to be high as predicted.

At noon dinner was served by the ladies' society of the church and in the afternoon Dr. Jones of the state department of hygiene gave a lecture on "The Work of a Public Nurse." Entertainment numbers were given by Mrs. F. L. Gage and Miss Letta Bull of Billerica.

LOCKS AND CANALS WILL SELL LAND

The Locks and Canals Corp. has taken a step far ahead from its policy of a century's standing. In announcing that all its vacant land throughout the city has been placed in the hands of local real estate and business operators for immediate sale. Robert F. Marden and John H. Murphy have been given complete charge of the disposal of the property.

The property thus placed on the market has an aggregate assessment value of upwards of \$170,000 and totals in the vicinity of 2,000,000 square feet in lots varying in size from 11 acres to 100,000 square feet.

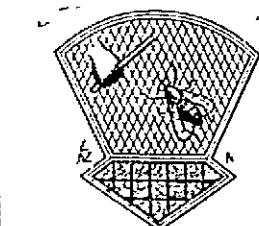

Although Messrs. Marden and Murphy have all the sale arrangements in charge, no land will be disposed of through a negotiated sale that the City of Lowell would naturally purchase. Such lots will be handled by the usual sale and process. This is of considerable importance, inasmuch as it embraces such land as the First street oval, now under discussion.

IMPROVE HEALTH OF SCHOOL CHILDREN

NEW YORK, April 7.—Means of improving the health of public school children were considered by nearly 1000 delegates attending the 24th annual convention of the American Physical Education association, which opened its four days session here today. Daily visits will be made to the schools of the city, where new methods of health teaching will be demonstrated.

This Actually Removes Superfluous Hair Roots (Entirely New and Quick Method)

By the introduction in this country of what is known as the "phelactine process," any woman can now rid herself completely of annoying superfluous hair or fuzz. The process is entirely new, different from all others, and far better—because it actually removes the roots, as well as the surface hair. It is almost instantaneous, perfectly harmless, odorless and non-irritating. Just get a stick of phelactine from your druggist, follow the simple directions—see the hair roots come out with your own eyes! No depilatory or electrical treatment can produce this result. The skin is left soft, smooth and hairless as a child's. Phelactine can be used with absolute safety—one could even eat it with impunity.—Adv.

GLAD TO GIVE HER TESTIMONIAL

MRS. OVIDE AUGER

I am most happy to be given the chance of testifying in favor of RED PILLS for pale and weak women, for they were of such help to me during the severe illness I have gone through, and which was all brought on through a chill. I was confined to my bed for three months, suffering from hemorrhages which naturally weakened me considerably. I was brought to the hospital, for my case appeared hopeless. I had often heard of RED PILLS, had read of them and of the numerous cures effected by their use, and so decided to give them a trial. I took them regularly and fifteen boxes were all that were needed to bring me back to health. The different symptoms which had alarmed me so much during my illness gradually disappeared and I began to take on flesh. Now I am feeling fine in every way, and able to attend to all my household duties, besides bringing up a numerous family.

MRS. OVIDE AUGER,
24 Miller's Lane,
Woonsocket, R.I.

RED PILLS are for women only. They are always sold in boxes of fifty pills, 50 cents box, 6 boxes for \$2.50. See that the name of the "Franco American Chemical Company Limited" is on every box.

CLEMENCEAU ILL WITH BRONCHITIS

CAIRO, April 7.—Georges Clemenceau, former French premier, since his return here from Luxor has been suffering from bronchitis, but is now somewhat better. The aged statesman went out on Tuesday for the first time since his illness. He is still very feeble and his breathing causes some anxiety.

COLLINSVILLE MAN DROWNED

According to a telegram received from the government by his mother, Seaman Simeon P. Gagnon, who last summer enlisted in this city for service aboard the U.S.S. New Mexico, was drowned in the latter part of February while on a boating party with some friends in San Francisco. The young man made his home at 81 Rock avenue, Collinsville, and was well known in the town. According to the dispatch the body had not been recovered at the time the wire was sent.

TO INCREASE OCEAN FREIGHT RATES

LONDON, April 7.—Increases in ocean freight rates from the United Kingdom to North America will take effect on April 15, and will range from 25 per cent. on lower classes of goods to 50 per cent. on more valuable articles, according to the London Times.

WORD TO THE WISE IS SUFFICIENT

Now that Lowell coal teamsters are on strike the chances are that horses will remain in the stable more or less and Agent Richardson of the Lowell Humane society advises coal dealers to have an eye to their horses and guard against mistreatment, better known to horsemen and others as "black-water."

In discussing the matter this morning, Mr. Richardson said he had talked with Dr. William S. Eaton, local veterinarian, who suggested that the coal dealers should attend to their horses and guard against the disease in question. He advises that the horses be exercised every day and their feed cut down. He further suggested that the horses when taken out to be exercised should be blanketed in order to avoid chills of which they would be in great danger.

BILLERICA NEWS

At a recent meeting of the board of selectmen for the town of Billerica it was voted to charge a fee of \$1 for all Sunday licenses this year and it was announced that all applications must be received before Sunday, May 2. In the course of the meeting Highway Surveyor Boswick conferred with the board relative to the purchase of a tractor for service on the roads. Mr. Boswick stated that tractors were now in use in several nearby towns and they are giving entire satisfaction. No action was taken. Charles S. Lyons, was appointed sealer of weights and measures for the ensuing year.

Clogged-Up Liver Causes Headache

It's foolish to suffer from constipation, sick headache, biliousness, dizziness, indigestion, and kindred ailments when Carter's Little Liver Pills will end all misery in a few hours. Purely vegetable. Act gently on liver and bowels. Small Pill—Small Dose—Small Price. DR. CARTER'S LITTLE LIVER PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

Carpenters Strike at Manchester

MANCHESTER, N. H., April 7.—Between 500 and 600 union carpenters walked out at 8 o'clock this morning in accordance with a strike vote taken last evening after the master builders' counter offer of \$50 an hour, to the demand for \$1 an hour had failed of acceptance. Their action completely ties up the building trades in Manchester, 300 hod carriers, tenders and laborers having been on strike since last Thursday. Contractors estimate construction on new property worth approximately \$1,000,000 suspended.

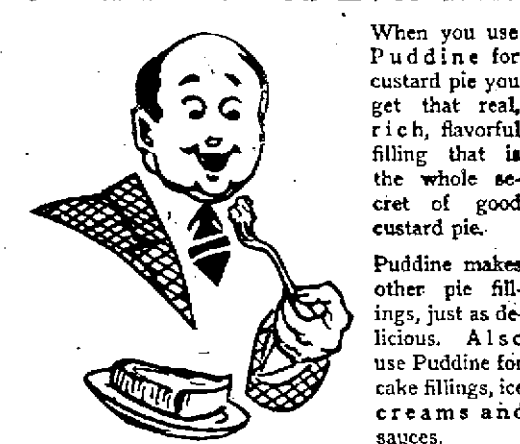

Millerand and Wallace Discuss Advance

PARIS, April 7.—The visit of Ambassador Wallace to Premier Millerand yesterday, it develops was on a question of detail concerning conferences of the ambassadors. The premier, however, seized the occasion to talk with the American ambassador about the French government's action in ordering its troops to further occupy German territory. The French government has not yet received replies to its notification of the allies associated with France in the control of the left bank of the Rhine under the peace treaty, of the occupation of Frankfurt, on the right bank.

Italy Recognizes Albanian Government

ROME, April 7.—Official recognition of the government and autonomous constitution of Albania has been extended by the Italian government, according to the Epoca.

To Renew Natural Perfect Service

Of partly decayed teeth, is often a simpler operation than many people imagine. If it has a good sound root, it is an easy operation (not expensive) to place a crown over it. This will restore it to naturalness, and prevent its loss.

If you neglect it, it becomes diseased and causes the loss of adjoining teeth. The impurities it casts off work into your system and then comes bad health that arises from your teeth.

The pleasure that comes from teeth that I have restored is the kind that brings more new patients.

Your call today is important.

Women Doll Up To Create Envy, Not To Vamp, Says Helen

HELEN MACKELLAR

NEW YORK, April 7.—Men take each other for what they are and women for what they seem. Hence, declares Helen MacKellar, actress now playing in "The Storm," women spend their money for fine feathers to make other women raise their eyebrows in wonder and envy, rather than to "vamp" men.

"THIS IS THE DAWN OF A NEW ERA!"

By GENE ALBURN

Fella citizens—Having been a cinder out of the political eye since a ball player's batting average depended on the size of his mustache, I am gonna pulla comeback on the present bundle of political knots, weighing in at 135 chinside.

Well, to get out of the fiver and crank up again—Here's how. I always refer to tonguefuls from the classics when I want to add weight to

my arguments. Like the butcher's writ on the scales.

I Can't Do It!

There's a couple old-time chirps that jazz along these lines, "you can't shuffle the blots on a leopard," and, "you can't learn an old barker new ways" or something like that. The question now, is to see if those chinside hold tight in the coming political fracas.

Ye Ancient "Boys"

How come? Well, to make it snappy, we'll have to strap hang in suspense and see in what way the old style politicians will hop onto some

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system, the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says, "Take for example, Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

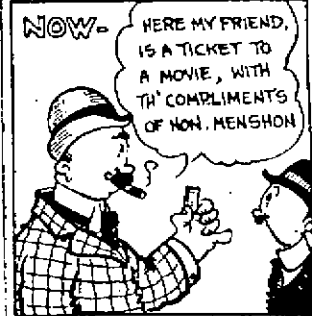

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention The Lowell Sun. Large and medium size bottles for sale at all drug stores.—Adv.

new tricks, now that prohibition has the nation by the pumphandle. Or in another lisp, to see how prohibition has turned the tablecloth.

The old model politician has gotta knit himself some new technique. And it's gonna be a hard job. Sticking a white feather in a fox's crown's tail doesn't make him a swan. Nay, brother, you gulped a saucerful.

In the old days when gents buttoned their shoes with a bottle opener, a politician would crank up a campaign, then go out with the old carpetbag of gray gags to win over boosters.

He used to wear a double chin—

NOW—
HERE MY FRIEND,
IS A TICKET TO
A MOVIE, WITH
TH' COMPLIMENTS
OF NON-MENSION

park a tan derby on his right ear—grew a ten-ply curly mustache to keep the glint from the diamond horseshoe out of his eyes—smoke a cigar at half mast and chew it in circles—wore patent leather foot garages, and a tile check suit with a quart hip pocket that buttoned with a cork.

Kissin' the Infant

His favorite card was to kiss the infants, which left the fond mothers wondering for a half hour after what started the kids on a spell of hiccupping.

He read his speeches from a facing form, and orated with elevated eyebrows that he spent his youth pushing a couple plows on the farm, and

that his father and his great grandfather all fought, in laying the cornerstone of this great nation (applause)—then after explaining what he's all about, ends up with:

"Gents, this is the dawn of a new era!"

Hiss and Giss

If all that hiss didn't quite win over the firm necked citizens, he invited 'em all over to the nearest gin shop to smoke revolving cigars, wear out the bar, veneer on their elbows and oil up at his expense. That pro-

gram softened 'em plenty. They pledged to support a bevy of X's after his moulecker on the ballot until it looked like a love letter.

Now then, fella citizens—How are they gonna work it now?

Can't see anything for them to do except treata guy to a dish of salami sausage or fill his pocket with peanuts or maybe buy him a haircut. But then again, they might have something up their sleeves besides elbows.

Well, fella citizens—I know, great

aches from little corns grow!

GIFT FOR LOWELL

GENERAL HOSPITAL

Frederick Fanning Ayer has once more added to his long list of gifts and endowments to the Lowell General hospital by offering to assume the entire expense of renovating the Fellows building, at an estimated cost of \$20,000.

The contemplated repairs are vitally necessary and will include new plumbing and heating systems, relocation of bath rooms, new floors, window frames and ceiling and painting inside and out. The needs of the building were recently brought to Mr. Ayer's attention and he responded as he has done so many times in the past.

MISCELLANEOUS SHOWER

A miscellaneous shower was given Miss Margaret Farley of Suffolk street by her co-workers of the Lawrence Mfg. Co. Monday evening, at the Chin Lee Co. restaurant. Miss Farley received many valuable gifts. Following the banquet a delightful musical program was enjoyed, embracing songs and piano selections by Misses Nora Redard, Vivian Williams, Ella Cox and Mario Marquis. The committee in charge was: Miss Ethel Harvey, chairman; Miss Ella Cox, Miss Emma Coulombe, Miss Blanche Lamoureux, Miss Eva Garmanche and Miss Rosetta Wier.

Miss Farley's gifts included a

double boiler (all the milk is absorbed. Cool, remove cinnamon and add sugar, salt and butter. Beat whites of eggs (all stiff and dry and fold into rice. Bake in a buttered baking dish till a golden brown. Serve at once. A custard sauce may be made of the yolks of the eggs or the pudding may be eaten with sugar and cream. Use yolks of eggs for salad dressing.)

1 cup rice.

1½ cups milk.

2 inch stick cinnamon.

½ teaspoon salt.

1 tablespoon sugar.

1 teaspoon butter.

3 eggs.

Cook rice, milk and cinnamon in a double boiler till all the milk is absorbed. Cool, remove cinnamon and add sugar, salt and butter. Beat whites of eggs (all stiff and dry and fold into rice. Bake in a buttered baking dish till a golden brown. Serve at once. A custard sauce may be made of the yolks of the eggs or the pudding may be eaten with sugar and cream. Use yolks of eggs for salad dressing.)

1 egg.

¾ cup water.

Paprika.

2 tablespoons minced parsley.

¾ cups flour.

3 cups baking powder.

¾ cups canned tomatoes.

¾ cup grated cheese.

Beat egg. Add water, salt, paprika and parsley. Add flour and baking powder sifted together. Beat well. Add tomatoes and cheese. Drop by spoonfuls into hot fat in a frying pan.

STUBBORN BOYS

Many parents in this as in other cities are sorely perplexed as to what to do with stubborn boys and sometimes also stubborn girls. Usually they beg and plead and then threaten; and if these methods avail not, they become discouraged and either do nothing or else call the police to take the offenders into court.

Thus a police record is started, the very thing the parents wish to avoid. Yes, so much do they wish to avoid it that they too often let boys go from simple disobedience and stubbornness to the next logical step downward, a criminal career, before appealing to the police for help.

Often, too, the mistake of parents showing too much patience, is brought to light by the arrest of the boy for gambling, larceny or some other offense. Then the lad goes to the juvenile court under a serious charge, whereas had the parents called for police assistance when the boy first began to show stubbornness, he might have been saved from getting a police record. How can that be done? Some will ask.

The police of some cities have a way of handling such boys that usually brings the desired result without an arrest. The methods vary in different cities. The chief of police of New Haven has adopted a method of treatment that is said to be very successful in giving boys a healthy respect for parental authority as well as for the law; and it also convinces them that the police are their friends rather than their enemies.

By the New Haven method through the good offices and special "treatment" by the police, many boys who have shown unruly tendencies change their ways without being arrested, becoming obedient and respectful to the great delight of their parents.

In most cases the police act as the friends of the boys and succeed in preventing them from falling into the bad habits so easily contracted by association with street gangs. Thus truancy is avoided and if the boys get the habit of smoking cigarettes or of doing other things which they should not do, or if they fail to do what their parents want them to do, they are taken in hand by the police and placed on probation without being arrested. If they show improvement, they are so highly commended that they discover it is ever so much better to do the right thing and win friends than the wrong thing and make enemies of everybody. As a rule the boys are not inherently bad; they do not realize that in the world in which we live, everybody must obey some higher authority and the boy who chafes under the control of his parents will find when a little older that the authority over him will be exerted without regard for his personal welfare. If he refuses to do his work as required, his place will soon be filled by somebody else. The disobedient or stubborn boy simply wants to get the right viewpoint of our modern society. Then he will clearly see the path of duty and will try to stick to it.

Chief Smith of New Haven reports excellent results from his friendly system of dealing with boys but his mild treatment is most successful with boys under sixteen of age.

The police of other cities have adopted more strenuous methods of dealing with the stubborn boy. Some have a "tagging machine" which consists of a hard officer, who applies the lash in the form of a stiff leather strap or a barrel stave, always with the consent of the parents and usually under the direction of the boy's father. This is done quietly in the basement of the police station and is reported to be attaining very satisfactory results.

Other cities adopt more rigorous methods and administer floggings even in public as appears from the following from the Lawrence Tribune:

"The city of Bridgton, N. J., has gained some publicity as the result of public spanking for offending boys and girls. The spanking was administered by means of a tall, by a municipal policeman, who operates a barrel stave, which is applied only with consent of parents."

The Bridgton method is to be con-

demned on account of the publicity and perhaps also the severity of the spanking. Such a public humiliation of a boy or girl is altogether at variance with the best judgment of police and of sensible parents. Most boys would rather go to the reform school to be confined for several years than submit to such a public exhibition as that. The aim of the police is, to save the juveniles and their parents also, from disgrace; but this public spanking goes to the opposite extreme. It is wrong in every respect in which it can be considered. Such a method is too harsh and is likely to do harm rather than good. It is about as ill advised as the scheme of compelling prisoners to witness executions. Public sentiment revolts at such humiliation of children. The New Haven method in which the police officers become the friends of the boys and lead them into the paths of duty and rectitude is to be commended.

WOMAN AND HER WAYS

Those courageous persons who with the approach of summer annually resume the endless campaign against women's fashions, deserve great credit for persistence in the face of three thousand years of failure.

Theirs is the one reform that never has succeeded though many good men from the prophet Isaiah to the preachers of our time have espoused it.

Was it not Isaiah who, protesting against the ways and the dress of the women of his day said: "They walk with stretched forth necks, walking and mincing as they go, and making a tinkling with their feet?"

He denounced their "chains and the bracelets, and the mufflers; the bonnets, and the headbands, and the earrings; the rings and nose jewels; the changeable suits of apparel; and the mantles, and the wimples, and the crisping pins; the glasses, and the line linen; and the hoods, and the veils."

Passing up through the ages, one finds the eighteenth century Irishman, Oliver Goldsmith, protesting thus against the customs of the women of his age: "Most ladies here have two faces; one face to sleep in and another to show in company. The first is generally reserved for the husband and family at home; the other put on to please strangers abroad; the family face is often indifferent enough, but the outdoor one looks something better; this is always made at the dressing-table where the complexion of the day is settled."

In three thousand years man has accomplished prodigies of social, moral, political and material reform. But when it comes to changing what is fashionable, he hasn't done a thing. Not a thing! And he never will.—N. E. A.

PUBLIC BATHS

While we realize the difficulties in which the park department finds itself in regard to financial matters, yet we regret its decision to charge for use of the bath house. From the very beginning the idea associated with public baths was that they should be free to all comers. The charge of twenty-five cents for bathing suit, towel and locker for each person, will cause many people to take the risk of bathing in the river, just as if the bath house didn't exist.

At various times during the past twenty years, there was an agitation for free public baths, mainly for the purpose of preventing the drownings so common in the summer time in the waterways of Lowell, because as a result of bathing in the rivers and canals. The list of fatalities in the waterways of Lowell, because of the Shedd ice park. Similarly free public baths will prevent drownings in the summer. That in fact was one of the main objects of the original demand for public baths. To charge a fee, as proposed, will largely defeat that purpose and cause those who cannot afford the price to risk their lives in the rivers and canals where they will have no protection against accidents.

The Bridgton method is to be con-

OUR TAXATION SYSTEM

Secretary Houston of the treasury has offered to put at the disposal of the ways and means committee, every expert in his department for the purpose of revising revenue legislation so as to remove the inequalities in the present system of taxation. It is evident, however, that the house will take no action on this question at the present session. That means that the present system will remain in force until 1922 as under the revised schedule after the new president takes office, the changes could not be made applicable until the following year.

There is apparently no object in the way of a change except the unwillingness of congress to deal with the matter at the present time.

Secretary Houston declares that the complexities of the present law are such that if the time ever comes to review the returns of business concerns, it may be found that they owe the government millions of dollars. Such concerns are not to blame because it is very difficult to figure out just what they should pay and what they should not. The secretary alleges that this trouble could be removed by a few simple amendments to the present taxation laws. Both parties admit the necessity of such a change, but the party in control is unwilling to enter upon it on the eve of a presidential election. Thus, the various forms of injustice in the present system are likely to remain in force for at least two years longer through republican delay.

HOUSING PROBLEM

The management of the Saco-Lowell Machine Shops has offered a home-building proposition to its employees which under present conditions should be very acceptable. The company offers to purchase a building lot and erect a dwelling thereon, arranging an easy plan of payment under which the employee can pay in monthly installments, not exceeding the amount now paid in rent. The rate of interest to be charged for the money so advanced is four per cent, which is 2 per cent lower than the prevailing rate for loans at the present time. Action similar to this by a few of the large corporations would be of great assistance in solving the housing problem.

RIDDLING SIMS

Judging from the manner in which Admiral Wilson has attacked the statements of Admiral Sims, the testimony of the latter in support of the charge of general unpreparedness of the navy at the opening of the war fell rather flat. Thus far it appears that not a single statement made by Admiral Sims in his attack upon the navy, has gone unchallenged. Some of his statements appear ridiculous in the light of the explanations offered by other officials equally qualified to judge of the conditions in question. It appears that the republicans are not likely to get much comfort out of Admiral Sims' charges.

The Cincinnati board of education has voted to drop gardening, agriculture and poultry raising from the public school curriculum, designating these recent additions as "frills." The curriculum in most cities is so crowded with non-essential branches that the more important studies do not receive sufficient attention. As a result the high school graduates lack the fundamental training required for entrance to college or for taking up the ordinary lines of business in which a sound education is necessary. As a result of the war, many additions were made to the school curriculum in the line of gardening and vocational work; but now that the war is over, it is time that these extraneous subjects were eliminated.

SEEN AND HEARD

Yesterday must have been a hand-over from March. April was in briskness, but quite February in frigidity.

The safety first campaign might well include better traffic laws. Everyone admits there is great need, yet we still await a step toward a remedy.

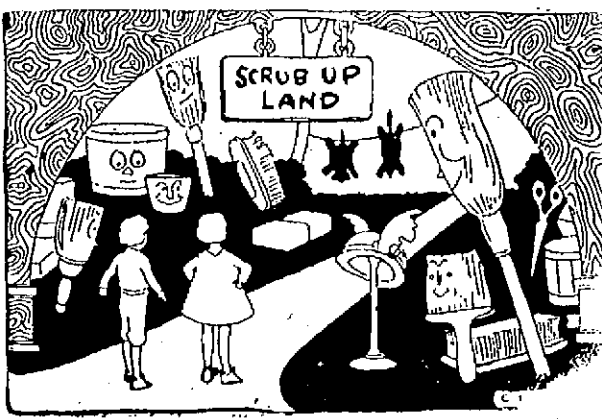

"Pennywise" used to mean to stint and conserve. We wonder if the gentleman wishes the same frugality practiced in regard to his presidential campaign?

Delusions Dispersed
Sentimental Youth—Do you know, darling, I used to kiss the very stamps on the letters you sent me, because I knew they had been in your sweet hand. I've learned to kiss the back, and I used to kiss the back of an old fellow's head. The lady said: "London."

ADVENTURES OF THE TWINS

by Olive Roberts Barton.

Hand-in-hand the kiddies ran down the path and across the meadow to their tree, the March wind tossing Nancy's hair about in a great frolic. And there, faithfully waiting, were their little friends, the Stagnant Mushroom and the Green Shoes in their hilling place back of the stone.

It was a mighty queer place they had got into, the twins saw at once.

found him our fun would be over. Green Shoes say they will take you to Scrub-Up Land, if you wish to go. It's a very interesting place at this time of year when every creature gets fixed up for the summer. Jacko might possibly be there."

Nancy and Nick did a little jig. They were so delighted at the prospect of another journey. "We'd just love to go, wouldn't we, Nick," declared Nancy. "When may we start?"

"The Green-Shoes Express starts in

the marine corps recruiting office recently at Buffalo. "It sounds like a manager," said the recruiting officer to the sergeant. "Do you think we're signing up animal acts for a circus?" "No, sir," replied the sergeant, "but there is still one more man to sign up, captain." "Bring him in," "Uter" shouted the sergeant, and the fourth recruit entered. The four recruits were James E. Fox of Gates, N. Y.; James Baer, of Erie, Pa.; George K. Wolf of Warren, Pa., and Charles Lyon of Rochester, N. Y.

A Favorite Birthday
Tactless Lady Friend to Hostess—By the way, what birthday is this we are celebrating?
Hostess—My thirty-fifth.
Lady Friend—But haven't we celebrated that before?
Hostess—Oh, yes; it is one of my favorite birthdays.—London Delight.

Fared the Strain
"Mrs. Jagsby has for years had a curiosity to see the inside of Mr. Jagsby's favorite saloon, where he used to purchase most of his packages."
"Quite natural."
"Yes, and it was gratified the other day. Mrs. Jagsby dropped in with two or three other ladies and had a soda."
"I don't suppose she could induce Mr. Jagsby to go along?"
"No. He was afraid he might break down."

Leap Year Prices
Al. McCurdy recently returned from a six weeks' tour of these United States and in addition to many colorful stories of a most interesting trip, also brings a souvenir or two from lands to the south and west. Now, Arizona was a stopping place on route and while flow is none too pretentious and struggles for an existence in the midst of a wind-swept desert, it stands at the forefront of leap year originality. A big leap year dance is advertised on a pale pink floor Al. packed away in one corner of his traveling bag and brought home and while it announces a jazzy jazz orchestra and promises a "good time for everybody," the last line wins the prize—"Ladies, \$1.50—Men free."

A Common Error
The colonel's negro orderly was missing and inquiry developed that he was confined to quarters as the result of a fight. Sillicious as to the warfare of his striker, the Old Man visited him personally in his barracks, where he found him in a dilapidated condition.
"How's this, Sam?" he inquired.
"What's been happening to you?"
"Well, sah, you know Saturday was pay day, and after supper we gets into a big crap game. Long come 'bout two o'clock in de a. M. and Napoleon Sims gets into a M. friendly argument. Cunnel, befoh I knows it he hits me in de mouf and he knucks out 'fo' last, and he hits me in de eyes and blacks den, and he blame near busts mah nose and mah jaw. Den he gets me on de ground and stomps on me and cracks three ribs."

"Fo' God, cunnel! Ah never got so thahd of a man in all mah life!"—The Home Sector.

The Time I've Lost in Wading
The time I've lost in wading. In watching and poring. The fish that jies. In woman's eyes. Has been my heart's modeling. The wisdom of a hus has taught me. I learned the lore she brought me. My only books. Were woman's looks. And folly's all they've taught me.

Her smile when Beauty granted. I long with gaze enchanted. Like him the Sprite. Whom made by night. Off meet in gien that's haunted. Like him, too, Beauty won me. But while her eyes were on me. If once their ray. Was turned away. Of winds could not outrun me.

And are those follies going? And is my proud heart growing? Too cold or wise? Too bright or wise? Agon to set its glowing? No, vain, alas! the endeavor From bonds so sweet to sever; Poor Wisdom's chance. A warden's glance. Is low as weak as ever.

They Responded
"Wolf, Fox, Lyon," called the sergeant as he ushered three recruits into

ADVENTURES OF THE TWINS

by Olive Roberts Barton.

Scrub-Up Land
about 10 seconds, I believe," answered the Mushroom.
"Oh, well, hurry—please wait!" cried the twins scrambling out of their play shoes and into the magic on-sas in fast as they could jump. And just in time, too, they were, for instantly there was a whizzing and a little bump, and presto, there they were in Scrub-Up Land before they knew it. It was a mighty queer place they had got into, the twins saw at once, more adventures, because if we'd

It was a mighty queer place they had got into, the twins saw at once.

on things or more, a laundry, a paint store, a tailor shop, a millinery store, a barber shop, a dye works and so many others that Nancy thought of a little poem she had read once, which went:

"A house has got a hundred things, A ship's all made of sheets and strings. A church has seals and songs and spires. But a town's got all that a chap desires." (Copyright, 1920, N.E.A.)

N. Y. PRIMARY RESULTS

"Big Four" Uninstructed Delegates to Republican Convention Win Out

NEW YORK, April 7.—New York state's "big four" uninstructed delegates to the republican national convention rolled over the opposition of former State Senator William M. Bennett, pledged to the presidential candidacy of Senator Hiram W. Johnson of California, in yesterday's primaries, according to virtually complete returns today.

With only 124 election districts out of the 2571 in the city missing, the vote for the "big four" was: Nathan L. Miller, 70,013; Senator James W. Wadsworth, Jr., 70,356; Senator William M. Calder, 73,501; Col. William Boyce Thompson, 58,101. Bennett's vote was 25,561, of which his home borough, Brooklyn, contributed 11,317.

Scattering returns from up-state, where the vote was also light, indicated that the organization candidates had won over Bennett by a wider margin than in this city.

No candidate favorable to Senator Johnson was elected in any of the 12 congressional districts here where contests were waged.

The organization men also defeated two candidates pledged to Herbert Hoover in the 17th congressional district in Manhattan by a ratio of about 2 1/2 to 1. This was the only district in the state where candidates favoring Mr. Hoover were entered.

There were no contests among the democrats and the party vote was proportionately smaller than that cast for the republicans.

The interest women here took in the first presidential contest in which they had an opportunity to participate in this state, surprised party leaders. They turned out in large numbers and proved active workers, particularly as watchers after the closing of the polls.

It was the city's first "dry" primary and political leaders and police officials declared it was the most orderly ever held here. The magistrates' courts remained open until 9 o'clock at night, but not a single arrest in connection with the primary was brought before them.

COURT GEN. DIMON HAS ANNUAL BANQUET

Grafton hall in Merrimack street was last evening the scene of a pleasant gathering, the occasion being the annual banquet and dance under the auspices of Court Gen. Dimon, P. of A.

The attendance was large, the dinner was excellent and the entertainment numbers were very enjoyable, while the general dancing which closed the evening's program proved a feature of the event.

FEW IDLE SPINDLES IN LOWELL TEXTILE INDUSTRIES

Special to The Sun
STATE HOUSE, Boston, April 7.—Reports from the various textile centers throughout the state, made to the board of labor and industries, indicate that the number of idle spindles and looms in the first part of this year is the lowest on record.

The percentage of idle machinery to the total reported, as of Jan. 2 last and Jan. 2, 1919, follows:

Looms (wider than 30-inch reed space), 14.5 per cent, as compared with 40 per cent; looms (under 30-inch reed space), 18.5 and 32.5 per cent; looms (carpets and rugs), 30 and 65 per cent; cards, 8 and 32 per cent; combs, 7 and 36 per cent; spinning spindles, worsted, 10 and 37 per cent; and spinning spindles, woolen, 9 and 36 per cent.

The general decrease in the percentages of idle of all classes of machinery beginning July 1 of last year indicates, the report says, that the demand for textile products has increased in a marked degree since the transition from a war-time to a peace-time production.

According to data submitted to the board, the consumption of wool, of the grease, scoured and putted, by manufacturing establishments in the state increased from 22,193,000 pounds for the month of September, 1919, to 23,420,000 pounds for the month of December, 1919, or 5.5 per cent.

The amount so consumed in Massachusetts in December last year constituted 43 per cent of the total amount reported as consumed in the entire country.

Summaries of reports received from the principal textile centers in Massachusetts follow:

Lawrence.—The peak of production was reported to have been reached in the cotton and woolen industries during the final quarter of the year. The constant increase in the price of wool and cotton, together with a popular demand by the consumers for the highest grade fabrics, has served to advance in price the general output of the factories. The housing situation tended to prevent any addition to the number of employees and, as a result, the shortage of labor precluded any expansion in production and the workmen did not respond when requested by the manufacturers to work overtime.

Fall River.—Capacity production in the cotton mills was limited by the scarcity of skilled operatives. Although the factories provided for the employment of all available help, between 12 and 15 per cent of the machinery remained idle because of a shortage of employees.

Lowell.—No marked change in the conditions prevailing in the textile industry was experienced during the last part of the year. A scarcity of workmen was reported both in the cotton and woolen industries, making advisable overtime employment in some departments.

New Bedford.—Activity in general was reported slightly above normal. A scarcity of help made necessary the operation of the weaving departments in some mills at approximately 95 per cent of full capacity. Production in the spinning departments was 10 per cent above the average, which made necessary overtime work by employees in these departments.

Pittsfield.—All the woolen and worsted mills were rushed with orders and with the exception of one mill night forces were employed.

Great Harrington.—The mills were operated on a full-time basis with a complete quota of help. The lack of competent textile workers prevented any additions to the regular factory forces.

HOYT.

MAN ABOUT TOWN

We imagine that city ash collectors appreciate every bit of co-operation accorded them by the public whose refuse they collect, but on windy mornings there seems to be a chance for further co-operative effort, at least, taking yesterday as a basis for fair criticism. Stores along Central street placed boxes, cardboard cartons and barrels of rubbish and papers on the curb, some of which were so insecurely tied up that their inmates were soon blowing broadcast, littering the street for several hundred yards. We do not suppose ashmen are obliged to journey up and down a street picking up loose papers blown from bundles believed to be ready for the dump, but this was necessary yesterday to save the public thoroughfare from a disgraceful condition. The proper amount of care would have prevented such an occurrence. Some cities are so well laid out that all refuse is picked up in alleys in the rear of buildings, but Lowell is not so arranged and therefore the need of this sort of care is of particular importance.

I've heard of all kinds of ways of punishing children and of making them afraid to do wrong but I think one Lowell man has a strictly novel idea in pointing out to his youngsters how careful it is for one to stay from the straight and narrow path. The man in question has two sons who are now grown to manhood and the incident of which I speak occurred some time ago when the boys were mere youngsters. "I wanted to impress upon them the horror of doing wrong so I brought them through the Lowell jail from top to bottom," he told me the other day. "I showed them the cells, the confined life of the prisoners were leading and all the other features that go to make incarceration distasteful. It was evident that the visit made a deep impression on the boys and I believe that they still have lingering memories of what they saw on that occasion. At any rate, it didn't do them any harm."

sub-chief ranger, Peter Quinn; treasurer, Hector Gill; financial secretary, Stephen D. Breen; recording secretary, Joseph Lorraine; senior woodward, Michael J. Daly; junior woodward, Arthur Backus; senior beadle, Thomas O'Donnell; junior beadle, Hans Bakke; physician, Dr. Frederick P. Murphy.

LOWELL BILLS KILLED

No Increase in Salary for Members of the Lowell City Government

Special to The Sun
STATE HOUSE, Boston, April 7.—The state senate yesterday killed the bills to increase the salaries of members of the city government in Lowell, and to provide that heads of city departments shall have fixed terms of office.

The first-mentioned bill was based on an appropriation of Abel N. Campbell and others, and the last-mentioned on a petition of Daniel J. McGrath and another. Both had been reported by the committee on cities, with a recommendation that they be referred to the next general court. On March 10 Senator Bliss of Malden, chairman of the committee, asked that they be held upon the table pending further consideration. Yesterday, Senator Bliss moved that they be taken from the table, and when this had been done the adverse reports were accepted without debate or division.

Purcell Wants Increase
William C. Purcell, register of deeds for the Lowell district, appeared before the ways and means committee of the senate today to advocate a bill to increase the salaries of registers of deeds throughout the state, included in which is a provision which would increase his salary by about \$229 per year. He said the salary has not been changed since 1912, and in view of the increase in the cost of living he thought there should be a slight boost in the present figures. There was no opposition.

Britain Not to Join in Advance

Continued

strongly urged the necessity of careful consideration before taking any definite steps. Consequently it was not expected that France would proceed to occupy the neutral zone without their formal approval. Such approval, it is said, certainly has never been given and when the British government was faced with the accomplished fact it was considerably surprised.

Editorial Opinion Divided
Of these reports there is no official confirmation, but they are accepted in some usually well informed quarters.

Editorial opinion in this morning's newspapers is divided. The Daily News sees very strong reasons for regarding the action of France as a mistake but expressed the belief the matter will not lead to any grave cleavage between France and Great Britain and Italy.

"It is very doubtful wisdom for France to add deliberately to the not inconsiderable list of questions on which Great Britain and Italy find it necessary to differ with her," the newspaper remarks.

While clearly criticizing Germany's technical breach of the Versailles treaty, the Telegraph admits that the allies of France will not go all the way with her in the policy she has initiated.

"The British government," the news paper continues, "would have preferred to take the German plea of justification at its face value, and defer action until plainer evidence of bad faith was forthcoming. We believe, nevertheless, British opinion is more nearly unanimous in approving the action of France than upon almost any other question."

Report Protested from U. S.
Regarding America's reported vigorous protest to France, the Telegraph remarks: "The United States is in a unique position, still being at war with Germany and her government's opinion regarding the right method of securing observance of the peace treaty will not, we fear, be considered by the French as better than their own."

The Chronicle, which assumes that the French step was taken with the assent of Great Britain and Italy, withholds any expression of opinion as to whether occupation of Frankfurt was the best remedy for Germany's violation of the treaty, but urges that nothing should be done "by ill-considered criticism of France, to help Germany disintegrate the entente."

The Morning Post and some other papers give entire approval to the French policy, the Herald, Labor organ, crying: "A plague on both your houses." It says labor neither supports Chancellor Mueller against Marshal Foch, nor Marshal Foch against Chancellor Mueller, "as both are agents of capitalism and imperialism."

LONDON, April 7.—Announcement of Great Britain's attitude toward the French move in Germany is being held in abeyance pending a meeting of the supreme council of premiers and ambassadors, which will convene here tomorrow, and which is expected to discuss the situation.

LOWELL DENTISTS HOLD MEETING

Regins to look as though Lowell folks who develop a toothache after 6.30 p. m. will be out of luck hereafter.

At a meeting of local dentists held last evening in the Community club, Dutton street, it was the consensus of opinion that they ought to close their offices at 6.30 o'clock.

No definite action was taken on the matter but it is understood that a decision will be made in regard to earlier closing at the next meeting.

TO BAR SOCIALISTS

Two Bills Designed to Carry Out Recommendations of N. Y. Assembly Committee

ALBANY, N. Y., April 7.—Two bills, designed to carry out the recommendations of the assembly judiciary committee "for barring the socialist party of America from participation in politics in New York state" were introduced in the legislature today.

The measure is intended to require the state's attorney general to begin a court action for a judicial determination of the question whether the "principles, doctrines, or policies" of the socialist party, "if carried into ef-

fect, would destroy, subvert, or endanger the government of the state and nation."

The companion measure is designed to amend the public officers' law relating to qualifications of persons to hold office and to provide for their exclusion from public office and preventing the exercise of official duties.

PLANE USED BY PICKETS AT WASHINGTON

WASHINGTON, April 7.—(By the Associated Press.)—Barred from the streets surrounding the British embassy, the Irish pickets yesterday took to the air.

From a flying machine they rained down packages of leaflets espousing the Irish cause, and challenged the

police to come up and stop them. There being no sky cops in the capital, no arrests were made. Four

land pickets, however, who ventured out early in the day, were arrested and held in the house of detention.

The bombing expedition attracted plenty of attention, but it registered no hits. A low visibility and squally winds scattered the "bombs" everywhere but on the embassy.

The propaganda leaflets whirled in a tiny snowstorm about the windows of Dolly Madison's house, half a mile off, circled Andrew Jackson's rocking horse in Lafayette square, were almost lifted into the White House grounds by the gusty squalls of early

April, and showered down on groups of romping children in Dupont circle.

Evidently somebody in the embassy thought the pickets deserving of some reward for the navy effort, for late in the afternoon, as official Washington was streaming homeward and the

Occupation Unannounced

BERLIN, April 6.—Occupation of German cities in the neutral zone east of the Rhine by French troops was denounced in an official statement today. It is declared that the government did everything to prevent this "unheard of action, which is neither in accordance with the sense of the peace treaty, nor its scope, and is out of proportion with the insignificance of our measures in the Ruhr region."

German Note to French

PARIS, April 7.—Herr Goepfert, president of the German peace delegation, this morning, handed Premier Millerand a note relative to the operations in the Ruhr valley and the French occupation of Frankfurt and Darmstadt. The note was addressed to M. Millerand as president of the peace conference.

The German communication was at once handed to the translators and will be considered by the council of ambassadors at 5 o'clock this afternoon.

MATRIMONIAL

Mr. Guy Morton Kittredge and Miss Janet Bell were married yesterday afternoon at the home of the bride, 92 Epping street, the officiating clergyman being Rev. J. M. Craig, pastor emeritus of the First Presbyterian church. After an extended wedding trip the couple will make their home in Providence, R. I.

The marriage of Mr. Adelard J. Lambert and Miss Emma Ort took place yesterday afternoon at 5 o'clock, the ceremony being performed at St. Patrick's rectory by Rev. Dr. James Supple. The bride wore a brown travelling suit with hat to match and carried sweet peas. She was attended by her sister, Miss Josephine Ort, who was attired in a blue suit with hat to match and carried marguerites. The best man was a brother of the groom, Mr. Joseph M. Lambert. At the close of the ceremony a brief reception was held at the home of the bride's parents, Mr. and Mrs. John J. Ort, 39 Varney street, and later the happy couple left on a wedding trip to New York and Atlantic City and upon their return they will make their home at 39 Varney street.

Gerow—Cosette
Mr. Raphael Gerow, son of former Alderman David Gerow, and Miss Dora Cosette, daughter of Patrolman and Mrs. Adelard Cosette, were married Monday at St. Louis' church, the cere-

mony being performed by Rev. Dr. James Supple. The bride wore a brown travelling suit with hat to match and carried sweet peas. She was attended by her sister, Miss Josephine Ort, who was attired in a blue suit with hat to match and carried marguerites. The best man was a brother of the groom, Mr. Joseph M. Lambert. At the close of the ceremony a brief reception was held at the home of the bride's parents, Mr. and Mrs. John J. Ort, 39 Varney street, and later the happy couple left on a wedding trip to New York and Atlantic City and upon their return they will make their home at 39 Varney street.

SUN BREVITIES

Best printing, Tobin's Associate bldg. Fire and liability insurance, Daniel J. O'Brien, Wyman's Exchange.

Arthur D. Ramsay and Henry J. Rogers of this city have been granted a patent on a bobbin holder for sewing frames. This is an ingenious device for the purpose of keeping the bobbins off the floor in spinning rooms.

Miss Roberta Bramhall, formerly teacher in the domestic science department of the Girls' Vocational school in this city, has arrived in Calcutta, India, on her trip around the world. She has been away from Lowell for several months.

Routine business was transacted at the regular meeting of Overhill lodge, 28, T.O.E.F., which was held last evening and it was announced that the proposed new by-laws, which were presented at the meeting, will be taken up at the next meeting, which will be held April 13.

The board of directors of the Lowell chamber of commerce met last evening to transact routine business. Of considerable importance was the ap-

TWO CASES SETTLED OUT OF COURT

The two action of contract cases brought by the Pratt & Forester Co. and the E. A. Wilson Co., against the Strand Realty Co., being tried together in the superior civil court before Judge Fosdick and a jury, were settled out of court this morning on agreement of counsel.

The next case was defaulted by the defendant, John A. Delany of Lowell, from whom Alexander Leblanc of Kenwood, sought damages as the result of an accident, which, it is claimed, caused the death of his wife, Clara Leblanc on April 14, 1919. Stanley J. Qua, representing the plaintiff, presented his case to the jury for the purpose of determining the amount of settlement.

It is alleged that an automobile operated by Delany struck Clara Leblanc on the Lawrence road, near Percy street, Kenwood, on April 11 and that she died from injuries received at St. John's hospital. It is further claimed that Mrs. Leblanc was walking on the gravel path on the traveled way when struck, although an inquest report found no criminal negligence.

The right thing for you to do is make a trial of BITRO-PHOSPHATE beginning at once. It is not a patent medicine, the formula is prescribed by many physicians for the ailments and weaknesses mentioned above.

With every box of BITRO-PHOSPHATE, are a few simple health rules and a \$3.00 guarantee. Buy a box of BITRO-PHOSPHATE. It is sold and recommended by A. W. Dows and all good druggists everywhere.—Adv.

Some people, after relying upon preparations composed chiefly of salts, quinine, drastic drugs, iron, cod-liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health and contained in BITRO-PHOSPHATE, the famous health preparation. Now obtainable everywhere.

SPOKE ON UNIVERSITY EXTENSION WORK

Herbert A. Dallas, agent of the state department of education, spoke before a very large and appreciative audience of evening high school students and others in high school hall last night on the general subject of universal extension work offered by the state department of education.

Mr. Dallas went into detail in explanation of the opportunities given to those people who cannot seek higher education through the medium of higher schools, colleges and universities by enrollment in the courses available under the university extension. He made it plain, however, that the state was not looking for large enrollment, but only as many young men and women who resolve to enroll and then see the course through to completion.

There are about 120 courses offered by the state department, all free except for the price of necessary materials for the student which are sold by the state at the very lowest cost prices. The courses include academic and trade lines.

Another interesting point brought out by Mr. Dallas was that if the students so desire, their employers will be kept informed of their progress in any course so that any advancement that might be possible through study would be encouraged by the interest and attention of the employers.

Mr. Dallas dwelt upon the prevalent

custom of Lowell people traveling at night after work down to Boston, patronizing various schools in that city, paying high prices for courses, which could be studied in Lowell if sufficient effort were made to establish classes. Any group of 20 or more is sufficient number to warrant the state department in sending an instructor who is an expert in his line to any city in the state. Mr. Dallas said that only the very best instructors are appointed, most of them from prominent colleges and technical schools in the state. During the past few months a class in accounting has been given instruction at the Textile school under the department of university extension and the work has met with great success, according to Mr. Dallas as there are 200 students enrolled. This course is given practically free and corresponds exactly to the ones for which young men travel to Boston to study.

Mr. Dallas was confident that with the co-operation of the school department, many additional courses will be given in the future. Mr. Molloy, superintendent of schools, stated this morning that the school department was ready and willing to act as agent in Lowell for the university extension work in offering information or other details in regard to the work.

"Lowell is not getting out of the department of university extension even approximately the amount of good which its place as a city is entitled to and which the need for education would suggest," said Mr. Molloy. "This is not any fault of the state department of education. The fault or lack lies with the young people who are not aroused to the privileges offered."

How to Gain Flesh

A simple but sure way to increase the weight, it is asserted by several well known physicians, is to take regularly for several months, one or two grain hypo-nutrient tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting assimilation and absorption of the elements in the food which go to make blood and solid tissues. They are obtainable in sealed packages from well stocked apothecary shops.

"MOONSHINE" WORSE THAN WORLD WAR

Here's another "moonshine" whiskey story—and to this case the brew forecast wasn't what you'd call a particularly palatable beverage.

In fact, it proved decidedly unhealthy for Private James Baxter, a Camp Devens boy, who bought a quart of this self same "moonshine" and was sick for a week as a result.

Private Baxter came close to death several times during the big scrap overseas, but he's ready and willing to tell the world that he never came any nearer the pearly gates than during the week following his expenditure of \$1 for a quart of "moonshine."

The story, as related in the municipal court today, runs like this:

A little more than a week ago Private Baxter journeyed down to the Spindle City and bought a quart of "moonshine"—he says it tasted like shoe polish, but the police aver that he's wrong on that part of it—from a Mrs. Annie Adams on Winter street.

It wasn't but a few moments after he had "tried out" the liquor before he was taken ill. He succeeded in

making his way to his room, where he remained for several days in bed.

There came a day when he was able to walk about again, and he promptly decided that something must be done about the matter.

Whereupon he told his story to Sgt. Welch, and the chief, after taking counsel with John H. O'Dea, prohibition enforcement agent, ordered an investigation.

Last evening Private Baxter, accompanied this time by Chief Welch, Officer O'Dea and Policemen P. B. Clark and Winn, again visited the Winter street house.

He went in alone and bought another bottle of "moonshine"—paying for it with marked money supplied by the chief.

When he came out everybody else went in and Mrs. Adams, who was found in the act of putting away the money, was arrested on a charge of illegal sale of liquor.

After hearing the testimony in the case this morning Judge Bright imposed a \$50 fine on the woman, who pleaded guilty.

And Private Baxter says: "Never again."

Other Cases

Convicted of a statutory offense, David Bobella, a soldier, and Teresa Popin of this city, were sentenced to four months in the house of correction. The pair were arrested in a house on Leo street last night.

STREET CAR SERVICE RESUMED AT TOLEDO

TOLEDO, Ohio, April 7.—Street car service, suspended last Saturday when the council refused to ratify a fare-wage increase agreement, was resumed here today. Car riders, who prior to the strike of carmen paid six cents and two cents for a transfer, began today to pay seven cents in addition to the transfer fare.

How long the new rate will run will be determined by the United States district court by whose order service was restored. The court order provides that the company pay the wage increase retroactive to April 1.

and that the car riders contribute to the cost of meeting the advance.

This was the point at which council balked and which resulted in the strike.

Dance to Music From the Air

The evening, numbering about 1000, were given the opportunity of being the first in the country to dance to music transmitted by wireless in public, but just as a wave of speculation and doubt preceded any advancement which has a tinge of the unusual, they were backward in swinging onto the floor to the ill of wireless music. The music was sent out from an acolian vacuum through a transmitter in the Radio club rooms in the Dartmouth building adjoining the Y.M.C.A. and thence in ether waves through the air

WALTER J. BUTTERWORTH
Radio Director

and through the walls of the Associate building to an aerial stretched lengthwise in the hall inside. The aerial in the hall was connected with receiving apparatus and a very strong amplifier set up on the stage which increased the volume of sound waves and sent them out reproductive of the natural music or voice from the club. Two horns, constructed on the same vibrating principle as the telephone and erected on either side of the stage, flooded the hall with the reproduced sounds.

The receiving and intensifying set

on the stage was operated by Everett E. Taylor, president of the Radio club and the apparatus in the club rooms by Leo Jarrett and Arthur W. S. Davis. The demonstration of wireless telephone consisted of introductory remarks delivered by one of the operators at the transmitter at the club, followed by several musical selections, including dance numbers, which were all reproduced exactly as played and loud enough to be heard in the most remote corner of the hall. When the first dance number was wireless the dancers hung back, either unwilling to take the floor or unappreciative of the marvelous scientific demonstration being executed.

Two couples mustered up sufficient courage, however, and took the floor witnessed by hundreds and marked by the distinction of being the first, as said before, in the United States, possibly in the world, to dance in public to music transmitted by wireless. They were Donald Wirt and Anna McCoy, Almon Routwell and Madeline Warren.

At 11:30 o'clock the receiving operator turned the instruments and reproduced the call from the club rooms. "Hello, associate hall, hello Associate hall!" Mayor Thompson is ready to speak. At this announcement all gathered about the two horns and Mayor Thompson spoke in the Dartmouth building in part as follows: "This indeed is the most unique deed I have been called upon to perform in all my life. During my administration as mayor of the city I have been asked to do many peculiar things and tonight it gives me great pleasure in being afforded the opportunity of talking to you by means of what seems an almost impossible medium. As you all may know I flew over the city in an aeroplane. I have also been under water in a submarine, but this seems to be the crowning feature of my adventures—talking through a wireless telephone. Fifty years ago such an accomplishment was beyond the dreams of man; but tonight we all witness the first public demonstration of its practicability ever given. I offer my congratulations to the club for its success. Its use only gives more evidence of what a wonderful country this is. I thank you all for your attention."

None in the audience doubted that Mayor Thompson was speaking by wireless telephone as they recognized his characteristic accents and manner of speech.

During the evening when the demonstrations were not being given dance music was provided by Minner Doyle's orchestra. The hall was profusely decorated.

The Lowell Radio club is an association of Lowell young men who are interested in the game of wireless, some of them having served during the war either as radio operators on the seas or abroad, and who are associated with the American Radio Relay League of America, the officers of which included such men as Hudson Maxim, the inventor of the Maxim silencer and other scientific developments.

The event was witnessed by prominent wireless men from Boston among whom were Morton Beane, radio inspector for New England, Mr. D. F. Pitts, president of the Eastern Radio Institute, Guy R. Entwistle of the Massachusetts Radio school and Mr. Cheatham of the Independent Radio

Telegraph company.

The officers of the dance were:

William J. Carney, general manager; Everett E. Taylor, assistant general manager; David H. Hanson, floor director; Edward J. Hanson, assistant floor director; Charles W. Lombard, Jr., chief aid; aids, all club members; Walter J. Butterworth, radio director; chief operators, Charles H. McMaster, Arthur W. S. Davis, Frederick C. Bowditch, Jr., John E. McMaster, Leslie W. Atkinson, Everett E. Taylor, Leo Jarrett, Stuart M. Briggs, William F. Cullen, Ralph F. Rogers, chairman; Bradford M. Dunn, William F. Atkinson; publicity, William H. Cullen, chairman; Leslie W. Atkinson, E. Sterling Pratt, Warren R. Entwistle; decorations, Charles F. Emerson, chairman; Thomas Connor, Edmund Buckley; program, Randolph B. Reed, chairman; Haven G. Moody, Frank W. Carlson.

The members of the Lowell Radio club are: Everett E. Taylor, president; Ralph V. Scott, vice president; William H. Carney, secretary; Caleb F. Rogers,

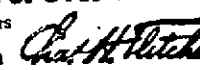

treasurer; associate directors, Walter J. Butterworth, E. Sterling Pratt, Leo P. Jarrett, David H. Hanson, Edward J. Hanson; Leslie W. Atkinson, sergeant-at-arms; William F. Atkinson, Stuart M. Communists Flee Across
Rhine Into British Zone—
2000 Interned

COBLENZ, April 7.—Two thousand communists have crossed the Rhine into the British zone of occupation and have been immediately interned. Twelve hundred more are expected to arrive today.

Flight of large numbers of the communists into occupied territory is considered an indication that the revolt in the Ruhr region is near an end. Bochum was still in control of communists late yesterday and they expected a big fight there. The situation in the Ruhr valley is bad, and living conditions are almost unbearable.

Black Fighting Reported
COBLENZ, April 6.—Gelsenkirchen, north of here, and Dortmund and Schwerte, to the east, were captured today at noon and occupied by advancing government troops. Much fighting is reported in the Ruhr area. There are indications of the Red terror in Essen, it being under the direction of Russian officers, it is said.

The chief of staff of American forces here has repeated his declaration that he has no direct concern with any action outside of American occupied territory, except on specific instructions from Washington. American headquarters is keeping closely informed of the situation, but its sole duty at present is to control and protect interests in the American zone.

Elections June 6
COBLENZ, April 6.—Announcement that elections for the new German Reichstag will be held Sunday, June 6, has been made by the minister of the interior, according to press despatches from Berlin.

Reichswehr Forces Advance
BERLIN, April 7.—Advance troops of the Reichswehr and shock troops entered the suburbs of Essen Tuesday afternoon. Another detachment occupied the Essen town hall last evening. (An Associated Press despatch from Essen by way of Paris, received Tuesday afternoon, announced the penetration of Essen by Reichswehr forces from two sides of the city.)

Long columns of the red army in motor lorries and on foot, passed through Elberfeld on Tuesday. Most of them surrendered their arms at Elberfeld. Others marched into the occupied territory, chief to Solingen, where they were disarmed by the British. Other insurgent bands, still armed, are wandering about the mountains.

Five hundred of the insurgents were transferred by the British to a camp near Cologne.

Railway traffic in the Essen region probably will be resumed today.

**COMFORT STATION
FOR SO. COMMON**
Contractor Frederick P. Meloy has been issued a permit by the buildings department to erect a comfort station on the South common, as voted by the park commission some time ago. The foundation of the building will be of concrete and the structure itself of tile, stucco and wood. The estimated cost

is \$10,000. It will measure 25 feet, six inches by 33 feet, ten inches. No provision is made for heating.

Overcome by Smoke
Continued
was impossible for them to enter the place where the fire was. They succeeded in opening the windows and later two lines of chemical were laid. The motor of the elevator was blazing and the flames were communicating to the ceiling above, but the fire was finally placed under control and the only damage was to the motor and wood work overhead.

The building is owned by Hart & Craig of Lawrence and its four stories are used as a storehouse by the Thompson Hardware Co.

Pigs and Poultry Burned
A couple of pigs and several hens were burned to death in a fire which destroyed a barn owned by Mr. Trull on Circuit avenue, South Lowell, late yesterday afternoon, while the building was burned to the ground. How the fire started is not known, but when the blaze was discovered an alarm was sent in from box 324 and pending the arrival of the firemen several futile attempts were made to save the pigs and hens. By the time the firefighters reached the premises the barn was a roaring furnace and shortly afterward it collapsed.

Two Small Fires
At 5:03 o'clock yesterday afternoon an alarm was sent in from box 13 for a slight blaze in the clubrooms of the Greek Community club in the rear of 3 Worthen street. No damage. At 11:35 o'clock last night a telephone alarm was sent in for an ash barrel fire in the rear of the Flynn property in Gorham street.

WEAVERS ARE DIVIDED
Former U. T. W. Members
Go Over to the Amalgamated Textile Workers

What is claimed to be a majority of the members of Local 1007, Woolen and Worsted Weavers union, held a meeting in Labor hall, Central street, last evening, and voted to retain their affiliations with the United Textile Workers of America, which means that the organization is now divided into two factions, one of which favors retaining their charter with the U.T.W., while the other has already applied for and received a charter from the Amalgamated Textile Workers of America. It was learned this morning that, as a result of last evening's vote in Labor hall, the seceding members of the union will be given a certain length of time to turn over to the International board of the United Textile Workers of America all moneys and paraphernalia belonging to Local 1007, and unless they acquiesce to the demand, legal action will be taken.

The controversy in the union is the result of a recent strike of woolen weavers employed at the Beaver Brook mills in Collinsville. Shortly after the strike was declared, the strikers were ordered back to work by the international board of the United Textile Workers of America, but they failed to carry out the order and some five weeks ago, at a meeting of the organization, so it was stated, a vote of 33 to 12 was taken to secede from the United Textile Workers and to ask for a charter from the Amalgamated Textile workers. Most of the former officers of Local 1007 were elected to the various offices of the new organization, and it is claimed they retained the funds and paraphernalia belonging to the local.

There were about 150 members of the union at the meeting held in Labor hall last evening, and all were unanimous in voting in favor of retaining the charter of the U.T.W. At the close of the meeting, the following officers were elected: Edward Greenwood, president; Edward O'Brien, vice president; Fred Chapman, treasurer; Annie Burns, financial secretary; Jennie Smethurst, recording secretary. The other officers will be elected at the next meeting.

John Hanley, a member of the international executive committee of the United Textile Workers of America, stated this morning that regular meetings of Local 1007 will be held every Tuesday and the officers of the organization hope that before long over two-thirds of the old members will have returned. He said the members of the United Textile Workers of America are opposed to the Amalgamated Workers of America because the organization is not affiliated with the American Federation of Labor and because it is not an organization recognized as a labor movement and therefore all members of the American Federation of Labor will do their utmost to prevent the Amalgamated Textile Workers from getting a foothold in this city.

While the meeting in Labor hall was being held last night the members of the new union met in Odd Fellows hall, Middlesex street, and transacted routine business. In the course of the meeting it was announced later that the charter from the Amalgamated Textile Workers of America had been received and that organizers from New York will be present at the next meeting in two weeks to address the gathering. At the close of the meeting the president of the organization, Michael Casey, stated there was no mention of Local 1007 at the meeting, for five weeks ago the members by a vote of 53 to 12 voted to secede from the United Textile Workers of America and that action was final.

Coal Teamsters
A conference between the coal teamsters who are out on strike, and the coal dealers is scheduled for this afternoon in the office of Hon. Edward Fisher, chairman of the state board of arbitration, which is located in the Sun building. It was stated this morning that neither the teamsters nor the local dealers had anything to do with the calling of the conference, for Mr. Fisher took it upon himself as chairman of the state board of arbitration to bring about a settlement of difficulties if possible, and both parties agreed to be present at the conference.

One of the coal dealers stated this morning that in his opinion there will be nothing to gain at a conference by the coal teamsters, for he said the employers in their offer want the limit. "We feel," he said, "that the coal teamsters are being amply paid for their work and then again we can't afford to pay them more than what we have offered them." This man stated that there are no members of the union on the job, but emergency cases are being handled by the different firms as well

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone! Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

"HE REACHED SO HIGH HE TOUCHED THE SKY"

CINCINNATI, April 7.—Charles Sims, 20, literally "became great" when he was 17. At that age he was 6 feet, 8 inches tall in his stocking feet and since that time has grown one inch. Sims, his friends call him "Admiral Sims," is a student of the reserve officers' training corps, studying engineering at the University of Cincinnati. He sleeps diagonally in ordinary beds and at home in a bed made to order. His clothes are tailor-made.

CAMPAIGN ISSUES
VOTERS MUST FACE

By CHARLES EDWARD RUSSELL, Noted Writer on Economic and Political Subjects

There are two issues that ought to be settled by the election this year:

1.—The public highways—are they to continue to be owned by private interests and operated for speculation and private greed, or are they to be owned by the public and operated for common good?

2.—Do we care a hoot whether the rest of the world goes down into the pit or whether it has a chance at life, peace and progress? That is, did we mean what we said about brotherhood, civilization and a League of Nations, or were we just bluffing?

STUFF HAD KICK
AND BITE IN IT

CINCINNATI, April 7.—This cop should have used a blotter. Patrolman Felleman pinched a man with two gallons of booze in a jug. On the way to the cop station the prisoner dropped the jug in the gutter. Evidence being lost the prisoner was released. A passing dog took three drinks and then bit a man.

New York wastes as much water every day as would supply a city of 100,000 population.

RICHARD CROKER JR.

CALLS FATHER UNFIT TO
CONTROL ESTATE

PALE BEACH, April 7.—Is Richard Croker, Jr., persecuting or persecuting his father, one-time boss of Tammany Hall? Croker, Jr., is in court here trying to show that Croker's wife is dominating him and that he is mentally unfit to control his vast estate. Mrs. Croker holds the attack in persecution, designed to shorten the old man's life.

UNCLE SAM M. D.
Health Advice by U. S. Public Health Service

It is the scalp and not the hair that must be treated.

"Gray hair" cannot be cured, that is restored, except by dyes.

Baldness cannot be cured, except on rare occasions.

The scalp is just like the rest of the skin on the body and should be kept as clean as the face or the hands. In order to do this the head should be washed at least once each week with a good tar, or sulphur soap. This will not only help to keep the scalp free from dandruff, but will open the pores of the scalp and permit of the free flow of oil to make the hair glossy. It is folly to have the hair styled as it is entirely useless. So-called "hair foods" cannot "nourish" the hair and should be wisely avoided.

If you want pretty hair, keep the scalp clean and healthy. Wash the head and hair clean and rinse out all soap. Then dry thoroughly with a hot towel. If the hair should become "dry" from too much washing apply a mixture of grain alcohol and castor oil, about five teaspoonfuls of oil to the pint of alcohol. This will restore the gloss to the hair and also act as an excellent antiseptic for dandruff.

When the hair begins to fall out and bald spots appear, the fault is not always with the scalp, but may be some remote underlying cause. Consult a physician instead of a barber, as the falling hair may be a symptom of some disease he could readily recognize and cure. Often when the hair is falling out it is being replaced by new hair.

Gray hair is caused by a loss of pigment, or coloring matter, and small air bubbles getting into the hair and giving it the white appearance. There is no way of curing this condition, although it may sometimes be prevented by keeping the scalp healthy and clean. This is not always possible, however, as heredity plays an important part in the tendency of the hair to become gray.

In the polar regions the sea contains less salt than at the equator.

YOUR MIND IS
YOUR WORKSHOP

BY ROGER W. BABSON
World Famous Statistician

The other day I saw a man standing by a moving train, watching a hundred box cars pass. When it was gone, he repeated the numbers of all the cars in the same sequence as they passed him. He gave the entire list of one hundred numbers—six to eight digits each—without a single mistake. He's remarkable, but I do not envy him. Two-headed calves are also remarkable.

Your mind is your workshop, and I can't see any sense in piling it with a mass of facts and contrivances, just because you can get them cheap. If you do, you can't find a hammer or a saw when you need it; you'll have to hunt through the pile.

It's much simpler to remember where you can get these facts when you want them, to remember the reference book or encyclopedia where they can be found. Then forget them between times.

Then you'll be able to remember the few important things, opportunities, facts you need daily, and names of people. The process of fixing these few important things in your mind is comparatively simple. First, get a clear-cut conception, a vivid mental picture of the thing to be remembered. See it in every detail; write it or draw it with a pencil if you can. Second, repeat it or rewrite it several times.

If you'll follow this simple suggestion for remembering the few important things—then forget the rest—you'll develop a "good memory" and a serviceable one in a few months.

HALTING HIS CUPID
KENTON, O., April 7.—To keep her on the job and avert her threat to marry unless she was granted an increase in salary, council has passed a special ordinance giving Miss Edith Coltrill, assistant secretary of the city waterworks department, an increase in pay for 1920.

MADE HER BARK
CHICAGO, April 7.—Mrs. Zetta Fox told the court her husband threatened her with a butcher knife and made her get under a table and bark like a dog.

GIRLS COMMUNITY SERVICE CLUB

The Girls Community Service club last night elected the following officers to serve during the current year: President, Miss Mae Hewson; vice-president, Miss Ruth Hartigan; secretary, Miss Catherine O'Neill; treasurer, Miss Helen Ryan.

The first dance after the Lenten season also was held last evening and it was one of the most enjoyable social events the club girls have yet planned.

That has been favorably known and used by millions of Americans in the past 50 years is Dr. Pierce's Golden Medical Discovery. Made of roots and barks, some of which were known and used by the American Indians for centuries, such as blood root, Oregon grape root, stone root, sacred bark, cherry bark. Made in a scientific laboratory at Buffalo, N. Y., and without alcohol. If you want pure, rich, red blood ask at the nearest drug store for Dr. Pierce's Golden Medical Discovery in either tablet or liquid form. You will soon feel the energizing effect and your blood will be recharged with vim, vigor and vitality. Blood poisons are stamped out by this alternative extract.

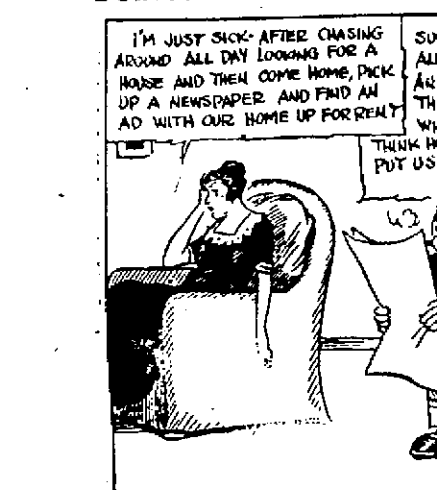

It's a medicine that starts from the beginning. It rouses every organ into healthy action, purifies and enriches the blood, and through it cleanses and renews the whole system. Blood, Skin, and Scalp Diseases are eradicated. For Tetter, Salt-rheum, Eczema, Boils and Carbuncles it's an excellent remedy.

"Golden Medical Discovery" works equally well at all seasons. Everywhere some neighbor will tell you the good it has done:

Buffalo, N. Y.—"I consider Dr. Pierce's Golden Medical Discovery a very excellent medicine. I have taken it as a tonic and for bad blood and it was a good builder of the system and excellent as a purifier of the blood. I also took it for liver and stomach trouble, and it was very quick in giving me relief from these ailments. The 'Golden Medical Discovery' has always given me good results and I am glad indeed to recommend it."—MRS. ADELL MARDON, 10 Pearl Pl.

RUHR TROUBLE PART OF PLOT

Said to Have Been Deliberately Planned to Break Off Negotiations for Agreement

Conditions Similar to Those in 1914 When Teutons Began the War

PARIS, April 6.—Entry of German government troops into the Ruhr district interrupted tentative negotiations for an economic understanding between France and Germany, and in authoritative circles here there is a conviction that it was deliberately planned for that purpose.

It is declared that the situation in Paris has corresponded with that in Berlin, where the Prussian and military element dominates the government, according to reliable information.

German regular forces entered the Ruhr valley during the Easter holidays. It is pointed out, when Premier Lloyd George and Earl Curzon, British secretary of state for foreign affairs were away from London, and it was impossible for France to communicate with her allies regarding the situation. A similar state of affairs existed last in July, 1914, when President Poincaré and the French foreign minister were absent from France, and Germany and Austria began aggressions which started the world war.

DEATHS

HANDLETT—Mary J. Handlett, widow of M. B. Handlett, died last night at her home, 532 School st., aged 86 years, 2 mos. and 21 days. She leaves a son, Raymond, and four grand children, Harry M. and Jennie Handlett of Lowell; Benjamin J. Handlett of Philadelphia, Pa.; Mrs. Gertrude Dewar of Worcester; four great grand children, Dorothy and Pauline Handlett of Lowell; Doris and Donald Dewar of Worcester and one brother, E. M. Handlett of Lowell. Burial will be at St. Patrick's church, Lawrence.

GONDREAU—Raymond F. Gondreau, beloved child of Francis A. and Lillian M. (Ayotte) Gondreau, died this morning at the home of his parents, 73 Canal street, aged 1 month, 13 days. The body was taken to the chapel of Undertakers James P. O'Donnell & Sons.

FUNERAL NOTICES

DORGAN—The funeral of Maurice Dorgan will take place Thursday morning from the home of his son, Dr. Dorgan, in Lawrence. There will be a funeral mass celebrated at 9 o'clock at St. Patrick's church, Lawrence.

BURKE—Died April 5, Mrs. Ada V. Burke. Funeral will take place Thursday morning at 9 o'clock from the home of her mother, Mrs. Mary Donohue, 65 Willow street. Solemn high funeral mass of requiem will be sung at the Immaculate Conception church at 10 o'clock. Burial will take place in St. Patrick's cemetery. Undertakers M. J. McDonough Sons in charge. Motor cortege.

CARMAN—Died April 6, at the Lowell General hospital, Francis Carman. Funeral services will be held at the home of James Dax, 6 Bradford place on Thursday afternoon at 2 o'clock. Friends are invited without further notice. The funeral arrangements are in charge of Undertaker William H. Saunders.

ZESSEWITZ—Died April 6, at her home, 108 Lincoln street, Mrs. Mary Zessewitz. Funeral services will be held at the home in Lincoln street Thursday afternoon at 2 o'clock. Friends are invited. Burial will be in the Edison cemetery. Motor cortege. Higgins Bros. in charge.

HANDLETT—Died April 6, at her home, 532 School street, Mary Jane Handlett. Funeral services will be held at the undertaking rooms of Hiram C. Brown, 14 Loring street, Saturday afternoon at 2 o'clock. Friends are invited without further notice. Burial private.

CARD OF THANKS
We wish to express our sincere thanks to our many kind relatives, friends and neighbors, for the kindness and sympathy shown to us in the sickness and death of our beloved husband and father. We hold all in loving remembrance.

MRS. H. SHAW and Son.

ROYAL
Electric
Cleaner

No true housekeeper is satisfied with mere surface cleanliness.

The family's health and her own peace of mind demands the complete removal of hidden dirt with its lurking germs as well as that which can readily be seen on the surface.

Dirt cannot resist the powerful, purifying air stream of the ROYAL. It gets the dirt ON, IN and UNDERNEATH your floor coverings, raises the nap and leaves them looking like new.

LIBRARY YOUNG WOMEN WANT MORE PAY

The young women employed as attendants and in other capacities in the local city library have petitioned the library trustees for an increase in wages to bring them more nearly to the scale of wages being paid clerks in city hall.

At the present time three of the young women employed as attendants are receiving only \$11.50 per week. It is true that these attendants have been employed but a short time, but they feel that they are entitled to more consideration at the present time in view of the scale being paid beginners in other clerical positions.

The catalogue, school librarian and registration clerk, all of whom are called upon to serve as desk attendants in addition to their other duties are now receiving \$17.25 per week. Another desk attendant is receiving \$15.50.

Mayor Perry D. Thompson, a member of the board of library trustees, said today that the requests of the library employees had been taken under consideration and definite action was to have been taken at a meeting of the trustees held yesterday. However, when the new scale of wages submitted by the young women reached his honor's attention, he felt that some investigation should be made as to the average wage paid clerks in other municipal departments and also what library attendants were receiving in other cities. There the matter now stands.

FUNERALS

CLARK—The funeral services of Allison W. Clark were held at the rooms of Undertaker W. H. Black yesterday afternoon, Rev. A. B. Riggs and Rev. John Gould of the Church of the Nazarene officiating. Miss Joan Wright sang appropriate selections. The body was sent last night to Harland, N. B. for burial.

DINSMORE—The funeral services of Dorothy E. Dinsmore were held yesterday afternoon at the home of her parents, 452 West Main street, Rev. Appleton, pastor of St. Anne's Episcopal church, officiating. The floral tributes were beautiful. Burial took place in the cemetery in charge of Undertaker William H. Saunders.

DUBOIS—The funeral of General Dubois took place yesterday afternoon from the home of his parents, Messrs. Stephen and Emma Dubois, 124 Burnham avenue. Burial was in St. Joseph's cemetery, under the direction of Undertakers A. Archambault and Sons.

JESSOP—The funeral of Mrs. Susan A. Jessop was held from her home, 73 Canal street, yesterday afternoon. The services were conducted by Rev. John L. Cairns, pastor of St. Paul's M. E. church. There were many beautiful flowers. Burial was in the cemetery in charge of Undertakers A. Archambault and Sons.

CHAPPELLE—The funeral of Mrs. Winifred Chappelle took place this morning at 9 o'clock from her late home, 25 Charles street, and was largely attended by sorrowing relatives and friends. The funeral cortege proceeded to St. Patrick's church where at 9:15 o'clock a funeral high mass of requiem was sung by Rev. Daniel J. Jefferson. The choir sang the Gregorian chant. The body was carried by Messrs. Stephen Corby, Daniel Corby, William Corby, Jr., brothers of the deceased; James Sullivan, Joseph McDonough and John McLaughlin. Burial was in St. Patrick's cemetery, where the committal prayers were read by Rev. J. Jefferson. The funeral arrangements were in charge of Undertakers M. J. McDonough Sons.

CARTLAND—The funeral of Mrs. M. Cartland took place this morning from the funeral parlors of Undertakers O'Donnell & Poy, 533 Garden street, at 9 o'clock and was largely attended by relatives and friends, including many from Boston. The funeral cortege proceeded to St. Peter's church where at 9 o'clock a funeral high mass was celebrated by Rev. Peter T. Lihenan. The choir, under the direction of Mr. James E. Donnelly, sang the Gregorian chant. Solos of the mass were sustained by Messrs. Mary Rynne and Mr. James E. Donnelly. Miss Gertrude Quigley presided at the organ. There were many beautiful floral offerings as well as many spiritual bouquets. The casket was borne by the following bearers: Messrs. Thomas Green, John McLean, Peter Cahan and Patrick McLean. Burial was in the family lot in St. Patrick's cemetery where the committal prayers were read at the grave by Rev. J. Lihenan. Funeral arrangements were in charge of Undertakers O'Donnell & Poy.

ROCKWELL—The funeral of Mrs. Sarah A. Rockwell took place today at 9:30 from her late home, 145 West Sixth street and proceeded to St. Michael's church, where a funeral mass was celebrated at 9 o'clock by Rev. Thomas Heagney. The Gregorian mass was sung by the choir, under the direction of Mr. Thomas Boulger. The solos of the mass were sustained by Miss Margaret Griffin and Thomas Boulger. The organist was Miss Marie O'Donnell. The funeral was largely attended by sorrowing relatives and friends. There was a large number of beautiful floral offerings and spiritual bouquets which showed the great esteem the deceased was held in by her many friends. A delegation from Monmouth Legion Chapter 32, was present. The funeral was under the direction of Undertakers Charles H. Malloy's Sons.

Freckled Girls
Try This to Make Freckles Fade Away
Just apply a little Kintha Beauty Cream every night and morning with the finger tips. After a few regular applications with this facial beauty cream—watch the freckles gradually fade away.

Girls who believed their freckles would never go away have been utterly amazed after using Kintha Beauty Cream to see the remarkable difference it made.

This is YOUR chance to get rid of those disfiguring freckles. When your friends ask you what made your complexion so clear—tell them Kintha Beauty Cream has been used for 15 years to remove stubborn, blotchy freckles. Any well-stocked drug or department store can supply you. Adv.

SAFETY FIRST CAMPAIGN BOOMING HERE

To aid in "putting over" Lowell's Safety First campaign—which is being conducted here during the first two weeks of April under the general direction of Supt. Welch of the police department—the chamber of commerce and the Community Service club today instituted a thorough and comprehensive program for reducing the number of accidents in the city, many of which are caused by pure carelessness on the part of auto drivers and pedestrians.

A feature of the chamber of commerce program will be the despatching of letters to each of its nearly 1200 members, requesting that each exercise due caution in motoring along local streets and highways, and, if they employ chauffeurs, to instruct them in the best methods of accident prevention. The members are also asked to read to their families all stories of accidents appearing in the local newspapers, so that the young folks may realize the frightful toll which carelessness exacts from its victims.

The Community Service club has arranged to have well known public speakers deliver brief addresses during the remainder of the drive in all local theatres where "Careless America," the thrilling accident prevention film, is being shown. The club will also co-operate with Supt. Welch in other ways, which will be thoroughly discussed at a meeting later in the week when the superintendent will address the officials of the club.

In the local schools Safety First programs are in full swing under the direction of Supt. Hugh J. Molloy. Lectures on the topic of accident prevention are being delivered daily by the teachers, and the pupils are also asked to write essays on the results of carelessness.

Local school children will be admitted to any theatre where "Careless America" is being shown this week at the minimum charge of 11 cents and teachers will be admitted free.

**ENTERTAINMENT IN
HIGH SCHOOL HALL**

Tomorrow evening the senior students of the evening high school will give an elaborate entertainment to the members of the other classes when they will stage a program of 13 numbers in the school hall. After the entertainment the floor will be cleared for dancing for the school students.

The program will be as follows, under the direction of Miss Adelaide Noyes, teacher of elocution in the evening high school:

Reading exercise with song "Stand Forth By Old Glory"
Girls of the 3rd Forty
Dumb-bell exercise
Song, "Drifts of the 2nd Forty"
Song, "Dreaming Alone in the Twilight"
Daniel Fahey, Accompanied by Miss Anna Quinlan
Reading, "The Quest of Our Forefathers"
Miss Emily Pearson
Butterfly Dance
Little Helen Simpson
Piano solo, James P. Donahue
Song, Mr. Bertram Nellid
Reading, "The Fireman"
Miss Clara Caldwell
Violin Solo, Miss Lillian Wyman, and Miss Anna Wyman, accompanist
Song, "Just Dreaming of You"
Miss Esther V. Cliburn
Victory Dance, Little Helen Simpson
Song, Mr. Bertram Nellid
Exercise with Flag Salute, Boys of the 3d Forty

MUSICAL TREAT

Another musical treat is in store for the music loving public of this city when the concert conducted by St. Patrick's parish will be held at the Strand theatre Monday evening, April 25. Four eminent artists are coming:

namely: Miss Lily Mesinger, soprano; Mr. John Finnegan, tenor; Mr. Edwin Schneider, pianist; Mr. Edward Illingworth, organist and accompanist. These artists have been heard in Lowell before and the announcement of their return engagement will be hailed with delight by the Lowell public.

Gold is found in Sumatra, the Celebes, and in Dutch Borneo in beach deposits, tertiary gravel beds, and also in deposits.

LEATHER WORKING AND LEATHER CHEMISTRY

If the plan of Rep. Henry T. Duggan of Peabody is acted upon favorably in the legislature, the teaching of leather working and leather chemistry will be established at the Lowell Textile school.

Mr. James, principal of the school, stated this morning that, although no direct action had been taken in the school along that line, it was a practical idea as the skeleton of such a course is already at the school, including the academic and trunk subjects necessary with their applied courses in chemistry and related subjects.

The first plan was to establish a leather school there to which the young men from the tanneries might go for instruction in the higher branches of their trade. As it stands now, however, the committee on education is of the opinion that quite as much might be accomplished if leather manufacturing were made a branch of study at one of the institutions already in existence. Because of its proximity to Peabody and Woburn, Lowell was decided upon as the best place and because the equipment at the Textile school, including the dye-making facilities and the subjects taught, is already installed.

Mr. James said this morning that there is very close relation between the dying processes of leather and textiles. In Mr. James' opinion the committee of education decided right in deciding upon Lowell as the best place for such a course. He said, however, that a complete and extensive course might necessitate some new machinery, specifically for use in the leather work.

**CLOCK AND BELL
WIRES REMOVED**

The electrical connection between the annex and the main buildings of the Lowell High school which controls the clock and bell systems of the school, was cut off today as the steam shovel excavating on the new school lot is now digging out the ground where the connecting cable is laid.

It will be necessary to relocate this cable before regular electric control of the time systems in the two buildings will be resumed. Mr. Harris stated today that all the time pieces of the teachers in the annex were carefully set corresponding to the clocks in the main building, so that there would be no conflict in the different periods at both buildings.

STAINER'S "CRUCIFIXION"

The tabernacle chorus of 400 voices, supported by Ben Redden, tenor, of Boston, will repeat Stainer's "Crucifixion" tonight, at 7:30 o'clock. Reserved seats will be held until 7 o'clock for those who obtained them on Good Friday night, when the first presentation was given.

Effective Thursday, April 8, the Schedule for Last Trip Will Be as Follows:

Week Days Sundays
Andover Street.....11:30 11:00

Chicago R. R. Men Defy Union Officers and Join in Strike-- Thousands Idle-Traffic Tied Up

DEFY OFFICERS, VOTE TO STRIKE

Chicago Firemen and Engi-
men to Join Unauthorized
Strike of Switchmen

Freight Traffic Already Re-
stricted Faces Complete
Tieup if Strike Spreads

CHICAGO, April 7.—Representatives
of 8500 members of the Brotherhood
of Locomotive Firemen and Engi-
neers employed in the Chicago switch-
ing district today have defied their union
officials and voted to join the un-
authorized switchmen's strike called
nearly a week ago.

Freight traffic in the Chicago dis-
trict already was restricted seriously
and strike leaders and railroad offi-
cials were agreed that if the force of
workers was augmented such traffic
would be brought virtually to a stand-
still.

The vote of the engineers and fire-
men came in the face of predictions
of grand officers of the Brotherhood
of Railway Trainmen and the Switch-
men's union of North America, with
which the striking switchmen are af-
filiated that by Saturday the strike
would be broken by loyal union men
brought here from other cities.

Engineers and firemen declared that
they would not work with "scabs" as
they term the loyal union men and
also demanded an increased wage. En-
gineers are paid \$5.16 a day and they
demand \$1.50 an hour; the firemen,
paid from \$4.16 to \$12.5 a day, de-
manded \$1 an hour.

Meanwhile it is reported supplies of
certain foods and fuel were beginning
to run low in Chicago and nearly 20,
000 employees had been thrown out of
work at the stockyards by the stop-
page of receipts of cattle. The pens at

Pickets to Quote Sec. Colby Who Defended Irish and Rapped Britain

WASHINGTON, April 7.—Barred by the police from picketing the
British embassy, leaders of the women sympathizers with the Irish cause
announced today that they would turn loose their banner bearers on the
state department. They said the pickets would appear as soon as
painters could complete banners bearing extracts from an address which
they declared Secretary Colby had made in New York after the Easter
rising in Ireland in 1916 and in which they asserted, he defended the
Irish and attacked Great Britain.

DISCUSS CAUSE OF UNREST HERE

First National Immigration
Conference Ever Held in
America Opens

Naturalization, Immigration
Laws, Big Labor Shortage,
Etc., Discussed

NEW YORK, April 7.—The first na-
tional immigration conference ever
held in America began here today to
discuss naturalization and immigra-
tion laws, the shortage of labor, the
exodus of immigrants from America
and the cause of unrest among the
foreign born, with a view to formu-
lating recommendations to congress. The
meeting was under the auspices of
the Inter-racial council of New York
and delegates include representatives
of 30 racial groups and spokesmen for
industry, agriculture, capital and la-
bor.

William H. Barr, president of the
inter-racial council and spokesman for
industry and General Coleman Du
Pont, chairman of the board of direc-
tors of the inter-racial council, opened
the meeting. A statement prepared
by E. T. Meredith, secretary of agri-
culture, was read in which he ap-
proved of any "legitimate effort to im-
prove the way in which the immigrant
may be helped to become a thorough-
going American."

Shortage of 4,000,000 Men
"America is four million men short
as a result of the dwindling of immigra-
tion since the war," General Du
Pont said. "Thousands of immigrants
are going back; other thousands are
migrating to Canada, South America
and Australia and other countries are
making organized efforts to attract
immigration. The United States is
not."

There are certain fundamental

OVERCOME BY SMOKE

Eric Deroehn Battled Blaze
With Hand Extinguisher—
Fire in Elevator

Water leaking through the roof of
the four-story brick building at 13
Shattuck street shortly before noon
today caused a short circuit in the
electrical apparatus of the elevator and
a blaze followed, but fortunately no
serious damage was caused. Eric
Deroehn of 79 Chestnut street, an em-
ployee of the Thompson Hardware Co.,
who attempted to put out the fire with
a hand extinguisher, was partly over-
come by the dense smoke and after
being helped into the street by a
couple of firemen was sent to his home
in an automobile.

The blaze was discovered at 11:43
o'clock and an alarm was sent in from
Box 23. When the firemen reached the
premises they found the top story of
the building filled with smoke and it

DANCE TO MUSIC FROM THE AIR

Music for Dance in Associ-
ate Hall Furnished by
Wireless

History Making Event Under
Auspices of the Lowell
Radio Club

Lowell stands today preeminent
over every other municipality in the
United States, possibly in the world,
distinguished by the privilege of hav-
ing the first public demonstration of
the practicability of the wireless tele-
phone which was given last evening
as a novel and unique feature of the
dancing party under the auspices of

EVERETT E. TAYLOR, President

the Lowell Radio club in Associate
hall. During the evening selections
of music were reproduced by wireless
telephone and at 11:30 Mayor Thomp-
son delivered an impromptu speech in
the Dartmouth building which was re-
produced with such naturalness and
so clearly in the dance hall, that the
listeners were astounded.

The people who attended throughout

BETTER TRAFFIC RULES

Conference Called to Consid-
er Making Prescott Street
One-Way Thoroughfare

The first steps toward a betterment
of traffic conditions in and about
Merrimack Square, particularly as re-
lated to the congestion in Prescott
street, have been taken by the Lowell
chamber of commerce, through its
president, W. N. Goodell, who has ar-
ranged a conference between Prescott
street abutters and the chamber com-
mittee on streets and highways for
Friday afternoon at 4 o'clock.

The special committee on streets
submitted a report to the board of di-
rectors late yesterday on the Prescott
street proposition, particularly on the
advantages to be gained by making it
a one-way thoroughfare and the di-
rectors, after accepting it, authorized
Pres. Goodell to take whatever steps
he deemed necessary.

As a result letters were mailed last
night to every known Prescott street
property owner and abutter, asking
their attendance at the conference on
Friday.

It is anticipated that extensive and
exhaustive arguments against the
proposition will be advanced at the
meeting, but the committee invites
these in an effort to obtain all possible
data and viewpoints. The chamber of
commerce is not attempting to force
the issue in any way, but seeks some
remedy for the traffic congestions
which have developed into a serious
menace during the past few years and
which, naturally, will continue and in-
crease this summer.

If Prescott street eventually be-
comes a one-way thoroughfare, it is
fair to presume that traffic will flow
in the same direction electric cars now
travel from Merrimack square to
Central street.

MOTION FOR NEW TRIAL
FITCHBURG, April 7.—Judge Nel-
son P. Brown, presiding at the March
term of superior court, today heard a
motion for a new trial for Terence,
under death sentence for murder, by
his counsel, Attorney Frank Zottoli
of Boston. Judge Brown heard the
motion in chambers where he was
awaiting a verdict in another case.
He agreed to hear counsel again at
2:30 o'clock this afternoon. The gov-
ernment was not represented.

U. S. SEES NO CAUSE FOR REVOLUTION

WASHINGTON, April 7.—Benton Mc-
Millan, United States minister to Guate-
mala, has issued a proclamation to the
people of that country stating that, in
view of the guarantees of constitu-
tional rights made by President Estrada
Cabrera, the American government
"firmly believes there is no cause for
starting a revolutionary measure."

This was the first intimation to reach
the public here that a revolutionary
uprising was threatened in Guatemala.
Copies of Mr. McMillan's proclamation
together with that of a proclamation
issued by President Cabrera were re-
ceived today in Washington. President
Cabrera pledged his administration to
insure the freedom of presidential elec-
tions in 1922, to recognize all rights
guaranteed by the constitution and to
give immunity to all from arrest for
political reasons.

HINT ITALY TO CALL TROOPS

Action of France "Instructive
for Italy as Best Way to
Solve Pending Questions"

Rome Paper Says Wilson's
Accusation Relative to Mil-
itarism in France Justified

ROME, April 6.—President Wil-
son's accusation relative to mili-
tarism in France is justified by the
action of that country in send-
ing troops into German cities, says
the Giornale d'Italia, in discussing
the situation. The action of France,
the newspaper says, is "very in-
structive for Italy, showing the best
way to solve pending questions."

"For over a year," the article
continues, "Mr. Wilson's veto has
wrecked any compromise regard-
ing the Adriatic problem. France,
instead, despite the opposition of
England, Italy and America, de-
cided upon the occupation of cities
in the neutral zone east of the
Rhine. This also shows that the
League of Nations, about which so
much time was wasted in Paris is
designed to remain an absolutely
inefficient organ deprived of any
authority to solve international con-
flicts."

"Columbia Six"—A Real Good Car.

Von Hoegen Disbarred From Practice

NEW HAVEN, Conn., April 7.—Maximilian von Hoegen, whose pro-
German sympathies publicly expressed in the early days of the world war
drew attention to himself until a party of men one night compelled him
to kneel and kiss the American flag, was disbarred from practice at the
Connecticut bar today. He was arrested in December, 1917, charged
with treason. In making out his selective draft papers Von Hoegen
wrote that American citizenship "was a doubtful honor" that he was
"proficient in teaching socialism" and endorsed them with "Deutschland
uber Alles."

Germany Protests France's Action

BERLIN, April 7.—Germany has protested to France against the
occupation of Frankfurt and the other territory on the right bank of the
Rhine into which French troops have just moved. The note points out
that alleged violations of the treaty must under the terms of that instru-
ment, be redressed by all the signatories on the allied side, and not by a
single one, acting independently.

Greek Troops Ordered to Advance

ATHENS, April 7.—Greek troops have been authorized by the
supreme military council of the allies to advance in Asia Minor in
anticipation of an eventual attack by Mustapha Kemal. They have
occupied a strategic position east of the sector they have held around
Smyrna, according to a despatch to the newspaper Ethnos.

To Proclaim Rhine Republic

PARIS, April 7.—(Havas)—The newspapers of Berlin say today
that news received from all parts of the Rhine provinces indicates the
proclamation of a Rhine republic is imminent, according to despatches
from the German capital.

Coolidge to Sign Daylight Saving Bill

BOSTON, April 7.—Governor Coolidge indicated today that he would
sign the daylight saving bill today or tomorrow. The governor said that
although he disliked the bill, it had been so fully discussed he felt that
he ought to follow the will of the legislature.

German Troops March on Duessekdorf

AIX LA CHAPELLE, Rhenish Prussia, April 7.—German govern-
ment troops are marching on Duessekdorf. Occupation of the town is
expected late this evening or tomorrow morning.

YESTERDAY ANNIVERSARY OF HISTORICAL EVENTS

Yesterday was the anniversary of great events in history.

One hundred and thirty-one years ago George Washington was elected first president of the United States by the first session of congress, which convened in New York.

Fifty-eight years ago the Union and Confederate armies grappled in the great battle of Shiloh.

Eleven years ago the late Rear Admiral Peary "nailed the Stars and Stripes to the North Pole."

Three years ago the United States declared war on Germany.

Wild knights and fights, with a touch of paprika thrown in, is a thriller.

Connie Talmadge has completed an original picture by John Emerson and Anita Loos. This is entitled "The Love Expert," and Connie takes the part of a girl who knows so much about love she thinks it, eats it, drinks it and loves. It's the funniest picture Emerson and Loos ever turned out.

"The Outlaw Board," a thriller drama, written by Grace Wilbur, is on at

the Bijou theatre. It tells of a grifter who sets himself up in business as one who can receive messages from the other world. One of the messages he receives from this world causes the trouble.

Arthur Guy Empey of "Over the Top"

is now an honest-to-goodness motion picture star. His latest comedy-drama entitled "Oil," was screened privately recently and it is a dandy production.

Two leap year productions hit Broadway this week. One was the stage show, "Mrs. Minerva Thompson," which opened Monday night at the Princess and the other is "April Folly," being shown at the Capitol.

Rated as a milestone in film history is "Dr. Jekyll and Mr. Hyde," in film form and in which John Barrymore is starred at the Rivoli. The way the movies have construed Robert Louis Stevenson's work would even delight that great author and give him thrills besides.

Another movie that's hitting well with New Yorkers is Ivan Abraham's latest, "A Child for Sale." In this picture the producer takes a rap at gangster landlords in a way that almost makes the audience forget the sad tale and shout with glee.

LOCKS GROCE IN ICE CHEST

BOSTON, April 7.—While Samuel Charles, proprietor of a meat market at 55 Main street, Charlestown, was in his refrigerator looking for boiled ham last night, a young man who pretended to be a customer locked the lever on the door and then rifled the cash register of 140.

Charles broke the glass and gave chase, but the man got away.

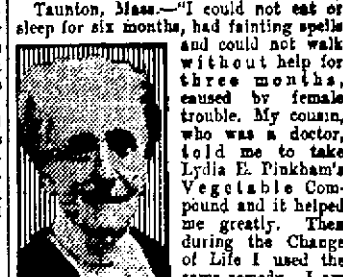

He was described as 20 years old, 5 feet 9, 160 pounds, medium complexion, blue suit, army shirt and gray cap.

Charles said he believed there was a confederate on guard outside the shop.

"Columbia Six"—A Real Good Car.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

AMERICA FACES OIL SHORTAGE

America, with only four months' supply of oil in storage faces the prospect of having to seek oil from foreign sources which are now showing a tendency to exclude the United States from purchasing from their fields," according to Van H. Manning, United States director of mines, in a paper read before the 121st annual meeting of the American Institute of Mining and Metallurgical Engineers at New York recently.

George Otis Smith, director of the United States Geological Survey, at the same meeting, confirmed the statement of the director of mines, and declared that the position of the United States in regard to its oil supply at the present time is "precarious." Mr. Smith estimated the supply still undeveloped, however, at enough for about 20 years. There are enormous quantities of oil in the shale beds in Colorado, Wyoming and Utah, it was explained, but Director Manning was doubtful whether economic production of this oil is at present possible.

Latin-America, Great Britain, France and the Netherlands, it was said, control the main potential sources and all of these countries have adopted policies tending to shut out those of other nationalities. Director Smith declared that American concerns should enter foreign fields not only with American methods, machinery and brains but also with money and financial and operating control. "Wide open oil policy for all the world" was advocated by Director Manning who urged the active protection of such a policy by citizens and legislators.

Director Smith in his address on "A Foreign Oil Supply for the United States," urged a nation-wide thrift campaign in the conservation of fuel oil, gasoline and lubricating oil all along the line of production and con-

sumption by better methods in localizing, drilling, recovery, transportation, refining and use. He pointed out that the new demand of the shipping program alone would call for oil in quantities equivalent to nearly one-half the present domestic output.

Other papers presented at the sessions included discussions of oil production in Persia, the Philippines and Kentucky, Tennessee, Pennsylvania and New York.

1800 MASS. DOCTORS GET LIQUOR PERMITS

BOSTON, April 7.—Permits to prescribe intoxicating liquor have been issued to 1800 physicians in Massachusetts by the internal revenue office, according to Prohibition Director Daniel F. O'Connell, who yesterday assumed charge of the distilled spirits division. Fully 7000 permits of various kinds have been issued in the state since the 18th amendment became operative.

Mr. O'Connell announced that 1700 druggists have permits to use intoxicating liquors for manufacturing and in compounding medicinal preparations unfit for beverage purposes. About 600 of this group have qualified as retail dealers, which allows them to sell intoxicating liquors upon a physician's prescription.

MAKING BOLSHEVISTS IN MASSACHUSETTS

(Special to The Sun.)

STATE HOUSE, Boston, April 7.—The bureau of immigration, in a statement given out today, declares that a considerable number of aliens in this state are turned into Bolshevists because of the dishonest treatment they receive by those who take advantage of their inability to read and write.

"The immigrants are defrauded of their meagre savings in a surprisingly large number of ways," the statement says. "These include the issuance of insurance policies covering only limited liabilities, the purchase of stock in speculative concerns, entirely visionary if not dishonest, stamp books allowing purchasers to 'select' not 'secure' furniture on the purchase of a given number of stamps, misleading deeds of land, and bills of sale specifying conditions unknown to the buyer."

"Together with this sort of experience in this country," the statement continues, "the immigrant frequently comes from a homeland where injustice and oppression was the rule. Harsh treatment there and here has created a background of distrust and suspicion, and inevitable disillusion and mishaps are magnified into grievous wrongs."

"Hostile agitators are ever active in fanning the flame of dissatisfaction among the foreign born by magnifying real or fancied wrongs. This vicious propaganda is carried on more actively in papers printed in the English language than in the foreign language press. This latter, however, reaches the less controllable, more inflammable element, and also, more importantly, reaches the persons who are never reached by any effective American argument."

"This Bolshevistic attack on the immigrant residents of the commonwealth, wherein 'freedom of speech' becomes 'license of treason' is a form of exploitation even more dangerous

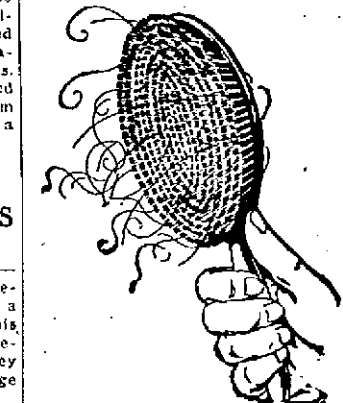

to the alien than the activities of individual swindlers. Economic facilities go unchallenged mainly because of the language barrier. They should be constantly subjected to the sunlight of truth and common sense." HOYT.

A SURE SIGN THAT MOTHER HAS LEFT FATHER AT HOME FOR A FEW DAYS TO KEEP HOUSE:

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff. Besides every hair shows new life, vigor, brightness, more color and thickness.—Adv.

Gifts to Children

Teach them to make their own Jiffy-Jell desserts and serve in dainty ways. See offers below

Made with Style—E Mold

To Every Child

Serve this week a real-fruit dessert

Jiffy-Jell, above all else, is the dessert for children.

They revel in it. Five times the cost can serve them nothing half-way so appealing.

It means real fruit—a wealth of it; the fruit that children need. Accept these offers this week—let them know Jiffy-Jell.

Crushed fruit in it

Jiffy-Jell is the new-style quick gelatine dessert which millions have adopted.

The fruit is not a mere flavor. Each package contains a bottle of liquid fruit-juice essence.

We crush the fruit, condense the juice and seal it. It makes Jiffy-Jell a real-fruit dainty, rich in fruit.

We crush half a pineapple in Hawaii—fruit too ripe to ship—to make the flavor for one Jiffy-Jell dessert. So with all fruits—the fruit essence is abundant.

Less than apples cost

Yet Jiffy-Jell, with its rich, rare fruits, costs less than apples cost.

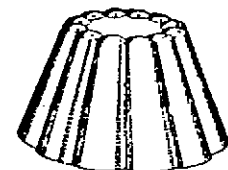

It comes ready-sweetened. It comes acidulated with lemon or grape acid. The fruit essence comes in a vial. Simply add water and a package will serve six in mold form, or twelve if you whip the jell.

No other fruit-made dainty costs so little or is so inviting.

Try pineapple flavor and loganberry. Try lime-fruit flavor for a tart, green salad jell. Try mint for a mint jell to serve with meats.

Let the girl make it—teach her housekeeping. Then use the trade-marks to get molds, cups, spoons, etc. Teach them dainty ways of serving.

Buy enough Jiffy-Jell to get the molds you want. Then watch how the children enjoy it. See how it changes your dinners. Don't let your children longer miss what millions of children get.

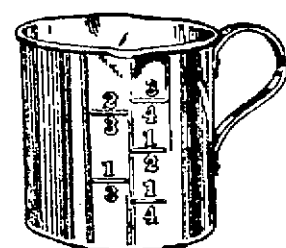

Individual dessert molds
Style E—The same in pint size Style G

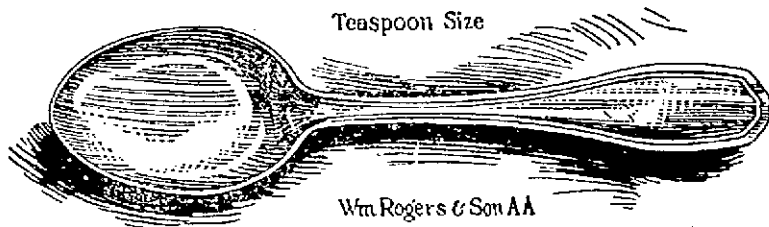

In assorted styles of aluminum, six to the set. The six will serve a full package of Jiffy-Jell. Send 5 trade-marks for the six assorted.

Ten Flavors in Glass Vials
Pintle in Each Package

Jiffy-Cup for measuring
An aluminum half-pint cup. Fill twice with water to dissolve one package Jiffy-Jell. Use as an exact cup measure in all recipes. Send 2 trade-marks for it.

Teaspoon Size

Wm. Rogers & Son AA

Silver Dessert Spoons, teaspoon size, in a favorite pattern of Wm. Rogers silver plate, guaranteed 20 years. For the first spoon send 2 trade-marks plus 10¢ for postage and packing. Then we will offer you the balance of the set.

Free to children

Cut out the trade-marks in the circle on the front of Jiffy-Jell packages. Send 5 for any pint mold or the set of six individual molds. Send 2 for the Jiffy-Cup, or 2 and 10¢ for the Spoon.

The pint molds are as follows—all aluminum:
Style B—Pint Mold, heart shaped.
Style C—Pint Mold, fluted as above.
Style D—Pint Salad Mold.
Style E—Pint Mold with pinnacles.

DANCING PARTY AT THE HIGHLAND CLUB

For the third time this year, Highland club members entertained nearly 200 of their friends at a dancing party given at the club house in Princeton street last evening and simply to accentuate its extreme sociability, rather than to make a comparison to the detriment of the two previous parties, it is safe to say that it took a place in the very forefront of social functions fostered by the club.

It is truly said that music guides a dance to its measure of success and if it be good, tuneful, colorful and in the present day, "jazzy," then very swiftly does a dance become a period of unrestrained pleasure. So it was last evening when the music was furnished by Hinks orchestra of Boston, a team of colored boys, reared in the land of harmony and syncopation and who could get more and go farther on one saxophone note or one drum roll than any similar band of musicians Lowell folks have had the pleasure of hearing for some time.

Except for a short intermission period at 11:30 o'clock, dancing was continuous from 9 until 2 and it is needless to say that only a very few left for home before the last orchestra notes died away. A delicious buffet luncheon was served in the gymnasium and throughout the evening punch and sandwiches were served from a table in one corner of the hall.

"Columbia Six"—A Real Good Car.

NAME "BAYER" ON GENUINE ASPIRIN

Get relief without fear as told in "Bayer package"

"Bayer Tablets of Aspirin," to be genuine, must be marked with the safety "Bayer Cross." Then you are getting the true, world-famous Aspirin, prescribed by physicians for over 18 years.

Always buy an unbroken package of "Bayer Tablets of Aspirin," which contains proper directions to safely relieve Colds, Headache, Toothache, Rheumatism, Neuritis, Joint Pains and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monacolluocidester of Salicylic Acid.—Adv.

Russian Reds Accept Lithuania's Proposal

CHRISTIANIA, April 6.—Lithuania's proposal to open peace negotiations at Moscow on April 15, on a basis of the recognition of the independence of that country has been accepted by the Russian soviet government according to a Moscow despatch to the Social Demokraten.

LOWELL GUILD HAS MONTHLY MEETING

The monthly meeting of the Lowell Guild was held at the Guild headquarters Monday morning, the president, Mrs. Burke, presiding. Mrs. Kohlman, the superintendent reported the work for the month of March as follows:

Regular patients 144
Regular calls 751
Metropolitan patients 53
Metropolitan calls 429
Babies under care 406
Baby calls 150
Total calls for month 1297

Co-operating agencies, Social Service League, police woman, school nurses, anti-tuberculosis council, International Institute, Massachusetts General Hospital.

The assistant treasurer, Mrs. Murkand, reported that subscriptions had been received from about two-thirds of the people who have usually subscribed to the funds of the guild; it is hoped that this number will be increased in order that the work may not be hampered for lack of funds. In this connection all friends of the guild are reminded that the annual waste collection will be made sometime next month and in cleaning house to please save rubbish and rags for the Guild campaign.

The guild house is a very busy place these days as there are clinics for babies every day but Monday and Saturday. The work which is being done by the Red Cross among the children is under the direction of the guild with its clinics held there. The anti-tuberculosis council also has its headquarters there, and once a week the infantile paralysis nurse gives treatment to the patients needing her care.

Scotland Yard claims to have made 125,000 identifications by finger prints without a single mistake.

LOWELL EAGLES HEAR GOOD SPEAKERS

Judge A. B. Duncan of St. Louis, a past grand worthy president of the Fraternal order of Eagles; Charles T. Laird of Brockton, a past grand guard, and Mayor Perry D. Thompson were the speakers at the quarterly meeting of the members of the Lowell order of Eagles, which was held last evening in the Eagles' hall, Harrington building, Central street. Judge Duncan spoke on "Liberty and Justice," the motto of the organization, while Mr. Laird spoke along the line of organization. The mayor welcomed the distinguished visitors and complimented the organization for the progress made during the past few years.

At the close of the speech-making a brief business session was held with Worthy President David J. Hackett in the chair and quarterly reports showing the aerie to be the tenth largest in the country were received. Ten new members were initiated and eight applications for membership were received.

Delegates to the state convention of Eagles, to be held in New Bedford on May 31 and June 1, have been appointed as follows: John M. Hogan, George W. Carey, Peter D. Brady and John J. Driscoll. David J. Hackett, president of Aerie 223, will also be present, for he is state chaplain as well as local president. Another Lowell man, Edward F. Flanagan, past state president, will attend the convention.

Mention last night was made of the minstrel show and dance which the aerie will conduct May 6 in Associate hall. President Hackett is chairman of the committee in charge and the other members are: Financial secretary, John M. Hogan; recording secretary, Martin J. Crowe; Daniel W. Harkins, Thomas Golding, George W. Carey, Peter D. Brady, James J. Bowen, Worthy Vice President Richard J.

The evening's entertainment last night was furnished by Joseph Donat, dancer; Edward Donahue, singer, and George Freeman, pianist.

AMUSEMENT NOTES

(By Theatres' Own Press Agents)

The boy stories of Mark Twain will live forever in the hearts of the American people. Millions of readers of all classes have laughed over his great novels, "Tom Sawyer" and "Huckleberry Finn" and the sales of these books are today greater than ever. Fortunately for the motion picture public no works of literature lend themselves more readily to adaptation on the screen than Twain's. On Thursday, Friday and Saturday of this week the Merrimack Square theatre will present "Huckleberry Finn" in all its romance, humor and interest.

Not only has the delightful story of Huck and his adventures been portrayed in pictures sympathetically and with appropriate atmosphere, but the very spirit of the narrative and its gifted author lives upon the screen. To the director, William D. Taylor, who has done similar good work in "Tom Sawyer" and "Huck and Tom," and to the large cast of players headed by youthful Lewis Sargent as Huck and Gordon Griffith as Tom Sawyer goes the credit for one of the most enjoyable photoplays of the year.

The exploits of Huck are too well known to relate here. Suffice it to say that the film takes up the story where Huck and Tom are made rich by the discovery of the treasure in the cave. Follows the kidnapping of Huck by his rascally father, his adventures on the raft on the river, his meeting with "the king" and the "duke" and with the alias Jim, and subsequent return to the village where he had been mourned as dead.

Young Lewis Sargent, who plays the leading role of Huck, is more than "all boy"; he is a natural-born actor. The same goes for Gordon Griffith, humble in his interpretation of Tom Sawyer. Other features for the latter half of the week are "A Roaring Love Affair," a brand new comedy, and "The Holmes Travel Pictures and the International News."

B. F. KEITH'S THEATRES

"When Caesar Was Here," the travesty on "Bernard Shaw's Caesar and Cleopatra," holds the top position at the B. F. Keith theatre this week, with James and Sadie Leonard, and Richard Anderson playing the big parts. It is a screaming burlesque on a well-known subject. Jimmy Duffy and Mr. Sweet, "Russian Entertainers," are among the very funniest men of the current theatre season. Larry Crane, Lowell's own illusionist, does one of his very best turns, assisted by Grace Andrews. Another excellent turn is that by Edda Morris, a comedy singer, who was with the Winter Garden force a short time ago. The remainder of the show consists of: Romeo & Cullen, dancers; Marco Twins, acrobatic funny men and Three Mighty Girls, Scottish entertainers.

THE OWL THEATRE

Norma Talmadge in "A Daughter of Two Worlds," closes her record-breaking engagement with today's performances at the Owl theatre. The same is true of a very romantic comedy starring Larry Simon in the "Giddy Clerk" and Tom Mix in "The Heart of Texas Ryan." To miss these three features is to miss the biggest and best show of the season. Another big bill consisting of four headliners is scheduled Thursday. The first of the William J. Flynn-Larry Crane comedy stories is one of the headliners. Mr. Flynn will be remembered as the former chief of the United States secret service and he has written a series of what are to be put on the screen under his direction. Herbert Hawkinson is featured in the first, "The Silken Hank." In three parts. Six acts, it is actually crowded into three in order to get the action which Mr. Flynn says, his stories must have. The second, is the "Lost City," the million dollar production for which the Lowell movie fans have been waiting so long. The third is Mary Pickford in "Daddy Longlegs," the first time at popular prices. Everybody will want to see her again for it is a great story and has a great supporting cast. Remember little Wesley Barry and his dog? Everybody will want to renew their acquaintance with these two favorites. Fourth, and the last, the big human, intelligent, and most of all, the most of the fans will remember the wonderful animal in "The Jungle Gentleman." A series with world events worth while completes an all-star bill for which the performances are continuous daily starting at 1 p. m. and night patrons arriving not later than 7:15 see the main features.

OPERA HOUSE

Miss Betty Wilkes, the talented young woman member of the Lowell Players at the Opera House, is enjoying one of her biggest hits of the season this week in her clever portrayal of the young wife in Marie Swann's extremely amusing farce comedy, "Parlor Bedroom and Bath." Miss Wilkes has greater opportunity to reflect her accomplishments this week than ever before and she is making the most of her opportunities. Her work will add to her already large circle of admirers here. Miss Fields and the others of the cast are also worthy of special mention. Don't miss this piece if you like a laugh.

THE STRAND

The big triple bill at The Strand is the talk of the town. It will be given for the last time today and those who have not seen should most certainly avail themselves of today's opportunity. Eric Stroheim in "Blind Husbands,"

HIGH CLASS OPERA AT POPULAR PRICES

First class opera at popular prices. That is the slogan of the Boston English Opera company which is to appear at the Opera House next Monday night, Tuesday afternoon and Tuesday night. This organization, under the direction of Edward M. Beck, was founded to popularize the singing of the classic operas in English, and success has attended its efforts everywhere. It is one of the largest operatic organizations ever heard of in this city and with its double cast of principals, its large chorus and orchestra will give a series of notable performances. Monday night "Il Trovatore" will be sung; Tuesday afternoon the ever popular "Robin Hood," and Tuesday night, "The Bohemian Girl." Tickets are going fast, so that it's advisable to make application as early as possible. The night prices are \$2, \$1.50, \$1 and 75 cents, and matinee \$1.50, \$1 and 50 cents. Ticket office open daily 10 a. m. to 5 p. m. Mail orders accompanied by check or cash, will be honored in the order received.

WASHINGTON CLUB

At a meeting of the executive committee of the Washington club held last evening the following officers were elected for the ensuing term: President, Daniel F. McQuade; first vice president, Dr. Joseph P. Kearney; second vice president, J. Henry Gilbride; treasurer, William Purcell; secretary, Charles T. McKenzia.

Ovation for Americans of Great Importance to Future of Japan

Gen. Groves Decorated With Czechoslovak Cross Before Leaving Vladivostok

VLADIVOSTOK, April 1.—(By the Associated Press.)—Brigadier General William S. Graves and the last contingent of American troops to leave Siberia, were given a remarkable ovation when the transport Great Northern sailed for Manila at noon today. Before the vessel left her dock, General Graves was decorated with the Czechoslovak military cross, and was presented with a sword by the Russian provisional government's military staff.

(Since this despatch was filed, the Russian provisional government at Vladivostok has been ousted by the Japanese.)

Cheering crowds lined the docks as the big ship turned her prow to the channel leading out to the Pacific, and tugs bearing Czechoslovak bands accompanied the transport out to sea.

The Americans were intensely popular throughout Siberia after the fall of Admiral Koltchak's government as they adhered strictly to the principle of not interfering in politics or internal affairs. During the last days of General Graves' stay here he was paid many tributes by Russians.

The United States cruiser Albany is still in the harbor here. Czechoslovak troops are departing as fast as transports are provided for them.

A thief, who crawled through a coal hole and got into a pharmacy at Beaver, Pa., did not rob either the money drawer of the cigar counter, but he got away with a pint of alcohol.

TOKIO, March 17.—Japan's general election to be held in May, will be of profound importance to the future of the nation, said Premier Hara today in addressing a meeting of leading members of the Seiyukai, or pro-government party.

"On the issue of the forthcoming general election depends the fate of the nation," the premier declared. "Universal suffrage, advocated by the opposition, aims at the destruction of social class distinctions and even proposes to tamper with the conscription system which is the very basis of the country's defense, if speeches in the house serve as an index.

"A ridiculous rumor is in circulation that the Seiyukai will purchase votes and that the party abusing government authority will contribute to so manage matters as to score over the opposition. It need hardly be stated that we will fight always on the basis of fairness, principle and policy."

The premier then criticized the unfavorable attitude of the opposition party towards the dissolution of the diet in March.

"In the house of representatives," he said, "the sponsors of the suffrage bill declared that universal suffrage was what the people wanted and that they were merely voicing the people's wish. If that were so, the opposition ought to welcome the dissolution of the diet as thereby the issue is going before the public itself.

"The government did not resort to dissolution as a way out of the political deadlock. There has been no such deadlock. We feel we must remain in power and will redouble our efforts to keep it for the sake of the state."

GALA DAY

San Diego Greets Prince of Wales

SAN DIEGO, Cal., April 7.—San Diego is in gala attire today to greet the Prince of Wales on his second visit to the United States, on a brief stop en route to the Far East on the British battle cruiser Renown.

FARMERS' INSTITUTE IN BILLERICA

About 100 people from various parts of the county attended the fifth and last in a series of farmers' institutes conducted in this vicinity during the winter season, which was held yesterday at the Billerica Centre Congregational church under the auspices of the Middlesex North Agricultural society.

Edward F. Dickinson acted as chairman and he introduced as the first speaker, C. B. Tillson, county agent for the Middlesex County Farm Bureau, who spoke interestingly upon reports of surveys of business on the farms of the Marlboro district and in the course of his remarks he pointed out the defects in the income of Massachusetts farms, telling how farmers should conduct the business end of their farming so as to get the best financial returns, diversity being absolutely essential. He said the dairy farmer while raising crops for his stock should also raise good cash crops such as cabbage, potatoes, etc. He said this rule should apply to the fruit growers as well.

John H. Hardy of the County Farm Bureau gave a clever demonstration of bridge-grafting, explaining the great damage caused to fruit trees by mice during the winter and which will exceed a half million dollars. Mr. Hardy said this fact should be brought to the public so that they may realize what the fruit growers are up against and why fruit is apt to be high as predicted.

At noon dinner was served by the ladies' society of the church and in the afternoon Dr. Jones of the state department of hygiene gave a lecture on "The Work of a Public Nurse." Entertainment numbers were given by Mrs. F. J. Gage and Miss Lella Bull of Billerica.

LOCKS AND CANALS WILL SELL LAND

The Locks and Canals Corp. has taken a step far ahead from its policy of a century's standing, in announcing that all its vacant land throughout the city has been placed in the hands of local real estate and business operators for immediate sale. Robert F. Mardon and John H. Murphy have been given complete charge of the disposal of the property.

The property thus placed on the market has an aggregate assessment value of upwards of \$170,000 and totals in the vicinity of 2,000,000 square feet in lots varying in size from 11 acres to 100,000 square feet.

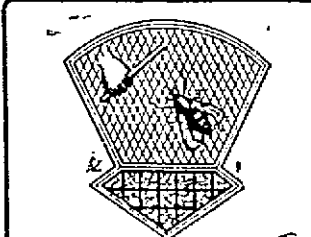

Although Messrs. Mardon and Murphy have all the sale arrangements in charge, no land will be disposed of through a negotiated sale that the City of Lowell would naturally purchase. Such lots will be handled by the usual seizure and process. This is of considerable importance, inasmuch as it embraces such land as the First street oval, now under discussion.

IMPROVE HEALTH OF SCHOOL CHILDREN

NEW YORK, April 7.—Means of improving the health of public school children were considered by nearly 1000 delegates attending the 21st annual convention of the American Physical Education Association, which opened its four days session here today. Daily visits will be made to the schools of the city, where new methods of health teaching will be demonstrated.

This Actually Removes Superfluous Hair Roots (Entirely New and Quick Method)

By the introduction of this country of what is known as the "phelacine process," any woman can now rid herself completely of annoying superfluous hair or fuzz. The process is entirely new, different from all others, and far better—because it actually removes the roots, as well as the surface hair. It is almost instantaneous, perfectly harmless, odorless and non-irritating. Just get a stick of phelacine from your druggist, follow the simple directions—and see the hair roots come out, with your own eyes! No depilatory or electrical treatment can produce this result. The skin is left soft, smooth and hairless as a child's. Phelacine can be used with absolute safety—one could even eat it with impunity.—Adv.

GLAD TO GIVE HER TESTIMONIAL

MRS. OVIDE AUGER

I am most happy to be given the chance of testifying in favor of RED PILLS for pale and weak women, for they were of such help to me during the severe illness I have gone through, and which was all brought on through a chill. I was confined to my bed for three months, suffering from hemorrhages which naturally weakened me considerably. I was brought to the hospital, for my case appeared hopeless. I had often heard of RED PILLS, had read of them and of the numerous cures effected by their use, and so decided to give them a trial. I took them regularly and fifteen boxes were all that were needed to bring me back to health. The different symptoms which had alarmed me so much during my illness gradually disappeared and I began to take on flesh. Now I am feeling fine in every way, and able to attend to all my household duties, besides bringing up a numerous family.

MRS. OVIDE AUGER,
24 Miller's Lane,
Woonsocket, R.I.

RED PILLS are for women only. They are always sold in boxes of fifty pills, 50 cents box, 6 boxes for \$2.50. See that the name of the "Franco American Chemical Company Limited" is on every box.

CLEMENCEAU ILL WITH BRONCHITIS

CAIRO, April 7.—Georges Clemenceau, former French premier, since his return here from Luxor has been suffering from bronchitis, but is now somewhat better. The aged statesman went out on Tuesday for the first time since his illness. He is still very feeble and his breathing causes some anxiety.

COLLINSVILLE MAN DROWNED
According to a telegram received from the government by his mother, Seaman Simon F. Gagnon, who last summer enlisted in this city for service aboard the U.S.S. New Mexico, was drowned in the latter part of February while on a boating party with some friends in San Francisco. The young man made his home at 81 Rock avenue, Collinsville, and was well known in the town. According to the dispatch the body had not been recovered at the time the wire was sent.

TO INCREASE OCEAN FREIGHT RATES

LONDON, April 7.—Increases in ocean freight rates from the United Kingdom to North America will take effect on April 19, and will range from 25 per cent. on lower classes of goods to 65 per cent. on more valuable articles, according to the London Times.

WORD TO THE WISE

IS SUFFICIENT

Now that Lowell coal teamsters are on strike the chances are that horses will remain in the stable more or less and Agent Richardson of the Lowell Humane society advises coal dealers to have an eye to their horses and guard against azoturia, better known to horsemen and others as "black-water."

In discussing the matter this morning, Mr. Richardson said he had talked with Dr. William S. Eaton, local veterinarian, who suggested that the coal dealers should attend to their horses and guard against the disease in question. He advised that the horses be exercised every day and their feed cut down. He further suggested that the horses when taken out to be exercised should be blanketed in order to avoid chills of which they would be in great danger.

BILLERICA NEWS

At a recent meeting of the board of selectmen for the town of Billerica, it was voted to charge a fee of \$1 for all Sunday licenses this year and it was announced that all applications must be received before Sunday, May 2. In the course of the meeting Highway Surveyor Bostwick conferred with the board relative to the purchase of a tractor for service on the roads. Mr. Bostwick stated that tractors were now in use in several nearby towns and they are giving entire satisfaction. No action was taken. Charles S. Lyons was appointed sealer of weights and measures for the ensuing year.

Carpenters Strike at Manchester

MANCHESTER, N. H., April 7.—Between 500 and 600 union carpenters walked out at 8 o'clock this morning in accordance with a strike vote taken last evening after the master builders' counter offer of \$50 an hour to the demand for \$1 an hour had failed of acceptance. Their action completely ties up the building trades in Manchester, 300 hod carriers, tenders and laborers having been on strike since last Thursday. Contractors estimate construction on new property worth approximately \$1,000,000 suspended.

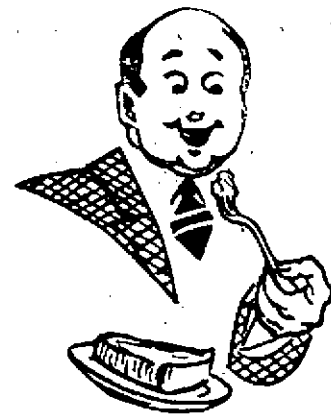

Millerand and Wallace Discuss Advance

PARIS, April 7.—The visit of Ambassador Wallace to Premier Millerand yesterday, it develops was on a question of detail concerning conferences of the ambassadors. The premier, however, seized the occasion to talk with the American ambassador about the French government's action in ordering its troops to further occupy German territory. The French government has not yet received replies to its notification of the allies associated with France in the control of the left bank of the Rhine under the peace treaty, of the occupation of Frankfurt, on the right bank.

Italy Recognizes Albanian Government

ROME, April 7.—Official recognition of the government and autonomous constitution of Albania has been extended by the Italian government, according to the Epoca.

Puddine Makes the Best Custard Pie You Ever Ate!

When you use Puddine for custard pie you get that real, rich, flavorful filling that is the whole secret of good custard pie.

Puddine makes other pie fillings, just as delicious. Also use Puddine for cake fillings, ice creams and sauces.

Of course there's no dessert to equal the celebrated Puddine mold—made in three minutes.

To Renew Natural Perfect Service

Of partly decayed teeth, is often a simpler operation than many people imagine. If it has a good sound root, it is an easy operation (not expensive) to place a crown over it. This will restore it to naturalness, and prevent its loss.

If you neglect it, it becomes diseased and causes the loss of adjoining teeth. The impurities it casts off work into your system and then comes bad health that arises from your teeth.

The pleasure that comes from teeth that I have restored is the kind that brings more patients.

Your call today is important.

Women Doll Up To Create Envy, Not To Vamp, Says Helen

HELEN MACKELLAR

NEW YORK, April 7.—Men take each other for what they are and women for what they seem. Hence, declares Helen MacKellar, actress now playing in "The Storm," women spend their money for fine feathers to make other women raise their eyebrows in wonder and envy, rather than to "vamp" men.

"THIS IS THE DAWN OF A NEW ERA!"

By GENE AHEARN

Fella citizens—Having been a cinder out of the political eye since a ball player's batting average depended on the size of his mustache, I am gonna pull a comeback on the present bundle of political knots, weighing in at 135 chinfuls.

Well, to get out of the flivver and crank up again—here's how. I always refer to tonguefuls from the classics when I want to add weight to

my arguments, like the butcher's wrist on the scales.

I Can't Do It!

There's a couple old-time chirps that jazz along these lines, "You can't shut the bolts on a leopard," and, "You can't learn an old barker new ways" or something like that. The question now, is to see if those chinfuls hold tight in the coming political fracas.

Ye Ancient "Boys"

How come? Well, to make it snap, we'll have to strap hang in suspense, and see in what way the old style politicians will hop onto some

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says, "Take for example, Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary trouble and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention The Lowell Sun. Large and medium size bottles for sale at all drug stores.—Adv.

new tricks, now that prohibition has the nation by the pumphantide. Or in another hip, to see how prohibition has turned the tablecloth.

The old model politician has gotta knit himself some new technique. And it's gonna be a hard job. Sticking a white feather in a fox's crown's tail doesn't make him a swan. Nay, brother, you gulped a saucerful.

In the old days when geats buttoned their shoes with a bottle opener, a politician would crank up a campaign, then go out with the old carpetbag of gray gags to win over boosters. He used to wear a double chin—

park a tan derby on his right ear—grew a ten-ply curly mustache to keep the glint from the diamond horseshoe out of his eyes—smoke a cigar at half mast and chew it in circles—wore patent leather foot garages, and a tito check suit with a quart hip pocket that buttoned with a cork.

Kissing the Infants

His favorite card was to kiss the infants, which left the fond mothers wondering for a half hour after what started the kids on a spell of hiccupping.

He read his speeches from a facing form, and orated with elevated eyebrows that he spent his youth pushing a couple plows on the farm, and

that his father and his great grandfather all fought, in laying the cornerstone of this great nation (appliance)—then after explaining what he's all about, ends up with:

"Gents, this is the dawn of a new era!"

Blas and Gim

If all that blas didn't 'quillo-win over the firm necked citizens, he invited 'em all over to the nearest gin shop to smoke revolving cigars, wear out the bar veneer on their elbows and oil up at his expense. That pro-

gram softened 'em plenty. They pledged to stutler a bevy of X's after his monicker on the ballot until it looked like a love letter.

Now then, fella citizens—How are they gonna work it now?

Can't see anything for them to do except treata to a dish of salami sausage or fill his pocket with peanuts or maybe buy him a haircut. But then again, they might have something up their sleeves besides elbows.

Well, fella citizens—I know, great aches from little corns grow!

GIFT FOR LOWELL GENERAL HOSPITAL

Frederick Fanning Ayer has once more added to his long list of gifts and endowments to the Lowell General hospital by offering to assume the entire expense of renovating the Fellowship building, at an estimated cost of \$20,000.

The contemplated repairs are vitally necessary and will include new plumbing and heating systems, relocation of bath rooms, new floors, window frames and ceiling and painting inside and out. The goods of the building were recently brought to Mr. Ayer's attention and he responded as he has done so many times in the past.

MISCELLANEOUS STOWER

A miscellaneous stower was given Miss Margaret Farley of Suffolk street by her co-workers of the Lawrence Mfg. Co. Monday evening, at the Chin Lee Co. restaurant. Miss Farley received many valuable gifts. Following the banquet a delightful musical program was enjoyed, embracing songs and piano selections by Misses Dora Redard, Vivian Williams, Ella Cox and Marie Marquis. The committee in charge was: Miss Ethel Harvey, chairman; Miss Ella Cox, Miss Emma Coulombe, Miss Blanche Lamoureux, Miss Eva Garmanche and Miss Rosetta Wier.

HOUSEKEEPERS SHOULD ARRANGE SCHEDULE

In the kitchen of her own home Sister Mary cooks daily for a family of four adults. She brought to her kitchen an understanding of the chemistry of cooking, gained from study of domestic science in a state university. Consequently the advice she offers is a happy combination of theory and practice. Every recipe she gives is her own, first tried out and served at her family table.

(Copyright, 1920, N.E.A.)

There is no reason why a housekeeper should not have "hours" the same as other business people do. Everyone who works figures so much time for a certain task and knows why it takes longer than the allotted portion.

If a woman will work out a schedule and allow a reasonable amount of time for dishwashing and dusting and baking and recreation and make herself keep to it she will soon find that her minutes count.

It is not necessary to try to work against time, as it were, for a nervous strain is caused that is a hindrance. The time arrangement should allow ample time for the bit of work to be accomplished. But it is a fact that one goes to the kitchen at 11 o'clock with the knowledge that luncheon will be ready at 12, luncheon will be prepared in that hour and that will be all there is to it.

Menu for Tomorrow

Breakfast—Sliced pineapple, bacon, potato cakes, bran muffins, coffee.
Luncheon—Toasted muffins, marmalade, radishes, rice soufflé, ca.
Dinner—Creamed chicken on toast, baked potatoes, tomato cakes, watercress with French dressing, cake and canned fruit, coffee.

My Own Recipes

Very often a dessert gives a large amount of nourishment. For this reason a heavy dessert is better if served for luncheon as the main dish. The toasted muffins act as a ballast food and satisfy the appetite. The radishes give some mineral and are also bulky, and the rice dessert gives the real nourishment.

RICE SOUFFLE

1 cup rice.
1½ cups milk.
2 inch stick cinnamon.
15 teaspoon salt.
1 tablespoon sugar.
1 teaspoon butter.
3 eggs.

Cook rice, milk and cinnamon in a double boiler till all the milk is absorbed. Cool, remove cinnamon and add sugar, salt and butter. Beat whites of eggs till stiff and dry and fold into rice. Bake in a buttered baking dish till a golden brown. Serve at once. A custard sauce may be made of the yolks of the eggs or the pudding may be eaten with sugar and cream. Use yolks of eggs for salad dressing.

TOMATO CAKES

1 egg.
½ cup water.
Paprika.
2 tablespoons minced parsley.
2½ cups flour.
3 teaspoons baking powder.
1½ cups canned tomatoes.
1 cup grated cheese.
Beat egg. Add water, salt, paprika and parsley. Add flour and baking powder sifted together. Beat well. Add tomatoes and cheese. Drop by spoonfuls into hot fat in a frying pan.

DIDN'T SOUND NATURAL

CHICAGO, April 7.—A hotel detective walking the hall heard Cassius Smiley call his wife "sweetheart." That name didn't fit the "dickie's" idea of married life. Smileys were thrown out. Now they sue for \$25,000 damages.

M'KELLAR RAPS ARMY REORGANIZATION BILL

WASHINGTON, April 7.—The army reorganization bill was attacked as a measure that would build up a military system equal to any that ever existed in any country at any time," by Senator McKellar, democrat, Tennessee, during consideration of legislation yesterday in the senate.

The Tennessee senator's criticism was directed principally at provisions of the bill for a large general staff, the creation of the office of under-secretary of war and for the organization of a war council to consider policies affecting military and munition problems. Senator McKellar indicated his opposition to universal military training, but reserved his attack upon it until the general fight on the plan is brought to the senate floor.

Senator Wadsworth, republican, New York, in charge of the bill, and Senator Frelinghuysen, republican, New Jersey, answering Senator McKellar, declared the legislation sought only to adopt lessons from the world war and was designated to eliminate "red tapers" and promote efficiency in the war department.

As a forerunner of the latter floor fight against the universal training program, the senate, by unanimous consent, agreed to defer action fixing the peace-time strength of the army until after disposing of the universal training provisions. No time was fixed but progress yesterday indicated the plan would come before the senate late in the week.

"Columbia Six"—A Real Good Car.

I will forfeit \$1000 if the following testimonial is not genuine and unsolicited:

"Dear Sir—It is with the greatest pleasure that I write you recommending your Wonderful Ear Oil. My mother has been deaf for over 20 years, and she used two bottles of your oil, and yesterday, for the first time in over 20 years, she heard Berry's Band play in Hemming Park, here. Words are inadequate to express to you the thanks of mother and myself. I am a member of the theatrical profession and very well and favorably known here, and you can use my name in recommending your Ear Oil. Yours gratefully,"

"ED. LAWRENCE, 2215 Hubbard St., Jacksonville, Fla."

THE STORE FOR THRIFTY PEOPLE

Laces For Home Dressmaking

Home dressmaking is causing an added flurry in laces. Owing to the decided fashion trend for lingerie dresses of net and lace, many women who make their own dresses will find it possible this Spring to evolve charming dresses with a minimum of effort.

Unusual Values in Laces and Insertions

"Unusual" because we are selling them lower than we can buy them from the jobber.

For Underwear, Baby Clothes, Curtains or Dresses, you'll find just what you need for trimmings among these.

Valenciennes, daintily patterned, finely woven laces in several widths. Insertion and beading to match.

5c, 6¼c and 10c Yard

Imitation Crochet Laces, in white and ecru. Several different designs, copied from real Irish laces..... 12½c Yard

Filet Laces, 1-in. edges and wide insertions, especially used for camisoles. Also narrow widths,

12½c, 15c and 19c Yard

Cluny Laces, heavy and handsome, 4 or 5 inch widths, in white or rich ecru shade..... 25c Yard

Curtain Edges, especially manufactured for this purpose. Coarse or fine, and many pretty patterns, 5c yard

THE GREAT UNDERPRICED BASEMENT

ADVENTURES OF THE TWINS

by Olive Roberts Barton.

Hand-in-hand the kiddies randown the path and across the meadow to their tree, the March wind tossing Nancy's hair about in a great frolic. And there, faithfully waiting, were their little friends, the Magical Mushroom and the Green Shoes in their hiding place back of the stone.

Strange to say the Mushroom seemed pleased to pieces when he heard that the monkey was still missing. "Then," said he quickly, "we may have some more adventures, because if we're

about 10 seconds, I believe," answered the Mushroom.

"Oh, well! hurry—please wait!" cried the twins scrambling out of their play shoes and into the magic ones as fast as they could jump. And just in time, too, they were, for instantly there was a whizzing and a little bump, and presto, there they were in Scrub-Up Land before they knew it.

It was a mighty queer place they had got into, the twins saw at once, for it was a mixture of about a doz-

TO BAR SOCIALISTS

Two Bills Designed to Carry Out Recommendations of N. Y. Assembly Committee

ALBANY, N. Y., April 7.—Two bills, designed to carry out the recommendations of the assembly judiciary committee "for barring the socialist party of America from participation in politics in New York state" were introduced in the legislature today.

The measure is intended to require the state's attorney general to begin a court action for a judicial determination of the question "whether the principles, doctrines, or policies" of the socialist party, "if carried into ef-

fect, would destroy, subvert, or endanger the government of the state and nation."

The companion measure is designed to amend the public officers' law relating to qualifications of persons to hold office and to provide for their exclusion from public office and preventing the exercise of official duties.

PLANE USED BY PICKETS AT WASHINGTON

WASHINGTON, April 7.—(By the Associated Press.)—Barred from the streets surrounding the British embassy, the Irish pickets yesterday took to the air.

From a flying machine they rained down packages of leaflets exposing the Irish cause, and challenged the

police to come up and stop them. There being no sky cops in the capital, no arrests were made.

Four Irish pickets, however, who ventured out early in the day, were arrested and held in the house of detention.

The bombing expedition attracted plenty of attention, but it registered no hits. A low visibility and squally winds scattered the "bombs" everywhere but on the embassy.

The propaganda leaflets whirled in a tiny snowstorm about the windows of Dolly Madison's house, half a mile off, circled Andrew Jackson's rocking horse in Lafayette square, were almost lifted into the White House grounds by the gusty squalls of early April, and showered down on groups of romping children in Dupont circle.

Evidently somebody in the embassy thought the pickets deserving of some reward for the nerve effort, for late in the afternoon, as official Washington was streaming homeward and the

IT TAKES THE JOY

Out of life—in the Spring When the pure blood, lost Appetite, Lifeless heart and brain, and tired feeling plod down the low level that invites illness.

The knees become weak and life seems hardly worth living. Then the blood begins to flow again, the digestion, thus naturally increasing strength and in a common-sense way building up the whole system. Then the bright days of spring find in you happy response, and the whole world smiles again.

Take Hood's Sarsaparilla for your Spring Medicine—used as such for nearly 50 years by thousands. It "wakes food taste good."

Keep on hand Hood's Pills as a gentle laxative or (in larger doses) as an active cathartic.

A diplomatic corps was out for promenade on Connecticut avenue, there appeared in a front window of the embassy one of the banners previously captured by the militants.

"Down with British militarism" was the legend it blazoned out from the old mid-Victorian mansion all evening. It furnished the capital with a topic for discussion of British humor.

French in Homburg

Continued

troops, announced today, virtually completes the operations outlined to General De Goutte, in charge of the occupation movement, in his orders from the war office. The entire plan has been carried out without any significant incident. The inhabitants of Frankfurt are accepting the occupation with complete outward indifference.

Occupation Denounced

BERLIN, April 6.—Occupation of German cities in the neutral zone of the Rhine by French troops was denounced in an official statement dealing with the incident here today. It is declared that the government did everything to prevent this "unilateral action, which is neither in accordance with the sense of the peace treaty, nor its scope, and is out of proportion with the insignificance of our measures in the Ruhr region."

German Note to French

PARIS, April 7.—Herr Goepfert, president of the German peace delegation, this morning, handed Premier Millerand a note relative to the operations in the Ruhr valley and the French occupation of Frankfurt and Darmstadt. The note was addressed to M. Millerand as president of the peace conference.

The German communication was at once handed to the translators and will be considered by the council of ambassadors at 5 o'clock this afternoon.

MATRIMONIAL

Mr. Guy Merton Kittredge and Miss Janet Bell were married yesterday afternoon at the home of the bride, 33 Epping street, the officiating clergyman being Rev. J. M. Craig, pastor emeritus of the First Presbyterian church. After an extended wedding trip the couple will make their home in Providence, R. I.

Lambert—Orr

The marriage of Mr. Adelard J. Lambert and Miss Emma Orr took place yesterday afternoon at 5 o'clock, the ceremony being performed at St. Patrick's rectory by Rev. Dr. James Supple. The bride wore a brown traveling suit with hat to match and carried sweet peas. She was attended by her sister, Miss Josephine Orr, who was attired in a blue suit with hat to match and carried marguerites. The best man was a brother of the groom, Mr. Joseph M. Lambert. At the close of the ceremony a brief reception was held at the home of the bride's parents, Mr. and Mrs. John J. Orr, 99 Varney street, and later the happy couple left on a wedding trip to New York and Atlantic City and upon their return they will make their home at 99 Varney street.

Gerow—Cossette

Mr. Raphael Gerow, son of former Alderman David Gerow, and Miss Dora Cossette, daughter of Patrolman and Mrs. Adelard Cossette, were married Monday at St. Louis' church, the cere-

See The Poisons

In Your Blood

Mighty Poisons Accumulated Through the Winter Months Mean Disease and Discomfort.

Says Rid the System With Sulphur Tablets Easily.

Springtime always brings with it joy and distress. The distress is in the form of calarrh, neuritis, rheumatic pains, constipation, inactive kidneys and usually a feverish, sluggish lethargy that is hard to throw off.

Do you remember how grandmother fed you sulphur and molasses every spring to purify the blood? It was a good, old-fashioned, but nauseous remedy. Now you can take sulphur cream of tartar and herbs in tablet form. A better remedy, easy and pleasant to take in Sulphur Tablets. Sold by all druggists. A laxative, blood purifier of unequalled merit for those who are constipated and suffering in any way from such pent-up poisons. Each package is guaranteed to give wonderfully satisfactory results. Be sure you get Sulphur Tablets (not sulphur tablets).

NEW ST. CHARLES RESTAURANT

The new St. Charles restaurant in the St. Charles hotel in Middlesex street is making a big hit with Lowell people and the traveling public. Despite the fact that it opened its doors but a few weeks ago it already has a splendid patronage and to call once means to call again. Men and women come from all portions of the city to enjoy excellent dinners and combinations at reasonable prices. A traveling man referred to this restaurant as "the white way" because of its immaculate appearance and splendid lighting scheme. The latest addition to the restaurant is a soda fountain where, as in the case of food in the restaurant proper, the best of everything is served. The number is 335 Middlesex street. Try it and be convinced.

SUN BREVITIES

Best printing, Tobin's Associate Bldg. Fire and liability insurance, Daniel J. O'Brien, Wyman's Exchange.

Arthur D. Ramsey and Henry J. Horra of this city have been granted a patent on a bobbin holder for sewing frames. This is an ingenious device for the purpose of keeping the bobbins off the floor in spinning rooms.

Miss Ruteika Bramhall, formerly teacher in the domestic science department of the Girls' Vocational school in this city, has arrived in Calcutta, India, on her trip around the world. She has been away from Lowell for several months.

Montine business was transacted at the regular meeting of Oberlin lodge, 25, I.O.O.F., which was held last evening and it was announced that the proposed new by-laws, which were presented at the meeting, will be taken up at the next meeting, which will be held April 13.

TWO CASES SETTLED OUT OF COURT

The two action of contract cases brought by the Pratt & Forrest Co. and the E. A. Wilson Co., against the Strand Realty Co., being tried together in the superior civil court before Judge Fosdick and a jury, were settled out of court this morning on agreement of counsel.

The next case was defeated by the defendant, John A. Delany of Lowell, from whom Alexander Leblanc of Kenwood sought damages as the result of an accident, which, it is claimed, caused the death of his wife, Clara Leblanc on April 14, 1919. Stanley E. Qua, representing the plaintiff, presented his case to the jury for the purpose of determining the amount of settlement.

It is alleged that an automobile operated by Delany struck Clara Leblanc on the Lawrence road, near Percy street, Kenwood, on April 14 and that she died from injuries received at St. John's hospital. It is further claimed that Mrs. Leblanc was walking on the gravel path of the traveled way when struck, although an inquest report found no criminal negligence.

IF WEAK, THIN OR NERVOUS, DON'T WORRY

Try the Bilro-Phosphate Health System—\$300 Guarantee

NEW YORK.—If you are feeling run-down, weak, nervous, tired in the morning, and generally ailing, these are the symptoms that should warn you to take care of your health.

Four persons in every ten are needing more phosphorus in their bodies. When you see thin and fretful people, of those who are anxious, pale, frail, of despondent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of salts, quinine, drastic drugs, iron, cod-liver oil, etc., wonder why they have no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health and contained in BITRO-PHOSPHATE, the famous health preparation. Now obtainable everywhere.

The right thing for you to do is make a trial of BITRO-PHOSPHATE, beginning at once. It is not a patent medicine; the formula is prescribed by many physicians to healthy persons and weaknesses mentioned above.

With every box of BITRO-PHOSPHATE, are a few simple health rules and a \$300 guarantee. Buy a box of BITRO-PHOSPHATE. It is sold and recommended by A. W. Dows and all good druggists everywhere.—Adv.

SPOKE ON UNIVERSITY EXTENSION WORK

Herbert A. Dallas, agent of the state department of education, spoke before a very large and appreciative audience of evening high school students and others in high school hall last night on the general subject of universal extension work offered by the state department of education.

Mr. Dallas went into detail in explanation of the opportunities given to those people who cannot seek higher education through the medium of higher schools, colleges and universities by enrollment in the courses available under the university extension. He made it plain, however, that the state was not looking for large enrollment, but only as many young men and women who resolve to enroll and then see the course through to completion.

There are about 150 courses offered by the state department, all free except for the price of necessary materials for the students which are sold by the state at the very lowest cost prices. The courses include academic and trade lines.

Another interesting point brought out by Mr. Dallas was that if the students so desire, their employers will be kept informed of their progress in any course so that any advancement that might be possible through study would be encouraged by the interest and attention of the employers.

Mr. Dallas dwelt upon the prevalent

custom of Lowell people traveling at night after work down to Boston, patronizing various schools in that city, paying high prices for courses, which could be studied in Lowell if sufficient efforts were made to establish classes. Any group of 20 or more is sufficient number to warrant the state department in sending an instructor who is an expert in his line to any city in the state. Mr. Dallas said that only the very best instructors are appointed, most of them from prominent colleges and technical schools in the state. During the past few months a class in accounting has been given instruction at the Textile school under the department of university extension and the work has met with great success, according to Mr. Dallas as there are 200 students enrolled. This course is given practically free and corresponds exactly to the ones for which young men travel to Boston to study.

Mr. Dallas was confident that with the co-operation of the school department, many additional courses will be given in the future. Mr. Molloy, superintendent of schools, stated this morning that the school department was ready and willing to act as agent in Lowell for the university extension work in offering information or other details in regard to the work.

"Lowell is not getting out of the department of university extension even approximately the amount of good which its place as a city is entitled to and which the need for education would suggest," said Mr. Molloy. "This is not any fault of the state department of education. The fault or laxity lies with the young people who are not aroused to the privileges offered."

How to Gain Flesh

A simple but sure way to increase the weight, it is asserted by several well known physicians, is to take regularly for several months, one or two 3-grain hypo-nutrient tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting assimilation and absorption of the elements in the food which go to make blood and solid tissues. They are obtainable in sealed packages from well stocked apothecary shops.

"MOONSHINE" WORSE THAN WORLD WAR

Here's another "moonshine" whiskey story—and in this case the brewer's story wasn't what you'd call a particularly palatable beverage.

In fact, it proved decidedly unhealthy for Private James Baxter, a Camp Devens boy, who bought a quart of this self same "moonshine" and was sick for a week as a result.

Private Baxter came close to death several times during the big scrap overseas, but he's ready and willing to tell the world that he never came any nearer the pearly gates than during the week following his expenditure of \$11 for a quart of "moonshine."

The story, as related in the municipal court today, runs like this:

A little more than a week ago Private Baxter journeyed down to the Spindle City and bought a quart of "moonshine"—he says it tasted like shoe polish, but the police aver that he's wrong on that part of it—from a Mrs. Anne Adams on Winter street.

It wasn't but a few moments after he had "tried out" the liquor before he was taken ill. He succeeded in

making his way to his room, where he remained for several days in bed. There came a day when he was able to walk about again, and he promptly decided that something must be done about the matter.

Whereupon he told his story to Supt. Welch, and the chief, after taking counsel with John B. O'Dea, prohibition enforcement agent, ordered an investigation.

Last evening Private Baxter, accompanied this time by Chief Welch, Officer O'Dea and Policemen P. B. Clark and Winn, again visited the Winter street house.

He went in alone and bought another bottle of "moonshine"—paying for it with marked money supplied by the chief.

When he came out everybody else went in and Mrs. Adams, who was found in the act of putting away the money, was arrested on a charge of illegal sale of liquor.

After hearing the testimony in the case this morning Judge Bright imposed a \$50 fine on the woman, who pleaded guilty.

And Private Baxter says: "Never again."

STREET CAR SERVICE RESUMED AT TOLEDO

TOLEDO, Ohio, April 7.—Street car service, suspended last Saturday when the council refused to ratify a fare-wage increase agreement, was resumed here today. Car riders, who prior to the strike of carmen paid six cents and two cents for a transfer, began today to pay seven cents in addition to the transfer tax.

How long the new rate will rule will be determined by the United States district court by whose order service was restored. The court order provides that the company pay the wage increase retroactive to April 1

and that the car riders contribute to the cost of meeting the advance. This was the point at which council balked and which resulted in the strike.

Dance to Music From the Air

The evening, numbering about 1000, were given the opportunity of being the first in the country to dance to music transmitted by wireless in public. But just as a wave of speculation and doubt preceded any advancement which has a tinge of the unusual, they were backward in swinging onto the floor to the hit of wireless music. The music was sent out from an acolian vocalian through a transmitter in the Radio club rooms in the Dartmouth building adjoining the Y.M.C.A. and thence in ether waves through the air

WALTER J. BUTTERWORTH Radio Director

and through the walls of the Associate building to an aerial stretched lengthwise in the hall inside. The aerial in the hall was connected with receiving apparatus and a very strong amplifier set up on the stage which increased the volume of sound waves and sent them out reproductive of the natural music or voice from the club. Two horns, constructed on the same vibrating principle as the telephone and erected on either side of the stage, flooded the hall with the reproduced sounds.

The receiving and intensifying set

on the stage was operated by Everett E. Taylor, president of the Radio club and the apparatus in the club rooms by Leo Jarrett and Arthur W. S. Davis. The demonstration of wireless telephone consisted of introductory remarks delivered by one of the operators at the transmitter at the club, followed by several musical selections, including dance numbers, which were all reproduced exactly as played and loud enough to be heard in the most remote corner of the hall. When the first dance number was wireless the dancers hung back, either unwilling to take the floor or unappreciative of the marvelous scientific demonstration being executed.

Two couples mustered up sufficient courage, however, and took the floor witnessed by hundreds and marked by the distinction of being the first, as said before, in the United States, possibly in the world, to dance in public to music transmitted by wireless. They were Donald Wirt and Anna McCoy, Almon Butwell and Madeline Warren.

At 11:30 o'clock the receiving operator turned the instruments and reproduced the call from the club rooms, "Hello, Associate hall, hello Associate hall." Mayor Thompson is ready to speak. At this announcement all gathered about the two horns and Mayor Thompson spoke in the Dartmouth building in part as follows: "This indeed is the most unique deed I have been called upon to perform in all my life. During my administration as mayor of the city I have been asked to do many peculiar things and tonight it gives me great pleasure in being afforded the opportunity of talking to you by means of what seems an almost impossible medium. As you all may know I have also been under water in a submarine, but this seems to be the crowning feature of my adventures—talking through a wireless telephone. Fifty years ago such an accomplishment was beyond the dreams of man; but tonight we all witness the first public demonstration of its practicability ever given. I offer my congratulations to the club for its success. Its use only gives more evidence of what a wonderful country this is. I thank you all for your attention."

None in the audience doubted that Mayor Thompson was speaking; by wireless telephone as they recognized his characteristic accents and manner of speech.

During the evening when the demonstrations were not being given dance music was provided by Miner Doyle's orchestra. The hall was profusely decorated.

The Lowell Radio club is an association of Lowell young men who are interested in the game of wireless, some of them having served during the war either as radio operators on the seas or abroad, and who are associated with the American Radio Relay League of America, the officers of which included such men as Hudson Maxim, the inventor of the Maxim silencer and other scientific developments.

The event was witnessed by prominent wireless men from Boston among whom were Morton Beane, radio inspector for New England, Mr. D. F. Pitts, president of the Eastern Radio Institute, Guy R. Entwistle of the Massachusetts Radio school and Mr. Cheatham of the Independent Radio

COULD NOT BEGIN TO TELL ALL

"I could not tell you all the benefits I had from the use of Foley's Honey and Tar," writes Miss Rosa Florio, 209 Hawkins Ave., N. Braddock, Pa. "I had a cold in my chest and fearing it would cause pneumonia I tried Foley's Honey and Tar and it was not long till I felt relieved. I hope others suffering from severe colds will try it." Many such letters have been written about this time-tried, reliable family medicine for coughs, colds, croup and whooping cough.

MUCH FIGHTING IN RUHR AREA

Indications of Red Terror in
Essen Under Direction of
Russian Officers

Communists Flee Across
Rhine Into British Zone—
2000 Interned

COBLENZ, April 7.—Two thousand communists have crossed the Rhine into the British zone of occupation and have been immediately interned. Twelve hundred more are expected to arrive today.

Flight of large numbers of the communists into occupied territory is considered an indication that the revolt in the Ruhr region is near an end. Bochum was still in control of communists late yesterday and they expected a big fight there. The situation in the Ruhr valley is bad, and living conditions are almost unbearable.

Much Fighting Reported
COBLENZ, April 6.—Gelsenkirchen, north of here, and Dortmund and Schwerte, to the east, were captured today at noon and occupied by advancing government troops. Much fighting is reported in the Ruhr area. There are indications of the red terror in Essen, it being under the direction of Russian officers, it is said.

The chief of staff of American forces here has repeated his declaration that he has no direct concern with any action outside of American occupied territory, except on specific instructions from Washington. American headquarters is keeping closely informed of the situation, but its sole duty at present is to control and protect interests in the American zone.

Elections June 8
COBLENZ, April 6.—Announcement that elections for the new German Reichstag will be held Sunday, June 6, has been made by the minister of the interior.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

interior, according to press dispatches from Berlin.

Reichswehr Forces Advance

BERLIN, April 7.—Advance troops of the Reichswehr and shock troops entered the suburbs of Essen Tuesday afternoon. Another detachment occupied the Essen town hall last evening. (An Associated Press dispatch from Essen by way of Paris, received Tuesday afternoon, announced the penetration of Essen by Reichswehr forces from two sides of the city.)

Long columns of the red army in motor lorries and on foot, passed through Elberfeld on Tuesday. Most of them surrendered their arms at Elberfeld. Others marched into the occupied territory, chief to Solingen, where they were disarmed by the British. Other insurgent bands, still armed, are wandering about the mountains.

Five hundred of the insurgents were transferred by the British to a camp near Cologne.

Railway traffic in the Essen region probably will be resumed today.

COMFORT STATION FOR SO. COMMON

Contractor Frederick F. Moley has been issued a permit by the buildings department to erect a comfort station on the South Common, as voted by the park commission some time ago. The foundation of the building will be of concrete and the structure itself of tile, stucco and wood. The estimated cost

is \$10,000. It will measure 35 feet, six inches by 33 feet, ten inches. No provision is made for heating.

Overcome by Smoke

Continued

was impossible for them to enter the place where the fire was. They succeeded in opening the windows and later two lines of chemical were laid. The motor of the elevator was blazing and the flames were communicating to the ceiling above, but the fire was finally placed under control and the only damage was to the motor and wood work overhead.

The building is owned by Hart & Craig of Lawrence and its four stories are used as a storehouse by the Thompson Hardware Co.

Pigs and Poultry Burned

A couple of pigs and several hens were burned to death in a fire which destroyed a barn owned by a Mr. Trojlan in Circuit avenue, South Lowell, late yesterday afternoon, while the building was burned to the ground. How the fire started is not known, but when the blaze was discovered an alarm was sent in from box 821 and pending the arrival of the firemen several futile attempts were made to save the pigs and hens. By the time the fire-fighters reached the premises the barn was a roaring furnace and shortly afterward it collapsed.

Two Small Fires

At 5.03 o'clock yesterday afternoon an alarm was sent in from box 13 for a slight blaze in the clubrooms of the Greek Community club in the rear of 3 Worthen street. No damage. At 11.55 o'clock last night a telephone alarm was sent in for an ash barrel fire in the rear of the Flynn property in Gorham street.

WEAVERS ARE DIVIDED

Former U. T. W. Members
Go Over to the Amalgamated Textile Workers

What is claimed to be a majority of the members of Local 1007, Woolen and Worsted Weavers union, held a meeting in Labor hall, Central street, last evening, and voted to retain their affiliations with the United Textile Workers of America, which means that the organization is now divided into two factions, one of which favors retaining their charter with the U.T.W., while the other has already applied for and received a charter from the Amalgamated Textile Workers of America. It was learned this morning that, as a result of last evening's vote in Labor hall, the seceding members of the union will be given a certain length of time to turn over to the international board of the United Textile Workers of America all monies and paraphernalia belonging to Local 1007, and unless they acquiesce to the demand, legal action will be taken.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone! Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia), 30c and 60c jars; hospital size \$2.50.

BRIEF BUT IMPORTANT

WIRE DESPATCHES

TRENTON, N. J., April 7.—The senate today issued a bill designed to legalize 12 round boxing bouts in New Jersey.

NEW YORK, April 7.—Two hundred shares of Stutz Motor stock, trading in which has been suspended by the New York stock exchange, brought \$701 a share at auction today. The purchase was made by a lawyer acting for a client.

WOONSOCKET, R. I., April 7.—At a big mass meeting of the strikers this noon, it was voted not to return to work until Monday when the 48 hour week becomes effective. The strike was called off last night.

NEW YORK, April 7.—The International Motor Truck Co. today declares a stock dividend of 100 per cent on its common stock, of which 70,777 shares are outstanding.

PITTSBURGH, Kas., April 7.—After a plea of guilty to the charge of contempt of court had been made for Alexander Howat and two other Kansans nine union officials when they appeared before District Judge Curran today their attorneys withdrew the plea. The officials will face trial Friday morn-

WASHINGTON, April 7.—George J. Summerlin, charge of the American embassy at Mexico City, has been summoned to Washington.

BERLIN, April 7.—A special session of the national assembly will be held Saturday.

WASHINGTON, April 7.—The four women arrested yesterday for picking out the British embassy entered pleas of "not guilty" today before United States Commissioner Richardson and were admitted to \$1000 bail each for appearance at preliminary hearing next Monday.

WASHINGTON, April 7.—All regular army officers having advanced rank by reason of war service are to be reduced to their normal grades by July 1. Chairman Wadsworth of the senate military committee today told the senate.

SYRACUSE, N. Y., April 7.—The \$10,000 libel suit brought by the Rev. D.

Leander Hunhall of Philadelphia
against Chancellor James B. Day.
Syracuse university was discontinued
federal court today.

CHICAGO, April 7.—Zeb Terry,
fielder of the Pittsburgh Nationals to-
day was purchased by the Chicago N
tionals.

TWO MEN INJURED IN RUNAWAY

Two men were injured and a buggy
was badly damaged in a runaway ac-
cident, which occurred in First street
late yesterday afternoon. The injur-
ed were Messrs. P. F. Crotty and H.
Larker, the former sustaining injury
to his head, hip and knee and the lat-
ter to his head, face and body.

The two men were riding in a buggy
owned by Mr. Crotty and when the
point was reached about half way
down the First street hill, the horse
became frightened at a passing elec-
tric car and sidestepping to the right
crashed the buggy against a tree.

Crotty was thrown about 20 feet

while Mr. Parker was thrown against the tree. The horse continued its race through First street and I Bridge street, being brought to a stop at a point near the bridge. The injured men were taken to their respective homes in an automobile.

RUHR TROUBLE PART OF PLOT

Said to Have Been Deliberately Planned to Break Off Negotiations for Agreement

Conditions Similar to Those in 1914 When Teutons Began the War

PARIS, April 6.—Entry of German government troops into the Ruhr district interrupted tentative negotiations for an economic understanding between France and Germany. In authoritative circles here there is a conviction that it was deliberately planned for that purpose.

It is declared that the situation in Paris has corresponded with that in Berlin, where the Prussian and military element dominates the government, according to reliable information.

German regular forces entered the Ruhr valley during the Easter holidays. It is pointed out, when Premier Lloyd George and Earl Curzon, British secretary of state for foreign affairs were away from London, and it was impossible for France to communicate with her allies regarding the situation. A similar state of affairs existed late in July, 1914, when President Poincaré and the French foreign minister were absent from France, and Germany and Austria began aggressions which started the world war.

DEATHS

RANDLETT—Mary J. Randlett, widow of M. B. Randlett, died last night at her home, 532 School st., aged 85 years, 2 mos. and 21 days. She leaves a son, Fred M. Randlett, four grandchildren, Harry M. and Jennie Randlett of Lowell; Benjamin M. Randlett of Philadelphia, Pa.; Mrs. Gertrude D. War of Dorchester; four great-grandchildren, Dorothy and Pauline Randlett of Lowell; Doris and Donald De-war of Dorchester; and one brother, E. M. Randlett of Lowell. Burial at 10 o'clock at St. Patrick's church, Lawrence.

GENDREAU—Raymond F. Gendreau, beloved child of Francis A. and Lillian M. (Ayotte) Gendreau, died this morning at the home of his parents, 73 Cabot street, aged 1 month, 13 days. The body was taken to the chapel of Undertakers James P. O'Donnell & Sons.

FUNERAL NOTICES

DORGAN—The funeral of Maurice Dorgan will take place Thursday morning from the home of his son, Dr. Dorgan, in Lawrence. There will be a funeral mass celebrated at 10 o'clock at St. Patrick's church, Lawrence.

BURKE—Died April 5, Mrs. Ada V. Burke. Funeral will take place Thursday morning at 9 o'clock from the home of her mother, Mrs. Mary Donohue, 68 Willow street. Solemn high funeral mass of requiem will be sung at the Immaculate Conception church at 10 o'clock. Burial will take place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge. Motor cortege.

CARMAN—Died April 6, at the Lowell General hospital, Francis Carman. Funeral services will be held at the home of James Bax, 6 Bradford place on Thursday afternoon at 2 o'clock. Friends are invited without further notice. The funeral arrangements are in charge of Undertaker William H. Saunders.

ZESKEWITZ—Died April 6, at her home, 108 Lincoln street, Mrs. Mary J. Zeskewitz. Funeral services will be held at the home in Lincoln street Thursday afternoon at 2 o'clock. Friends invited. Burial will be in the cemetery. Motor cortege. Higgins Bros. in charge.

RANDLETT—Died April 6, at her home, 532 School street, Mary J. Randlett. Funeral services will be held at the undertaking rooms of Hiram C. Brown, 11 Loring street, Saturday afternoon at 2 o'clock. Friends invited without further notice. Burial private.

CARD OF THANKS

We wish to express our sincere thanks to our many kind relatives, friends and neighbors for the kindness and sympathy shown to us in the sickness and death of our beloved husband and father. We hold all in loving remembrance.

MRS. H. SHAW and Son.

You Get All the Dirt When You Use a

ROYAL Electric Cleaner

No true housekeeper is satisfied with mere surface cleanliness.

The family's health and her own peace of mind demands the complete removal of hidden dirt with its lurking germs as well as that which can readily be seen on the surface.

Dirt cannot resist the powerful, purifying air stream of the ROYAL. It gets the dirt ON, IN and UNDERNEATH your floor coverings, raises the nap and leaves them looking like new.

LIBRARY YOUNG WOMEN WANT MORE PAY SAFETY FIRST CAMPAIGN BOOMING HERE

The young women employed as attendants and in other capacities in the local city library have petitioned the library trustees for an increase in wages to bring them more nearly to the scale of wages being paid clerks in city hall.

At the present time three of the young women employed as attendants are receiving only \$11.50 per week. It is true that these attendants have been employed but a short time, but they feel that they are entitled to more consideration at the present time in view of the scale being paid beginners in other clerical positions.

The catalogue, school librarian and registration clerk, all of whom are called upon to serve as desk attendants in addition to their other duties are now receiving \$17.25 per week. Another desk attendant is receiving \$14.50.

Mayor Perry D. Thompson, a member of the board of library trustees, said today that the requests of the library employees had been taken under consideration and definite action was to have been taken at a meeting of the trustees held yesterday. However, when the new scale of wages submitted by the young women reached his attention, he felt that some investigation should be made as to the average wage paid clerks in other municipal departments and also what library attendants were receiving in other cities. There the matter now stands.

FUNERALS

CLARK—The funeral services of Alphonse W. Clark were held this morning at 10 o'clock at the home of Undertaker W. Herbert Blake, yesterday afternoon, Rev. A. B. Riggs and Rev. John Gould of the Church of the Nazarene officiating. The body was sent last night to Hartland, N. B., for burial.

DINSMORE—The funeral services of Dorothy L. Dinsmore were held yesterday afternoon at the home of her mother, Mrs. M. B. Dinsmore, 121 Gurney street, Rev. Appleton Granis, pastor of St. Anne's Episcopal church, officiated. The funeral services were beautiful. Burial took place in the cemetery. The funeral arrangements were in charge of Undertaker William H. Saunders.

DUBOIS—The funeral of Gerard Dubois took place yesterday afternoon from the home of his parents, Mr. and Mrs. J. A. Dubois, 121 Gurney street. Burial was in St. Joseph's cemetery, under the direction of Undertakers A. Archambault and Sons.

JESSUP—The funeral of Mrs. Susan A. Jessup was held from her home, 825 West street, yesterday afternoon. The services were conducted by Rev. John L. Cairns, pastor of St. Paul's M. E. church. There were many beautiful floral offerings. Burial took place in the cemetery. The funeral arrangements were in charge of Undertakers J. A. Archambault and Sons.

CHAPPELLE—The funeral of Mrs. Winifred Chappelle took place this morning at 10 o'clock from her late home, 56 Charles street, and was largely attended by sorrowing relatives and friends. The funeral cortege proceeded to St. Peter's church where the funeral high mass was sung by Rev. Daniel J. Heffernan. The choir sang the Gregorian chant, the solos being sung by Miss Mary Ryan and James Donnelly. Miss Gertrude Quigley presided at the organ. There were many floral offerings. The bearers were: Messrs. Stephen C. Daniel, Corby, William Corby Jr., brothers of the deceased; James Sullivan, Joseph McDonald and John Molohan. Burial took place in the cemetery. The funeral arrangements were in charge of Undertakers M. H. McDonough Sons.

CARTLAND—The funeral of Mrs. Hattie Cartland took place this morning at 10 o'clock from her late home, 56 Charles street, and was largely attended by sorrowing relatives and friends. The funeral cortege proceeded to St. Peter's church where the funeral high mass was celebrated by Rev. Daniel J. Heffernan. The choir sang the Gregorian chant, the solos being sung by Miss Mary Ryan and James Donnelly. Miss Gertrude Quigley presided at the organ. There were many floral offerings. The bearers were: Messrs. LEATHER WORKING AND LEATHER CHEMISTRY WESTFORD STREET FIRE HOUSE PROBLEM

Two members of the municipal council have definitely expressed themselves in favor of the abandonment of the Westford street firehouse, two have not yet made any definite statement as to their stand on the matter and a fifth member is strongly opposed to such abandonment.

Mayor Perry D. Thompson and Commissioner John F. Salmon are the officials in favor of the abolition of the house. Commissioners Dennis A. Murphy and James M. Donnelly have not expressed themselves strongly on either side of the matter and Commissioner George E. Marchand is emphatic in his opposition to the abandonment.

However, Mr. Marchand qualifies his objection with the proviso that he would be willing to have the house abolished if a new house could be erected further out in the Highlands section. Until then he wants the Westford street house maintained.

Mayor Thompson bases his favorable attitude toward the proposed abandonment on the statements of Chief Edward F. Saunders relative to the poor equipment now at the Westford street house. The horses are half dead, he says, and one piece of apparatus is in such poor condition that undue pressure would result in an explosion. The mayor also thinks that the Branch street house and Westford street house are too near each other. With the addition of two motorized pieces of apparatus recently put in the Branch street house he believes that the men stationed there are capable of taking care of whatever alarms are rung in that section of the city.

"The whole question is one of economy," said the mayor today. "If we had plenty of money I'd say have all the houses we can. The more the better. But we can't afford any more now. The Westford street house has become a clubhouse for a lot of people and I think the Branch street house with its new apparatus can take care of whatever alarms the Westford street men now respond to."

"By the abolition of the house, I don't mean doing away with the men. We need all the man-power we can get. Transfer the men at the Westford street house to other sections of the city. Keep your apparatus up to date and later on if the city finds that it can afford more houses, build them. But with conditions as they are now, I am strongly in favor of the abandonment of the Westford street house purely on the grounds of economy."

Commissioner Marchand says that the Branch street apparatus is often held up at the Middlesex street grade crossing when responding to alarms that necessitate its crossing the tracks. The Westford street apparatus can reach such fires more quickly because it does not cross the tracks. Furthermore, he asserts that for the ordinary fire in the center of the Highlands the apparatus from Westford street can reach the scene much more quickly than that from Branch street.

Commissioner Salmon's attitude on the question has previously been made public. He favors the abandonment of the house and said so shortly after several disastrous fires in the Highlands. By equipping the Branch street house with modern apparatus he believes that the latter can well take care of the Highlands.

The question has arisen as to whether the abandonment of the house would be a matter for the municipal council as a whole to decide or would come clearly under the jurisdiction of the commissioner at the head of the department. Present opinion at city hall inclines toward the latter belief. However, other members of the council besides Commissioner Salmon have evidently wanted to make their stand on the project known.

It is reported the Canadian Pacific railway has asked for a charter to operate an aerial freight and passenger service.

Effective Thursday, April 8, the Schedule for Last Days Will Be as Follows:

| Week Days | Sundays |
|-----------------------|---------|
| Andover Street..... | 11:30 |
| Broadway..... | 11:30 |

Providence Coal Dealers Refuse Demands CITY BUILDS STADIUM FOR BALL CLUB

PROVIDENCE, R. I., April 7.—The local coal dealers today declared they have told the officials of the longshoremen's union that they could not "consider their demands for \$1 an hour and eight hour day until the claims of the hoisting engineers had been adjusted. The longshoremen union officials say they will call a meeting to consider the refusal of the dealers. The dealers say that to grant the demands would mean an increase of \$1 in the handling of a ton of coal.

City Builds Stadium for Ball Club

PEORIA, Ill., April 7.—The new home of the Peoria (Three I League) Baseball club will be a city-owned \$50,000 stadium. The city previously had donated a \$50,000 tract on which the stadium will be erected and a bond issue was voted for its construction.

Two Leaped to Death at Fire

SEATTLE, Wash., April 7.—Two persons were killed and five injured in a fire which early today destroyed the hotel Lincoln, a family hotel in the downtown district, with a property loss estimated at \$100,000. The dead were: Fred R. Hamilton, 50, and his daughter, Grace Hamilton, both of Berkeley, Cal., killed by jumping from the fifth floor.

Italian Mission Going to Russia

ATHENS, April 7.—It is announced here that an Italian commercial mission has arrived in Athens on the way to Russia to negotiate with the soviet government for the purchase of raw materials for manufactures. The mission, it is stated, is provided with several million rubles in cash.

Booze on Ship; Parrot Tips Off Capt.

SAN FRANCISCO, April 7.—Captain Fred Brooks of the steamer Curacao, here today from Southern Pacific ports, reported his pet parrot "Jimmie" repeated remarks attributed to a sailor on the ship and officers found 374 bottles of liquor intended to be smuggled into the United States. The liquor was found in the cages of several hundred parrots and monkeys, Captain Brooks said, and was thrown overboard before the vessel reached the three mile limit.

OBSERVE THEIR GOLDEN WEDDING

Mr. and Mrs. Frank B. Wright of 57 Willow street are today observing their golden wedding, the event being held at the home of a daughter of the couple, Mrs. Louis Alexander, 261 Gibson street. Dinner was served to the immediate relatives and this evening open house will be held for the many friends of the couple, who wish to extend them their felicitations and best wishes. Mr. and Mrs. Wright were both born in this city in 1845 and on April 7, 1870, they were married at the parsonage of the High Street Congregational church by the late Rev. Owen Street, and since that time they have made their home in the Belvidere section. Mr. Wright has been employed at the Massachusetts mills for the past 30 years and for a number of years he has held the position of storekeeper at the mill. He is well known fraternally, being an officer in Wamsit lodge, K. of P., and a prominent member of Centralville lodge, I. O. O. F., and Wamsit York lodge of Masons. The couple are attendants of the Eliot Union Congregational church. Mrs. Wright was formerly Miss Ada Thompson.

PHYSICAL EDUCATION CAMPAIGN HERE

A campaign of physical education for the young people of Lowell, especially young men between the ages of 14 and 25, has been instituted by the state department of health through the agency of Dr. Charles E. Simpson, district health officer for this section, and is already meeting with favorable response from various organizations, schools, societies, etc.

The campaign "material" consists chiefly of a set of pictures, numbering some 50 or more, under which are printed paragraphs of physical culture advice. The subjects embraced in the exhibit include athletic exercises, deep breathing, personal hygiene, cleanliness, etc.

Headmaster Henry H. Harris of the high school has already agreed to show some of the pictures in that school and Rev. Lawrence P. Tigue, O.M.E., pastor of the Immaculate Conception church, has made arrangements with Dr. Simpson and Mayor Thompson, the latter the head of the local health department, whereby the pictures will be shown before the O. M. E. Cadets, the Y.M.C.A. and the Immaculate Conception school children.

Any organization desirous of having the pictures exhibited may do so by getting in touch with Mayor Thompson or Dr. Simpson. The organization has the right to choose whatever pictures it wishes to show and is not compelled to exhibit the entire set.

A committee on hygiene which Mayor Thompson organized during the war and which is still in existence has passed on the pictures and given them its approval.

"It is claimed that the term 'hyphenated Americans' dates prior to the year 1875, when John Boyle O'Reilly applied it to a remnant of the old-time Toryism which objected to the nation-wide celebration which took place that year.

LEGAL NOTICES

Commonwealth of Massachusetts.
Middlesex, ss. Probate Court.
To the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of Clara A. Bachelder, late of Lowell, in said County, deceased, Intestate.

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Julia M. Bachelder, of Lowell, in the County of Middlesex, without giving a surety on her bond.

You are hereby called to appear at a Probate Court to be held at Lowell, in said County of Middlesex, on the twelfth day of April, A.D. 1920, at nine o'clock in the forenoon, to show cause if any you have, why the same should not be granted.

And the petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court.

Witness, George E. Lawton, Esquire, First Judge of said Court, this fifth day of April, in the year one thousand nine hundred and twenty.

at 12-12 P. M. ESTY, Register.

Freckled Girls

Try This to Make Freckles Fade Away

Just apply a little Kintho Beauty Cream every night and morning with the finger tips. After a few regular applications with this fragrant beauty cream—watch the freckles gradually fade away.

Girls who believed their freckles would never go away have been wonderfully amazed after using Kintho Beauty Cream to see the remarkable difference it made.

This is YOUR chance to get rid of those disfiguring freckles. When your friends ask you what made your complexion so clear—tell them Kintho Beauty Cream did it.

Kintho has been used for 15 years to remove stubborn, blotchy freckles. Any well-stocked drug or department store can supply you.—Adv.
